November 21, 1843.*

THE following is a copy of an Order of Her Majesty in Council, assigning a chapelry district to Saint Mary's Church, in the parish of St. George the Martyr, Southwark, in the county of Surrey, under the 16th section of the 59th Geo. 3, cap. 134 :

At the Court at Windsor, the 2d of October 1843, present, the Queen's Most Excellent Majesty in Council.

WHEREAS by an Act, passed in the fifty-eighth year of the reign of His late Majesty King George the Third, intituled "An Act for building, and promoting the building, of additional churches in populous parishes," it is, amongst other things, enacted "that in every case in which the Commissioners appointed for carrying into execution the purposes of the said Act shall be of opinion that it will be expedient to divide any parish into two or more distinct and separate parishes, for all ecclesiastical purposes whatever, it shall be lawful for the said Commissioners, with the consent of the bishop of the diocese in which such parish is locally situated, signified under his hand and seal, to apply to the patron or patrons of the church of such parish for his consent to make such division, and for such patron or patrons to signify his or their consent thereto under his hand and seal; and the said Commissioners shall, upon the consent of the said patron or patrons so signified, represent the whole matter to His Majesty in Council, and shall state in such representation the bounds by which it is proposed, with such consent as aforesaid, to divide such parish, together with the relative and respective proportions of glebe land, tithes: mo-

duses, or other endowments which will by such division arise and accrue, and remain and be, within each of such respective divisions, and also the relative proportions of the estimated amount of the value or produce of fees, oblations, offerings, or other ecclesiastical dues or profits which may arise and accrue within each of such respective divisions; and if, thereupon, His Majesty in Council shall think fit to direct such division to be made, such Order of His Majesty in Council shall be valid and good in law for the purpose of effecting such division; provided always, that no such division of any parish into distinct parishes shall completely take effect until after the death, resignation, or other avoidance of the existing incumbent of the parish to be divided;" and it is by the 21st section of the said Act further enacted, "that in any case in which the said Commissioners shall be of opinion that it is not expedient to divide any populous parish, or extra parochial place, into such complete, separate, and distinct parishes as aforesaid, but that it is expedient to divide the same into such ecclesiastical districts as they, with the consent of the bishop, signified under his hand and seal, may deem necessary for the purpose of affording accommodation for the attending divine service, according to the rites of the United Church of England and Ireland, to persons residing therein, in the churches and parochial chapels already built, or in additional churches or chapels to be built therein, and as may appear to such Commissioners to be convenient for the enabling the spiritual person or persons who may serve such churches or chapels to perform all ecclesiastical duties within the districts attached to such respective churches and chapels, and for the due ecclesiastical superintendence of such district, and the preservation and improvement of the religious and moral habits of the persons residing therein, the said Commissioners shall represent such opinion to His

Majesty in Council, and shall state in such representation the bounds by which such districts are proposed to be described; and if, thereupon, His Majesty in Council shall think fit to direct such division to be made, such Order of His Majesty in Council shall be valid and good in law for the purpose of effecting such division:

And whereas by an Act, passed in the fifty-ninth year of His late Majesty King George the Third, intituled "An Act to amend and render more effectual an Act, passed in the last session of Parliament, for building, and promoting the building, of additional churches in populous parishes," it is, amongst other things, enacted, that it shall be lawful for the Commissioners, in the same manner and with the like consents as are required in case of division into ecclesiastical districts under the said recited Act, or this Act, to assign a particular district to any chapel of ease or parochial chapel already existing, or to any chapel built, or which may hereafter be built or acquired under the powers of the said Act, or this Act; and such district shall be under the immediate care of the curate appointed to serve such chapel, but subject, nevertheless, to the superintendence and controul of the incumbent of the parish church; and all such curates shall be nominated by the incumbent of the parish to the bishop for his licence, except where the right of nomination shall already be legally vested in any other person or persons, and in every such case by the person or persons possessing such right of nomination, subject to all the laws in force relating to stipendiary curates, except as to the assigning of salaries to such curates; provided always, that it shall be lawful for the Commissioners, with the consent of the bishop of the diocese, to determine whether any and what part or proportion of the fees or dues for marriages, baptisms, churchings, and burials shall be assigned to any such curate; and whether banns of marriage shall be published, and marriages or baptisms, churchings or burials, shall be solemnized or performed in any such chapel or not; and in any case in which marriages shall be allowed in any such chapel, the Commissioners shall cause the boundaries of the district assigned to such chapel to be enrolled in the High Court of Chancery, and in the office of the Registry of the diocese, any thing in the said recited Act to the contrary notwithstanding; and no such chapelry shall become a benefice by reason of any augmentation of the maintenance of the curate, by any grant or bounty under the provision of any Act or Acts of Parliament, or law or laws, for augmenting small livings, any thing in such Act or Acts of Parliament, or law or laws, to the contrary notwithstanding:

