Northern Lighthouses.

NOTICE TO MARINERS.

WHALSEY SKERRIES, SHETLAND—TEMPORARY LIGHTHOUSE.

THE Commissioners of Northern Lighthouses hereby give notice, that they are at present engaged in erecting a Lighthouse on the Out-Skerries of Whalsey, on the eastern coast of the Shetland Isles, and that until the completion of the permanent Lighthouse, a light will be shewn from a temporary tower, and will be exhibited for the first time on the night of Friday the 15th September, and every night thereafter, from the going away of day-light in the evening, till the return of day-light in the morning.

The following is a Specification of the Lighthouse, and the Appearance of the Light, by MR. DAVID STEVENSON, Engineer to the Commissioners:—

The Lighthouse is situated on the eastern part of the Island of Gruna, in N. Lat. 60° 25' 24", and W. Long. 0° 44' 20", the Bound Skerry of Whalsey bearing from the Lighthouse about E. by compass. The outer or seaward extremity of the Bound Skerry is about half a mile or thereby from the site of the Lighthouse, so that vessels in rounding the light must give it a wide berth.

The Whalsey Light will be known to Mariners as a Revolving Light, which shews a bright White Light once in every minute.

The temporary light will be exhibited from a tower of timber frame work, and is elevated about 108 feet above the level of high-water of ordinary spring-tides, and may be seen at the distance of about 16 nautic miles, and at lesser distances according to the state of the atmosphere. To a near observer, in favourable circumstances, the light will not wholly disappear between the intervals of greatest brightness.

The Commissioners further give notice, that by Order in Council, dated the 3rd day of July last, the following tolls are authorised to be levied in respect of the said Lighthouse; viz.:—

For every vessel belonging to the United Kingdom (the same not belonging to Her Majesty, her heirs or successors, nor being navigated wholly in ballast), and for every foreign vessel privileged to enter the ports of the United Kingdom upon paying the same duties of tonnage as are payable

by British vessels which may pass or derive benefit from the light, the toll of two-sixteenths of a penny per ton of the burthen of every such vessel, for every time of passing or deriving benefit therefrom, if on a coasting voyage.

For each time of passing or deriving benefit on an oversea voyage, one penny per ton for every such vessel.

For every foreign vessel not navigated wholly in ballast, and not privileged in manner before specified, double the respective tolls above set forth.

Which tolls are liable to the following abatements on payment:—for a coasting voyage, ten per cent.; for an oversea voyage, twenty-five per cent.

By order of the Board,
Alex. Cunningham, Secretary.
