STEAM-TUG WANTED.

SEALED TENDERS (in duplicate) will be received at the office of the Agents-General for Crown Colonies, No. 5, Cannon-row, Westminster, until Thursday the 11th of November next, from

all parties desirous of furnishing a steam-tug for the service of the Harbour of Port-Louis. The Tenders will be forwarded for the decision of the Government of Mauritius, so as to arrive there by the 15th of January 1853, the day fixed for their delivery in the Colony.

For the information of parties tendering, the following description of the species of vessel required is published: and notice is hereby given, that no Tender will be taken into consideration which is not in accordance therewith.

1. A strong, thoroughly well built, wooden paddle wheel vessel, with two engines of 100 horse power each.

2. As the ordinary employment of the vessel will be that of a Tug in Port-Louis Harbour, it is required that she should not draw more than 10, or, at most, 11 feet water, when so employed, and carrying a week's consumption of coal; but it is required that she should possess the necessary qualifications of a sea-going vessel, and be able to carry coal for 15 days of 24 hours each.

3. Subject to the above essential conditions it is desirable that her length should not exceed 120 feet from the after part of the stem to the fore part of the stern-post, and that her registered tonnage should not exceed 300 tons; or that those measurements should be exceeded as little as possible.

4. The vessel must be coppered with 32-oz. copper and copper-fastened; of brigantine rig; fitted to tow, or lash alongside, of vessels, and with plain accommodation solely for the Captain, Officers, and Crew.

5. The engines must be on the "side-lever" principle, or of any superior description adapted to the purposes for which the vessel is required: to be fitted with expansion gear to work half steam; the Boilers to be of iron and the Machinery fitted with the latest improvements.

6. The vessel must be fitted for, and supplied with, two long Pivot Guns of a Calibre adapted to her size, one forward and the other aft; and be furnished with the usual and spare gear; two suits of sails; anchors, cables, hawsers, and all necessary marine stores ready for sea, together with three hundred round shot for the guns.

7. The party furnishing the vessel must engage to supply, and deliver at Port-Louis, new Iron Boilers and Funnel when required, at a certain price to be specified in the Tender.

8. The tenders must be accompanied with plans and specifications of the vessel, an inventory of all necessary stores, and an estimate of the price to be paid for the whole on delivery of the vessel in Port-Louis.

9. The vessel must be built under the inspection of a Lloyd's Surveyor, and be registered in the highest class at Lloyd's.

10. She must be delivered at Port-Louis in a condition corresponding to the certificate of the above officer, all damage sustained, and all defects discovered, on the outward voyage, being made good before delivery.

11. The party tendering must be prepared to give Bond in a Penal sum of £2,000 (two thousand pounds sterling) binding himself to deliver the vessel to the Government of Mauritius, at Port-Louis, within a period not exceeding fifteen months from the date of the contract; subject, however, to a further reasonable delay, in the sole event of the vessel experiencing severe damage on her passage out.

5, Cannon-row, Westminster,
October, 1852.

G. BAILLIE,
Agent-General for Crown Colonies.