And whereas by another Act, passed in the seventh and eighth years of the reign of His late Majesty King George the Fourth, intituled "An Act to amend the Acts for building, and promoting the building, of additional churches in populous parishes;" and by another Act, made and passed in the first and second years of His late Majesty

King William the Fourth, intituled "An Act to amend and render more effectual an Act, passed in the seventh and eighth years of the reign of His late Majesty, intituled 'An Act to amend the Acts for building, and promoting the building, of additional churches in populous parishes;'" and also by another Act, made and passed in the second and third years of His said late Majesty, intituled "An Act to render more effectual an Act, passed in the fifty-ninth year of His late Majesty King George the Third, intituled 'An Act to amend and render more effectual an Act, passed in the last session of Parliament, for building, and promoting the building, of additional churches in populous parishes;'" further provisions are made for carrying such divisions into effect:

And whereas the said Commissioners have made a representation to Her Majesty in Council, bearing date the twenty-seventh day of September one thousand eight hundred and forty-three, in the words following, viz.

"Your Majesty's Commissioners for building new churches, appointed by virtue of an Act, passed in the fifty-eighth year of the reign of His Majesty King George the Third, intituled "An Act for building, and promoting the building, of additional churches in populous parishes;" continued by an Act, passed in the seventh and eighth years of the reign of His Majesty King George the Fourth, intituled "An Act to amend the Acts for building, and promoting the building, of additional churches in populous parishes;" and further continued by an Act, passed in the first year of your Majesty's reign, intituled "An Act to prolong, for ten years, Her Majesty's Commission for building new churches;" beg leave humbly to represent to your Majesty, that, when the last census was taken, the parish of St. George the Martyr, Southwark, in the county of Surrey and diocese of Winchester, contained a population of forty-six thousand six hundred and twenty-two persons:

"That, besides the parish church, which affords accommodation to two thousand persons, there is only one consecrated chapel in the said parish, called Saint Mary Magdalen's, which affords accommodation to one thousand two hundred persons, including six hundred free seats appropriated to the use of the poor; and that divine service is regularly performed therein:

"Your Majesty's said Commissioners beg leave further to represent to your Majesty, that, having taken into consideration all the circumstances attending this parish, it appears to them to be expedient, that a particular district should be assigned to the said last-mentioned chapel of Saint Mary, under the provisions of the sixteenth section of an Act, passed in the fifty-ninth year of the reign of His Majesty King George the Third, intituled "An Act to amend and render more effectual an Act, passed in the last session of Parliament, for building, and promoting the

building, of additional churches in populous parishes;" and that such district should be named, "The Chapelry District of Saint Mary, Southwark," with boundaries as follow :

"The chapelry district of Saint Mary, Southwark, is to consist of the southernmost part of the parish of Saint George the Martyr, Southwark (with the exception of the parochial burial ground, which is to be reserved to the parish church); and which said district is bounded on or towards the east by the parish of Saint Mary, Bermondsey; on or towards the south by the parish of Saint Giles, Camberwell; on or towards the west by the parish of Saint Mary, Newington; and on or towards the north by the remainder of the said parish of Saint George the Martyr, from which it is separated by a line drawn in the middle of Henry-street (which street extends from the boundary between the parishes of Saint Mary, Newington, and Saint George the Martyr) from the middle of Kent-street, to the boundary between the said last-mentioned parish and the parish of Saint Mary, Bermondsey, as is more particularly shewn by the map hereunto annexed, and thereon tinted blue (the parochial building ground before mentioned being left uncoloured on the said map):

