New Forest.

Declaration for throwing open Inclosures.

WHEREAS by an Act of Parliament made and passed in the ninth and tenth years of the reign of His Majesty King William the Third, intituled "An Act for the increase and preservation of timber in the New Forest, in the county of Southampton," it was required that one thousand acres, part of the waste lands of the said Forest, should be inclosed and kept in severalty, for the growth and preservation of timber for the supply of His Majesty's Royal Navy, forthwith after the passing of the said Act, and that, in the year following, one thousand acres more, part of the said waste lands, should be in like manner inclosed; and that two hundred acres more, part also of the said waste lands, should yearly, and every year for the term or space of twenty years from and after the time that the several inclosures of the two thousand acres above mentioned should be made and completed, be in like manner inclosed and kept in severalty as aforesaid, in the actual possession of the Crown, freed and discharged of and from all manner of rights, title, and pretence whatsoever, and should be called, made, and kept as a Nursery for wood and timber only: And whereas it was also directed by the said Act, that whenever the Lords Commissioners of His Majesty's Treasury, the Lord High Treasurer of England, or Chancellor of the Exchequer for the time being, should be satisfied and determine, that the woods and trees which should be growing on any one of the inclosures made under and by virtue of the said Act, or any part thereof, are become past danger of browsing of deer, cattle, or other prejudice, and shall think fit to lay the same or any part thereof open and in common, then and so often it may be lawful for His Majesty, his heirs and successors, from time to time, to inclose, in lieu of so much of the said inclosures as shall be so laid open, the like quantity of the waste of the said Forest, to be holden freed and discharged of and from all manner of common

or other rights, for so long time as the same shall remain and continue to be inclosed. And whereas by another Act, of 48th Geo. 3rd, cap. 72, the powers of the before-mentioned Act were revived and confirmed, and inclosures and plantations were made to the full extent of six thousand acres, authorized by the Acts. And whereas the quantity of four thousand and fifty-one acres and twenty-four perches, part of the waste lands of the said Forest, was inclosed pursuant to the provisions of the said last-mentioned Act; and it has been certified to the Lords Commissioners of the Treasury, on the authority of Lawrence Henry Cumberbatch, Deputy-Surveyor of the New Forest, and William Reed the elder, the Assistant Deputy-Surveyor of the said Forest, that the woods and trees growing on the said four thousand and fifty-one acres and twenty-four perches, are become past danger of browsing of cattle, deer, or other prejudice, viz :
