AT the Court at *Buckingham-Palace*, the
21st day of *October* 1841,

PRESENT.

The QUEEN's Most Excellent Majesty in Council.

IT is this day ordered by Her Majesty in Council,
that the Parliament be prorogued from Thursday
the eleventh day of November next, to Tuesday
the twenty-first day of December next.

AT the Court at *Windsor*, the 14th day
of *September* 1841,

PRESENT.

The QUEEN's Most Excellent Majesty in Council.

WHEREAS by an Act, passed in the fourth
year of His late Majesty King George the
Fourth, c. 77, intituled "An Act to authorize His
Majesty, under certain circumstances, to regulate
the duties and drawbacks on goods imported
or exported in foreign vessels, and to exempt
certain foreign vessels from pilotage," His Ma-
jesty is authorized, by and with the advice of His
Privy Council, of by His Majesty's Order or Orders.

in Council to be published, from time to time, in
the London Gazette, to authorize the importation
into, or exportation from, the United Kingdom, or
from any other of His Majesty's dominions, of any
goods, wares, and merchandize which may be legally
imported or exported in foreign vessels, upon pay-
ment of such and the like duties only, and with the
like drawbacks, bounties, and allowances as are
charged or granted upon similar goods, wares, or
merchandize when imported or exported in British
vessels; provided always, that before any such Order
or Orders shall be issued, satisfactory proof shall
have been laid before His Majesty and His Privy
Council, that goods, wares, and merchandize im-
ported into, or exported from, the foreign country
in whose favour such remission of duties, or such
drawbacks, bounties, or allowances shall be granted,
are charged with the same duties, and are allowed
the same drawbacks, bounties, or allowances when
imported into, or exported from, such foreign country
in British vessels; as are levied or allowed on similar
goods, wares, and merchandize when imported or
exported in vessels of such country;

And whereas by an Act, made in the session
of Parliament holden in the third and fourth
years of Her present Majesty's reign, intituled
"An Act to enable Her Majesty to carry into effect
certain stipulations contained in a Treaty of
Commerce and Navigation between Her Majesty
and the Emperor of Austria, and to enable
Her Majesty to declare, by Order in Council, that
ports, that are the most natural and convenient
shipping ports of states within whose dominions
they are situated, may, in certain cases, be

“ considered, for all purposes of trade with Her Majesty’s dominions, as the national ports of such states,” it was, amongst other things, enacted, that, from and after the passing of the said Act, notwithstanding any thing contained in an Act, passed in the session of Parliament of the third and fourth years of His late Majesty King William the Fourth, intituled “ An Act for the encouragement of British shipping and navigation,” it should be lawful for Her Majesty, from time to time, to declare by Her Order in Council, to be published in the London Gazette, “ that any port or ports to be named in such Order, being the most convenient port or ports for shipping the produce of any state to be also named in such Order, shall, although not situated within the dominions of such state, be port or ports for the use of the ships of such state in the trade of such ships with all parts of the British dominions, or with any part or parts of the same named and limited in such Order, in as full and ample a manner as if such port or ports were within the dominion of such state; and thereupon, and for so long a time as such Order shall be declared to be in force, or shall remain unrevoked, it shall be lawful to import into the British dominions, or into such parts of the same as shall be named and limited in such Order, from such port or ports, in the ships of such state, any goods which, by the laws in force at the time of such importation, might then be imported in such ships from a port of the country to which they belonged, and so to import such goods upon the like terms as the same could there be imported from the national ports of such ships:”

And whereas a Convention of Commerce and Navigation was entered into between Her Majesty and the Senates of the Free Hanseatic Cities of Lubeck, Bremen, and Hamburgh, on the third of August last, whereby British vessels, coming from countries not being part of the dominions of Her Britannic Majesty, shall henceforward, together with their cargoes, be admitted into the ports of Lubeck, Bremen, and Hamburgh; and such vessels shall, on their admission, pay dues not higher nor other than those which shall be paid in similar circumstances by vessels belonging to Lubeck, Bremen, or Hamburgh; and the duties to be paid upon the cargoes of such British vessels shall not be higher, nor other than if such cargoes had been imported in vessels belonging to Lubeck, Bremen, or Hamburgh:

Now, therefore, Her Majesty, by and with the advice of Her Privy Council, is pleased, in pursuance of the power and authority in Her vested by the said Statutes, to order and declare, and doth hereby order and declare, that all goods, wares, and merchandize, being the produce of the States of the Free Hanseatic Cities of Lubeck, Bremen, and Hamburgh, or of the other States of the Germanic Confederation, or of the States comprised in the Germanic Union of Customs, and which may be imported in any foreign vessels from the ports of Lubeck, Bremen, and Hamburgh, or from any port situated on the Elbe or Weser, into the ports of the British possessions abroad, including Gibraltar and Malta,

shall also be permitted to be imported from the said ports of the Free Cities of Lubeck, Bremen, and Hamburgh, into the ports of the said British possessions abroad (including Gibraltar and Malta), in vessels belonging to Lubeck, Bremen, and Hamburgh, built, owned, and navigated as stipulated in the fifth article of the Convention of Commerce and Navigation, concluded on the twenty-ninth of September one thousand eight hundred and twenty-five, between Great Britain, on the one part, and the Free Hanseatic Cities of Lubeck, Bremen, and Hamburgh, on the other part; and such goods, wares, and merchandize, being the produce of the Free Hanseatic Republics, or of the other States of the Germanic Confederation, or of the States of the Germanic Union of Customs, and so imported in Hanseatic vessels into the ports of the said British possessions abroad (including Gibraltar and Malta), and all goods, wares, and merchandize exported in Hanseatic vessels, built, owned, and navigated as aforesaid, from the ports of the British possessions abroad (including Gibraltar and Malta), to any foreign country whatever, shall pay no other or higher duties than if the same were imported or exported in British vessels:

And the Right Honourable the Lords Commissioners of Her Majesty’s Treasury are to give the necessary directions herein accordingly.

C. C. Greville.

AT the Court at Windsor, the 6th day of October 1841.

PRESENT,

The QUEEN’S Most Excellent Majesty in Council.

WHEREAS the Ecclesiastical Commissioners for England have, in pursuance of an Act, passed in the session of Parliament holden in the third and fourth years of Her Majesty’s reign, intituled “ An Act to carry into effect, with certain modifications, the fourth report of the Commissioners of Ecclesiastical Duties and Revenues,” duly prepared and laid before Her Majesty in Council a scheme, bearing date the fifth day of October one thousand eight hundred and forty-one, in the words and figures following, that is to say:

“ We, the Ecclesiastical Commissioners for England, in pursuance of an Act, passed in the session of Parliament held in the third and fourth years of your Majesty’s reign, intituled “ An Act to carry into effect, with certain modifications, the fourth report of the Commissioners of Ecclesiastical Duties and Revenues,” have prepared,

and now humbly lay before your Majesty in Council, the following scheme, for making additional provision for the cure of souls in certain parishes, where such assistance is most required :

“ Whereas by reason of the suspension of certain canonries and prebends in several cathedral and collegiate churches, under the operation of the said Act, divers sums of money have already been paid to us, and have been by us carried over to a common fund, as by the same Act is directed ; and divers other monies will be yearly and every year, in like manner, payable to us, and will by us be carried over to the same fund :

“ And whereas it appears to us, after having carefully considered how the limited amount of monies, which are now in course of annually accruing to the said common fund, may be most usefully distributed according to the provisions of the said Act, that it will be most conducive to the efficiency of the Established Church, to grant out of the said fund (in the first instance) such augmentations only as may be requisite to secure, as nearly as may be, an average annual net income of one hundred and fifty pounds, to the incumbent of every benefice or church with cure of souls ; being either a parish church, or a church or chapel with a district legally assigned thereto ; and having a population amounting to two thousand ; and being in the patronage either of your Majesty, or of some archbishop or bishop, dean and chapter, dean, archdeacon, prebendary or other dignitary or officer in some cathedral or collegiate church, or of some rector or vicar ; reserving to ourselves, nevertheless, the right of abstaining from recommending such augmentation in any case in which, from special circumstances, we shall be of opinion that it is not at present expedient :

“ And whereas we have satisfied ourselves, after due enquiry, that the benefices and churches described in the schedule hereunto annexed, fall within the class above defined, and are fit and proper to be forthwith augmented .

