NOTICE—MONEY WEIGHTS.

WHEREAS by a Proclamation of His late Majesty George the Fourth, bearing date the

sixth February one thousand eight hundred and twenty-one, it was ordained that every gold sovereign not weighing less than 5dwts. 2½grs. and every gold half sovereign not weighing less than 2dwts. 13½grs. should pass and be received as current and lawful money of the United Kingdom; and it being provided by the Act 14th Geo. III. cap. 92, that the weights to be made use of in weighing the said gold moneys shall be tried and compared at the Mint, with certain standard duplicate weights computed and derived from the troy pound; and whereas there has been found to exist some slight irregularity in the weights now in use which have, at different periods, been issued from the Mint, and it is desirable, for preserving the gold coin in its full current value, and for a right understanding of Her Majesty's subjects in their dealings, that this irregularity should be effectually corrected :

Notice is hereby given, that the Master of the Mint has been authorized to cause new weights to be prepared, having a new impression or stamp as described below, and that it is intended that such new weights shall be exchanged at the Mint, after the twenty-ninth day of May one thousand eight hundred and forty-three, for the old weights, free of any charge to the parties, provided the weights brought to the Mint for exchange are identified by the stamp, and are not reduced by wear below the weight at which they were originally issued.

Description of the New Weights.

The sovereign weight bears on the obverse the portrait of Her Majesty, with the words "Royal Mint," and the date of the year, in indented letters, upon a raised border. On the reverse are stamped the figures, 5dwts. 2½grs. surrounded by the words "Curt. Weight Sovereign," in indented letters.

The half sovereign weight bears the same

impression on the obverse as the sovereign weight, and has on the reverse the figures 2dwts. 13 $\frac{1}{2}$ grs. with the words "Curt. Weight Half Sovereign," in indented letters.

Contract for Walnut Tree Timber, the Growth of the United Kingdom, for Gun and Pistol Stocks.

Office of Ordnance, April 29, 1843.

NOTICE is hereby given to all persons desirous of supplying

Walnut Tree Timber, the growth of the United Kingdom, for Gun and Pistol Stocks for the Ordnance Service.

That proposals, in writing, addressed to the Secretary to the Board of Ordnance, sealed up, and marked on the outside, "Tender for Walnut

Tree Timber," will be received at the Ordnance Office, Pall-mall, on or before Tuesday the 30th day of May next.

The form of tender and specifications of the contract may be obtained, upon application (by letter or personally) to the Secretary to the Board of Ordnance, Pall-mall, London.

Persons who make the tenders are desired not to use any form but that which is issued by the Board of Ordnance.

By order of the Board,
R. Byham, Secretary.

Contract for three Years, for the Removal of Chips, Shavings, Turners' Chips, and Saw Dust, from the Workshops in the Royal Arsenal, Woolwich.

Office of Ordnance, 83, Pall-Mall,
April 10, 1843.

THE Principal Officers of Her Majesty's Ordnance hereby give notice, that they will be ready to receive tenders from persons willing to contract for the purchase of the above-mentioned articles, on the following conditions, viz.

Chips,	at	per cart load.
Shavings,	at	per cart load.
Turners' Chips,	at	per cart load.
Saw Dust,	at	per cart load.

The contractor whose tender may be accepted will be required to bind himself to remove the above articles as soon as they are ready, and to pay for the same, at the rate agreed upon, before he takes them away, into the hands of the Ordnance Storekeeper, upon the pass to be given by either of the Deputy Storekeepers of the Royal Carriage Department or Royal Laboratory.

The chips, &c. are to be loaded by the labourers of the Royal Carriage Department and Royal Laboratory into carts belonging to the Ordnance, and which the contractor will draw away with his own horses daily. The cart will not be allowed to go beyond the limits of the town of Woolwich, and he is always to return the empty carts immediately to the place they are taken from on the same day, and within the working hours of the Arsenal.

Each cart will be filled flush and level with the top and trodden down, but not piled up, as it would only be spilt on the road and become a nuisance to the public, without any advantage to the contractor.

The contractor will be bound to remove the whole of the above articles from the saw mill, the steam engine, and the workshops in the Royal Carriage Department, and the turners' shops in the Royal Laboratory. The average of saw dust made is about three loads per week at the saw mill, and of turners' chips about two loads in the Royal Laboratory. Of the chips and shavings the accumulation is uncertain.

Samples of the articles to be removed under this contract are to be seen, as well as the carts in which the articles are to be loaded, on application to the Inspector of the Royal Carriage Department, for the contractor's guidance in offering the prices.

This contract to be terminable on three months' notice being given by the Board or by the contractor.

Sealed tenders are to be sent to this Office, on or before Wednesday the 3d day of May next, addressed to "The Secretary to the Board of Ordnance, London," after which day no proposal will be noticed.

Persons desirous of tendering are cautioned to make themselves fully acquainted with the several conditions of contract, it being the Board's determination strictly to enforce the said conditions.

By order of the Board of Ordnance,
R. Byham, Secretary.
