

NOTICE is hereby given, that a separate building, named the Lodge Welsh Calvinistic Methodist Chapel, situated at the Lodge, in the parish of Saint Martin's, in the county of Salop, in the district of Oswestry, being a building certified according to law as a place of religious worship, was, on the 22nd day of July, 1854, duly registered for solemnizing marriages therein, pursuant to the Act of 6th and 7th Wm. IV., cap. 85.

Witness my hand this 25th day of July, 1854.

Thos. Minshall, Superintendent Registrar.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for
1606. Inventions.

NOTICE is hereby given, that the petition of Nicholas Callan, of Maynooth College, in the county of Kildare, Ireland, Professor, praying for letters patent for the invention of "a means by which iron of every kind may be protected against the action of the weather and of various corroding substances, so that iron thus protected will answer for roofing, for cisterns, baths, gutters, window frames, telegraphic wires, for marine and various other purposes, and by which brass and copper may be similarly protected," was deposited and recorded in the Office of the Commissioners, on the 21st day of July, 1854, and a complete specification accompanying such petition was at the same time filed in the said office.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for
1607. Inventions.

NOTICE is hereby given, that the petition of Auguste Edouard Loradoux Belford, of 16, Castle-street, Holborn (City), London, and now of 29, Boulevard, St. Martin, Paris, in the Empire of France, praying for letters patent for the invention of "certain improvements in breech loading fire-arms,"—a communication—was deposited and recorded in the Office of the Commissioners on the 21st day of July, 1854, and a complete specification accompanying such petition was at the same time filed in the said office.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for
Inventions.

NOTICE is hereby given, that provisional protection has been allowed

1281 To John Braithwaite, of Gower-street, in the county of Middlesex, Civil Engineer, for the invention of "an improved method of roofing or covering buildings, reservoirs, and other spaces, requiring roofs or coverings"