“ We, therefore, humbly recommend and propose, that, in order to raise to the sum of one hundred and fifty pounds (as nearly as may be) the average annual net income of the several benefices and churches enumerated and described in the said schedule, there shall be paid by us, in each and every year, out of the common fund aforesaid, to the

incumbent, for the time being, of each of such benefices and churches, the fixed annual sum which we have set opposite to the name thereof in the last column of the said schedule, by equal half yearly payments on the first day of May and the first day of November in each year, and that the first of such payments shall be made on the first day of November next ; and that whenever a vacancy in any of the said benefices or churches shall happen on any other day than the first day of May or the first day of November, the next half yearly payment shall, in every such case, be apportioned between the incumbent making the vacancy, or his representatives, and the incumbent succeeding to the benefice or church so becoming vacant, according to the time which shall have elapsed from the last day of payment to the day of the vacancy inclusive ; and such proportions shall be paid to the respective parties accordingly :

“ And we further recommend and propose, that nothing herein contained shall prevent the further augmentation of any of such benefices or churches, if it shall be deemed fit, when there shall be sufficient means for that purpose ; and that if it shall appear to us to be expedient, at any future time, that instead of the annual sum then in course of payment by us to any benefice, or of any part of such sum, a sum of stock in the Three Pounds per Centum Reduced or Consolidated Bank Annuities should be appropriated thereto, or any land, tithe or other hereditament should be conveyed thereto in fee, nothing herein contained shall prevent us from recommending and proposing such a substitution, provided that such stock, or such land, tithe or other hereditament, as the case may be, shall produce an annual sum not less than the annual sum for which the same shall be substituted ; and provided also that no such change shall take effect, except by the appropriation of stock as aforesaid, until the then next vacancy of the benefice affected thereby, without the written consent of the then existing incumbent thereof :

“ And we further recommend and propose, that nothing herein contained shall prevent us from recommending and proposing the augmentation of any other benefice which, upon further enquiry, shall appear to us to come within the said class, and to be fit for augmentation ; nor from extending augmentations to other classes, when the fund applicable thereto shall have sufficiently increased .”

Wm. L. Bathurst.

Admiralty, November 1, 1841.

A DISPATCH was this day received from Captain William Tucker, the Senior Officer of Her Majesty's ships and vessels on the western coast of Africa, of which the following is a copy:

*Her Majesty's Ship Iris, at Sea, Lat. 5° 28' N.
SIR, Lat. 0° 45' E. August 5, 1841.*

I BEG to transmit, for the information of the Lords Commissioners of the Admiralty, the accompanying duplicate letter from Lieutenant Littlehales, commanding Her Majesty's brigantine Dolphin, addressed to Captain Nurse, the original of which was forwarded by the Forester, but did not reach either Captain Nurse, or myself, reporting a most successful and gallant attack and capture made by the boats of the Dolphin, under the immediate command of Mr. A. C. Murray (a Mate of six years standing) and Mr. John F. Rees, Second Master.

I have great pleasure in requesting their Lordships attention to the fifth and sixth paragraphs, which report most strongly the conduct of Messrs. A. C. Murray and J. F. Rees, and of John Smith (A. B.), who has this day been invalided from the effects of the wound.

At the same time, I beg to add my approbation and admiration of the conduct of those concerned, and of Mr. Rees to state, that, since his arrival on this station, he has twice taken a passage in the vessel I have commanded, and proved himself a most zealous and gallant officer, particularly in the destruction of the slave factories at Corisco, by the boats of the Wolverine.

I have, &c.

(Signed) WILLIAM TUCKER, Captain and Senior Officer in Command.

To R. More O'Ferrall, Esq.
&c. &c. Admiralty.

*Her Majesty's Brigantine Dolphin, off Elmina
SIR, Quitta, at Sea, June 8, 1841.*

IN having the honour to make a special report of the detention of the Brazilian Brigantine Firme, fully equipped for the slave trade, I trust you will excuse the rather lengthened detail of the circumstances connected with her capture, as I have every reason to hope it would induce you to make the strongest possible report to the Lords Commissioners of the Admiralty in favour of the two Officers in charge of the boats.

At daylight on the morning of Sunday the 30th day of May, being under easy sail off Whydah, with the wind off the land, our head being to the westward, a brigantine was observed on the lee bow, all sail was immediately made in chase, the stranger soon after doing the same, steering to the south west. We at first (probably in consequence of being in shadow and having the land wind stronger) closed her so much as to rise the top of her hull, but the wind getting light as we drew off, and the stranger increasing her distance, I was induced, at half past six, to compare the cutter and gig armed, with Mr. Murray (Mate) and Mr. Rees (Second

Master), under the orders of the former Officer, to endeavour to come up with and detain the chase (evidently a slaver), before the setting in of the sea breeze.

