

EMSLIE'S LETTERS PATENT.

NOTICE is hereby given, that application is intended to be made to Parliament in the next ensuing session, for leave to bring in a Bill to authorize the assignment to, and purchase by, a company of certain Letters Patent, granted to James Anthony Emslie, of No. 21, Leazes-terrace, in the town and county of Newcastle-on-Tyne, civil engineer, for "certain improvements in the construction and working of railways, and in the application of steam to locomotive purposes;" and of any other Letters Patent which may be granted for such improvements, so far as the same are applicable for "the construction and working of railways, and in the application of steam to locomotive purposes;" and to enable such company to make use, exercise, and vend the said Letters Patent, and to grant licences for making, using, exercising, and vending the same, and to incorporate the said company, or to give them power to sue and be sued in the names of one or more of their directors or officers, and to grant other powers for the general regulations of the said company.—Dated this 10th day of November 1842.

HENSON'S LETTERS PATENT.

NOTICE is hereby given, that application is intended to be made to Parliament in the next session, for leave to bring in a Bill to authorize the assignment to, and purchase by, a company of certain Letters Patent, granted to William Samuel Henson, of New City Chambers, in the city of London, engineer, for "certain improvements in locomotive apparatus, and machinery in conveying letters, goods, and passengers from place to place through the air, part of which improvements are applicable to locomotive and other machinery to be used on water or on land;" and of any other Letters Patent which may be granted for such improvements, so far as the same are applicable for the purposes aforesaid, and to enable such company to make, use, exercise, and vend the said Letters Patent, and to grant licences for making, using, exercising, and vending the same; and to incorporate the said company, or to give them power to sue and be sued in the name of one or more of their directors or officers, and to grant other powers for the general regulations of the said company.—Dated the 10th day of November 1842.

D. E. Columbine, Carlton-chambers, 8, Regent-street.

STUCKEY'S PATENT FOR A PNEUMATIC ENGINE FOR PRODUCING MOTIVE POWER.

NOTICE is hereby given, that application will be made in the ensuing session of Parliament, for leave to bring in a Bill to authorize the assignment to, and purchase by, a company of more than twelve persons, of certain Letters Patent, granted to William Henry Stuckey for the term of fourteen years, from the 12th day of July 1842, for certain inventions in the manufacturing

of pneumatic engines for producing motive power, and to enable such company to make use, exercise, and vend the said inventions and engines, and to grant licences for making, using, exercising, and vending the same; and to give the said company power to sue and be sued in the name of one or more of their directors or officers, and to grant other powers and privileges to the said company. And provision is intended to be made in the said Bill to enable the said William Henry Stuckey to assign over to the said company any other patent or patents, with reference to the said inventions and engines.—Dated this 14th day of November 1842.

STUCKEY'S PATENT FOR FILTRATION.

NOTICE is hereby given, that application will be made in the ensuing session of Parliament, for leave to bring in a Bill to authorize the assignment to, and purchase by, a company of more than twelve persons, of certain Letters Patent, granted to William Henry Stuckey, for the term of fourteen years, for certain inventions and improvements in the filtration of water and other fluids, and to enable such company to make, use, exercise, and vend the said inventions and improvements, and to grant licences for making, using, exercising, and vending the same; and to give the said company power to sue and be sued in the name of one or more of their directors or officers, and to grant other powers and privileges to the said company. And provision is intended to be made in the said Bill to enable the said William Henry Stuckey to assign over to the said company any other patent or patents with reference to the said inventions and improvements.—Dated this 14th day of November 1842.

INGOLD'S PATENT FOR MANUFACTURING WATCHES, CLOCKS, CHRONOMETERS, AND TIME-PIECES BY MACHINERY.

NOTICE is hereby given, that application will be made in the ensuing session of Parliament, for leave to bring in a Bill to authorize the assignment to, and purchase by, a company of more than twelve persons, of certain Letters Patent granted to Pierre Frederick Ingold, for the term of fourteen years, from the eighth day of November one thousand eight hundred and forty-two, for improvements in machinery for making parts of watches and other time-keepers, and to enable such company to make, use, exercise, and vend the said inventions and improvements, and to grant licences for making, using, exercising, and vending the same; and to give the said company power to sue and be sued in the name of one or more of their directors or officers, and to grant other powers and privileges to the said company. And provision is intended to be made in the said Bill to enable the said Pierre Frederick Ingold to assign over to the said company any other patent or patents with reference to the said methods, inventions, and improvements.—Dated this fourteenth day of November 1842.
