THE Right Honourable the Lords of the Committee of Privy Council for Trade and

Plantations have received, through the Secretary of State for Foreign Affairs, a copy of a Despatch from Her Majesty's Chargé d'Affaires at Stockholm, enclosing the translation of a Swedish Decree permitting the free importation of grain and flour, up to the end of July (inclusive) of the present year; after which time the existing regulations regarding the importation of those articles will again come into force.

Board of Trade, Whitehall, Marine Department, April 20, 1854.

THE Right Honourable the Lords of the Committee of Privy Council for Trade and Plantations have received, through the Secretary to the Commissioners of Northern Lighthouses, the following Notice relative to the Lights at North Ronaldshay and Start Point.

NOTICE TO MARINERS.

Exhibition of a New Revolving Light at North Ronaldshay, and alteration of the Start-Point Light from a Revolving Light to a Fixed Light.

I.—NORTH RONALDSHAY LIGHTHOUSE.

THE Commissioners of the Northern Lighthouses hereby give notice that a Lighthouse is being built upon the Island of North Ronaldshay, in Orkney, the Light of which will be exhibited on the night of Friday, the 1st September, 1854, and every night thereafter, from the going away of daylight in the evening to the return of daylight in the morning.

The following is a description of the Lighthouse, and the appearance of the Light, by Mr. David Stevenson, Engineer to the Commissioners:—

The Lighthouse is in N. Lat. 59° 23' 15", and W. Long. 2° 23' 38"; it stands on the northern point of the Island of North Ronaldshay, and by compass it bears from Moul-head of Papa-Westra W.N.W. $\frac{1}{4}$ North, distance 15 nautic miles; and from Start-Point of Sanday Lighthouse, S.S.W. $\frac{1}{4}$ West, distance 6 $\frac{1}{2}$ miles.

The North Ronaldshay Light will be known to mariners as a Revolving Light, producing a bright flash of the natural colour once in every 10 seconds. It will be visible all round the compass. The lantern is elevated 140 feet above the level of the sea; and the light will be seen at the distance of about 18 nautic miles, and at lesser distances, according to the state of the atmosphere.

II.—START-POINT LIGHTHOUSE.

The Start-Point Light, which is 6 $\frac{1}{2}$ miles from North Ronaldshay Light, being at present a Revolving Light, producing a bright flash once in every minute; the Commissioners further give notice, that on and after the night of Friday, the 1st September, 1854, when the new Revolving Light at North Ronaldshay is to be exhibited, the present Revolving Light at Start-Point will be changed to a Fixed Light of the natural colour.

By order of the Board,

(Signed) ALEX. CUNINGHAM, Secy.
Northern Lighthouse Office, Edinburgh,
13th April, 1854.