At nine we observed, from aloft, the boats apparently pull alongside stranger, her head being then in shore; not long after, I had the satisfaction to see her bear up for the Dolphin, which had then made all sail to the light sea breeze, just setting in. Shortly after noon the Brigantine passed under our lee, hailing, to say they had captured her, after a resistance of twenty minutes, with, I regret to say, the loss of two seamen killed, Mr. Murray and one seaman severely, and two others slightly, wounded.

On Mr. Murray's appearance on board, I found that, after about two hours and a half pull they had come up with the chase, the gig being rather a-head; for which the vessel (having no colours flying), as well as the lightness of the wind would permit, bore down, opening a sharp and continued fire of musquetry, which was returned; when both boats, after steadily re-loading under their fire, cheered and boarded on each quarter. Great resistance was met with in the act of boarding, but little after Messrs. Murray and Rees, with four or five men, had once got fairly on her deck, most of the crew running below, firing their musquets as they retreated. The bowman of the gig, William Allen, A. B. was shot through the heart in the act of laying his oar in, and the bowman of the cutter, William Jacobs, A. B. when getting up the side.

I have great pleasure in calling your attention to the conduct of Mr. Murray (Mate of six years standing), who was the first to board, though he was knocked back into the boat with the butt end of a musquet (which broke his collar bone), but immediately clambered up the side again, in the act of which his left hand was nearly severed at the wrist with the blow of a cutlass; another cut was made at his head, which he fortunately parried, cutting the man down; this circumstance, together with Mr. Rees crossing over at the same moment and cutting down another of the party opposing the boarders on that side, was the occasion of her quick capture. I beg to observe, that this is the second affair of this description in which Mr. Rees, a most active and zealous officer, and who has been constantly away in the Dolphin's boats, has been engaged during his service on the coast; he having been one of the Officers who landed at Corisco, when that place was destroyed by Captain Tucker, the senior Officer.

I beg also particularly to mention the conduct of John Smith, A. B. an old and first rate seaman, who has served on the coast in Her Majesty's ships Ariadne, Brisk, and Athol, five years and a half; he was the first man to board, with his officer, and was engaged with three of the crew at once; his right arm being disabled by the blow of a cutlass, and badly fractured, he continued fighting with his left; his life was saved through Mr. Rees cutting down one of the three on him. Of the two seamen who were killed, William Allen and William Jacobs (A. B.) the first was a very steady well behaved man, and supported his aged parents, who depended solely on him, giving all his advance, and allotting half of his pay to them previous to leaving England;

the other was the smartest seaman in the vessel, and a very well behaved man; he has left a wife, to whom he also allotted half of his pay.

I trust you will excuse my bringing to your notice the circumstance that the cutter of the *Dolphin* is but a twenty foot boat, having, at the time, only nine persons, including the officer, in her, the gig only six; both boats were soddened from constant blockading, and pulled very heavy, and that the crews had had a long harrassing pull of two hours and a half, under a hot sun, without their breakfasts, after a squally rainy morning, during which they were constantly employed trimming and making sail. The sweeps of the brigantine were rigged out, which prevented the party boarding by the chains, thereby rendering it much more difficult to get on board, or for more than one or two to get up her side at a time, she being as high out of the water as the *Dolphin*, her crew fired well, the shot falling in every direction round and through the boats and amongst the people, they themselves never showing above the gunwale of the brigantine.

The *Firme*, a beautiful vessel (179 tons), lately built at Baltimore, was direct from Bahia, and had only just made the land, not having had communication. The regular official papers, with the Brazilian flag, were found on board, proving her to be Brazilian property, there were ten passengers not down in the official list, two or three of which were to remain at Whydah, and other places, as slave agents, they were all I fancy using muskets, at all events they were handing powder up from the cabin, and to persons firing from the stern scuttles in the cabin. I secured them, with the crew, hand and foot, and kept them on bread and water for eight days, landing all at Accra (except those necessary for condemnation), not being able, through the heaviness of the surf, to land them to the eastward.

In consequence of the crew of the *Prize* keeping always beneath the Gunwale, and running below after our people got on board, only two were killed; one severely, and six slightly, wounded.

From the passengers we understood, that the Captain and crew were determined not to be taken by Englishmen-of-war's boats, and had paid the greatest attention to their arms, &c. during the passage.

I have, &c.
