AT the Court at *Buckingham Palace*, the  
8th day of *August* 1845,

PRESENT,

The QUEEN's Most Excellent Majesty in Council.

WHEREAS the Ecclesiastical Commissioners for England have, in pursuance of an Act, passed in the session of Parliament held in the sixth and seventh years of Her Majesty's reign, intituled "An Act to make better provision for the spiritual care of populous parishes," duly prepared and laid before Her Majesty in Council a scheme, bearing date the fifth day of August, in the year one thousand eight hundred and forty-five, in the words following, that is to say :

"We, the Ecclesiastical Commissioners for England, in pursuance of an Act, passed in the session of Parliament held in the sixth and seventh years of your Majesty's reign, intituled "An Act to make better provision for the spiritual care of populous parishes," have prepared, and now humbly lay before your Majesty in Council, the following scheme, for constituting a separate district for spiritual purposes out of the parochial chapelry of Colne, in the parish of Whalley, in the county of Lancaster, and in the diocese of Chester.

"Whereas it is by the said Act enacted, that if at any time it shall be made to appear to us, that

it would promote the interests of religion, that any part or parts of any parish or parishes, chapelry or chapelries, district or districts, of great extent, and containing a large population, and wherein, or in parts whereof, the provision for public worship and for pastoral superintendence is insufficient for the spiritual wants of the inhabitants thereof, or any extra-parochial place or places, or any part or parts thereof, should be constituted a separate district for spiritual purposes, it shall be lawful, by the authority in the same Act provided (that is to say, by a scheme prepared by us, and an Order issued by your Majesty in Council, ratifying such scheme), with the consent of the bishop of the diocese, under his hand and seal, to set out by metes and bounds, and constitute a separate district accordingly, such district not then containing within its limits any consecrated church or chapel in use for the purposes of divine worship, and to fix and declare the name of such district; and it is by the same Act provided, that the draft of any scheme for constituting any such district shall be delivered or transmitted to the incumbent and to patron or patrons of the church or chapel of any parish, chapelry, or district, out of which it is recommended that any such district, or any part thereof, should be taken, in order that such incumbent, patron or patrons, may have an opportunity of offering or making to us, or to such bishop, any observations or objections upon or to the constituting of such district; and that such scheme shall not be laid before your Majesty in Council until

after the expiration of one calendar month next after such copy shall have been so delivered or transmitted, unless such incumbent and patron or patrons shall, in the meantime, consent to the same; and it is by the same Act also provided, that in every such scheme for constituting any such district we shall recommend to your Majesty in Council that the minister of such district, when duly licensed according to the same Act, shall be permanently endowed, under the provisions of the same Act, to an amount of not less than the annual value of one hundred pounds; and also, if such endowment be of less than the annual value of one hundred and fifty pounds, that the same shall be increased to such last-mentioned amount at the least, so soon as such district shall have become a new parish as thereafter provided:

"And whereas the said chapelry of Colne is of great extent, and contains a large population, and the provision for public worship and for pastoral superintendence therein is insufficient for the spiritual wants of the inhabitants thereof; and it has been made to appear to us, that it would promote the interests of religion, that the particular part of such chapelry hereinafter mentioned and described, such part not at present containing within its limits any consecrated church or chapel in use for the purposes of divine worship, should be constituted a separate district in manner hereinafter set forth:

Now, therefore, we humbly recommend and propose, with the consent of the Right Reverend John Bird Bishop of Chester, in testimony whereof he has signed and sealed this scheme, that all that part of the said chapelry of Colne, described in the schedule hereunto annexed,—all which part, together with the boundaries thereof, is delineated and set forth in the map or plan hereunto also annexed,—shall be constituted a separate district for spiritual purposes accordingly; and that the same shall be named, "The District of Great Marsden."

"And we further recommend and propose, that there shall be paid by us, in each and every year, to the minister for the time being of the district so recommended to be constituted, when duly licensed according to the said Act, the sum of one hundred pounds; and upon any building within such district, being duly licensed by the bishop of the diocese for the performance of divine service, according to the same Act, there shall be paid by us, in like manner, to such minister, the further sum of thirty pounds, making in the whole the sum of one hundred and thirty pounds; and that so soon as any church or chapel within such district shall have been duly approved by us, and consecrated as the church or chapel of such district, for the use and service of the minister and inhabitants thereof, and such district shall have thereupon become, according to the provisions of the same Act, a new parish for ecclesiastical purposes, there shall be paid by us, in each and every year, to the perpetual curate for the time being of such new parish, the sum of one hundred and fifty pounds; and that the said sum of one hundred pounds, one hundred and

thirty pounds, or one hundred and fifty pounds, as the case may be, shall be paid by equal half-yearly payments on the first day of May and the first day of November in each and every year; and that the first such payment, or a proportionate part thereof, shall be made on the first day of May or of November next after the day of the date of the licence of such minister or of such building, or of the consecration of such church or chapel as aforesaid, as the case may be; and that in case a vacancy in the ministry or perpetual curacy of such district or new parish shall happen on any other day than the first day of May or the first day of November, the amount payable shall be duly apportioned between and paid to the minister or the perpetual curate making the vacancy, or his personal representative or representatives, and the minister or the perpetual curate succeeding to such district or new parish.

"And we further recommend and propose, that nothing herein contained shall prevent us from recommending and proposing any other measures relating to the matters aforesaid, or any of them, in accordance with the provisions of the said Act, or of any other Act of Parliament.

#### " SCHEDULE.

"The district of GREAT MARSDEN, being—

"All that part of the parochial chapelry of Colne, in the parish of Whalley, in the county of Lancaster, and in the diocese of Chester, comprising the whole township of Great Marsden, and such part of the township of Colne as is situate on the south western side of an imaginary line extending towards the north west, from a point (marked *a* on the map or plan herewith) on the boundary between the said townships of Colne and Great Marsden, near the south eastern corner of a certain field called Horsefield, adjoining Pike Laith-house, along the eastern fence or boundary of such field, and of another field called Great Meadow, situate on the north west thereof, and across Colne Water at a certain point (marked *b* as aforesaid) where it is crossed by a certain occupation road near the northern corner of such last-mentioned field, on the north western side of an imaginary line extending towards the north east from such last-mentioned point, along the northern bank of Colne Water aforesaid, as far as the weir or dam (marked *c* as aforesaid) belonging to the corn mill called the King's-mill, and on the southern side of an imaginary straight line extending thence westward, to the north eastern corner of a certain out-house or barn (marked *d* as aforesaid), the joint property of Robert Midgley, Esq., of Colne, and William Sagar, Esq., of Southfield, and now in the occupation of James Houghton situate at the northern end or top of Colne Waterside, in the said township of Colne, and of another imaginary line extending thence, also westward, and in a straight direction with the extreme northern corner of the factory and premises called Walk Cotton-factory (marked *e* as aforesaid), as far as the boundary between the said townships."

And whereas the draft of the said scheme has been transmitted to the incumbents and to the patrons of the church of the parish and of the church or chapel of the chapelry out of which it is intended that the district therein recommended to be constituted shall be taken, pursuant to the provisions of the said Act; and whereas such incumbents and patrons have respectively consented to the said scheme :

And whereas the said scheme has been approved by Her Majesty in Council; now, therefore, Her Majesty, by and with the advice of Her said Council, is pleased hereby to ratify the said scheme, and to order and direct that the same, and every part thereof, shall be effectual in law immediately from and after the time when this Order shall have been duly published in the London Gazette, pursuant to the said Act; and Her Majesty, by and with the like advice, is pleased hereby to direct, that this Order be forthwith registered by the Registrar of the diocese of Chester.