"That marriages, baptisms, and churchings should be solemnized and performed in the said chapel; and that the fees arising therefrom should be received by and belong to the incumbent of the said parish of St. George the Martyr, until the next avoidance of the living, from and after which they should be received by and belong to the Minister of the said chapel of Saint Mary Magdalen :

"That the consent of the Lord Bishop of Winchester has been obtained thereto, as required by the above-mentioned section of the said Act, passed in the fifty-ninth year of His Majesty King George the Third; in testimony whereof, the said Lord Bishop has signed and sealed this present instrument :

"Your Majesty's Commissioners, therefore, beg to lay before your Majesty the before-mentioned circumstances, and humbly pray, that your Majesty will be graciously pleased to take the premises into your royal consideration, and to make such order in respect thereto as to your Majesty in your royal wisdom shall seem meet."

Her Majesty, having taken the said representation, together with the map thereunto annexed, into consideration, was pleased, by and with the advice of Her Privy Council, to approve thereof, and to order, as it is hereby ordered, that the proposed assignment be accordingly made, and the recommendations of the said Commissioners, in respect of the solemnization of marriages, baptisms, and churchings, and the fees arising therefrom, be carried into effect, agreeably to the provisions of the said Acts.

## MARINE BARRACK CANTEENS.

Department of the Comptroller for Victualling and Transport Services, Somerset-Place, November 11, 1843.

**N**OTICE is hereby given, that, on Thursday the 14th of December next, at one o'clock, the Canteens in the under-mentioned Barracks will be let, from the 31st of December next to the 1st of January 1847, by order of the Lords Commissioners of the Admiralty.

No person but of unexceptionable character, nor any person for more than one Canteen, or who will not undertake, *bonâ fide*, to reside in or occupy the Canteen, and conduct the business thereof in his own person, will be approved; and two sureties will be required for the regular payment of the rent, and of all sums which may become due in respect to the said Canteen, and for the due performance of the several conditions and stipulations of the indenture of lease. The Revenue or other licences to be paid by the tenant.

The person whose proposal shall be accepted and his sureties must execute an indenture of lease and covenants relating thereto, the particulars whereof may be known by applying to this Office, or to the Barrack-Masters at the several Barracks.

The Christian and surnames of two respectable persons, with their professions and places of abode, who will join the tenant in executing the indenture of lease as his sureties, must be inserted in the proposals. The tenant is to pay half the value of the stamps on the indenture of lease upon executing the same; and it is to be understood, that the said Commissioners will not undertake to procure the tenant a licence.

A printed form of the tender and conditions may be had at this Office, or on application to the respective Barrack-Masters. No tender will be received after one o'clock on the day of treaty, nor any noticed unless the party attends, or an agent for him duly authorized in writing.

Every tender must be addressed to the Secretary of the Admiralty, and bear in the left hand corner the words, "Tender for Marine Barrack Canteen," and must also be delivered at the Office of the Comptroller for Victualling and Transport Services, at Somerset-place.

By the Mutiny Act Canteens are not liable to have troops billeted on them.

As all persons becoming tenants of Canteens will be bound to the strict performance of the covenants of the indenture of lease, and to the full payment of the rent and privilege of sale to the troops, without any remission or reduction under any circumstances whatever, they are hereby cautioned to make themselves fully acquainted with the conditions of letting, prior to their making a proposal.

The rents of the Canteens as tenements or dwellings are to be proposed at the sums stated opposite to each in the following list, therefore the biddings will be upon what is offered for every ten men per month, exclusive of sergeants, occupying the barracks, the number being ascertained from the Barrack-Master's Returns, made up at twelve o'clock at noon on the first day of every month, and no changes in the occupation of the barrack which may take place in the progress of the month, either for or against the tenant, will be taken into account. No less number than ten will be charged against the tenant, nor will any odd number be calculated; thus, if the barrack should be occupied by 148 men on the first day of the month, only 140 will be calculated for that month. The bidders are also desired to introduce no fractional parts of a penny in their offers, as they will not be noticed, nor will any tenders be noticed except such as are strictly according to the form furnished.
