NOTICE is hereby given, that Her Majesty's Levee, announced to be held at St. James's Palace on Wednesday, the 10th of March next, will not take place.

Her Majesty will hold a Levee (as already announced) on Wednesday, the 17th of March, and a further Levee on Wednesday, the 24th of March next.

THE QUEEN'S LEVEES.

NEW REGULATIONS

TO BE OBSERVED WITH REGARD TO THE QUEEN'S LEVEES AT ST. JAMES'S PALACE,

Issued by Her Majesty's Command, February 6, 1858.

The Noblemen and Gentlemen, who propose to attend Her Majesty's Levees, at St. James's Palace, are requested to bring with them two large cards, with their names *clearly written* thereon, one to be left with The Queen's Page in Attendance in the Corridor, and the other to be delivered to the Lord Chamberlain, who will announce the name to the Queen.

PRESENTATIONS.

Any Nobleman or Gentleman who proposes to be presented to the Queen must leave at the Lord Chamberlain's Office, *before twelve o'clock*, two clear days before each Levee, a card with his name written thereon, and with the name of the Nobleman or Gentleman by whom he is to be presented. In order to carry out the existing regulation that no presentation can be made at a Levee excepting by a person actually attending that Levee, it is necessary that a letter from the Nobleman or Gentleman who is to make the presentation, stating it to be his intention to be present, should accompany the presentation card above referred to, which will be submitted to the Queen, for Her Majesty's approbation. It is Her Majesty's command, that no presentations shall be made at the Levees, except in accordance with the above regulations.

It is particularly requested, that in every case the names be *very distinctly written* upon the

cards to be delivered to the Lord Chamberlain, in order that there may be no difficulty in announcing them to The Queen.

ADDRESSES.

Notice is hereby given, that all persons having petitions or addresses to present to Her Majesty at the Levees are to send a card having on it their names, a statement of the object of such Petitions or Addresses, and the names of the persons from whom they come, to the Lord Chamberlain's Office, *before twelve o'clock* on the day but *one* previous to each Levee; and that two other cards, having on them precisely what is written upon that sent to the Lord Chamberlain's Office, are to be taken to the Levee; one of the two cards to be delivered to the Page in the Corridor, and the other to the Lord Chamberlain, who will read its contents to Her Majesty; and, on these occasions, no other statement is to be addressed to Her Majesty.

A Deputation to present an Address is not to exceed four persons.

The state apartments will not be open for the reception of Company coming to Court, until half-past one o'clock.

Whitehall, March 8, 1858.

THE following Address of congratulation to the Queen, on the occasion of the Marriage of Her Royal Highness the Princess Royal with His Royal Highness Prince Frederick William of Prussia, having been transmitted to the Right Honourable the Secretary of State for the Home Department for presentation, has accordingly been presented by him to Her Majesty, who has been pleased to receive the same very graciously:

To the QUEEN'S Most Excellent Majesty.

May it please your Majesty,

WE, the President and Members of the Royal Academy of Arts, most humbly beg leave to approach your Majesty with our warmest and most respectful congratulations on the happy occasion of the Marriage of Her Royal Highness the Princess Royal with His Royal Highness Prince Frederick William of Prussia.

Those feelings of congratulation which we share with all your Majesty's subjects are accom-

panied on the part of Professors of the Fine Arts, with a conviction that Her Royal Highness' knowledge of those Arts will prove an important element of happiness in her relations with an enlightened and industrious people.

We cannot forget also that the advantages which a cultivated taste for the Fine Arts can confer, and which, as in the present instance, may contribute to influence for good the highest destinies, are among the results of that education, at once useful and refined, which Her Royal Highness owes to the example and care of her illustrious Parents.

In referring to so bright an instance of the higher utilities of the pursuits of taste, we desire to offer to your Majesty, together with our dutiful and heartfelt congratulations on an auspicious event, our grateful acknowledgement for that encouragement of the Fine Arts which is among the many happy characteristics of your Majesty's reign.

TREASURY WARRANT.

WHEREAS by an Act passed in the fourth
year of the reign of Her present Majesty, intituled
"An Act for the regulation of the duties of
postage," it is enacted that it shall be lawful for
the Commissioners of Her Majesty's Treasury,
from time to time, and at any time after the pass-
ing of that Act, by Warrant, under their hands,
to alter and fix any of the rates of British postage
or inland postage, payable by law on the trans-
mission by the post of foreign or colonial letters
or newspapers, or of any other printed papers, and
to subject the same to rates of postage according
to the weight thereof, and a scale of weight to be
contained in such Warrant.

And whereas another Act of Parliament was
passed in the eleventh year of the reign of Her
present Majesty, intituled "An Act for giving
further facilities for the transmission of letters by
post, and for the regulating the duties of postage
thereon, and for other purposes relating to the
Post-office.

And whereas it is expedient that further regu-
lations should be made for the transmission by the
post of the letters hereinafter mentioned.

Now we, the Commissioners of Her Majesty's
Treasury, in exercise of the powers vested in us
in and by the said recited Acts, and of all other
powers enabling us in this behalf, do by this War-
rant (under the hands of two of us the said Com-
missioners by the authority of the statute in that

case made and provided), order and direct as follows :

1. On every letter not exceeding half an ounce in weight, transmitted by the post between any place in the United Kingdom and any foreign port on the western coast of Africa (the sea conveyance being by British packet boat), there shall be charged and taken a uniform British rate of six pence.

2. On every letter not exceeding half an ounce in weight, transmitted by the post between any foreign port on the western coast of Africa, and any of Her Majesty's colonies, or any foreign country through the United Kingdom (whether through any colony or foreign country or not), the conveyance between any such foreign port and the United Kingdom, being by British packet boat, there shall be charged and taken the rates of British postage following ; that is to say :

For the conveyance of every such letter between the foreign port on the western coast of Africa and any part of the United Kingdom, a rate of sixpence ; and for the conveyance of every such letter between the port in the United Kingdom of the departure or arrival of the packet or ship conveying the same, and the colony or foreign country to or from which the same shall be forwarded, such a further or additional rate of postage as shall, from time to time, be charged and payable for British postage on letters posted or delivered at the port in the United Kingdom of the departure or arrival of the packet or ship conveying the same, and transmitted direct between such port and any such colony or foreign country ; provided that in all cases where such additional rate includes both inland and sea services, there shall be deducted therefrom the sum of one penny in respect of the inland conveyance, under this clause, of every such letter sent through the United Kingdom.

3. On every letter transmitted as is hereinbefore in this Warrant mentioned, exceeding half an ounce in weight, there shall be charged, taken, and paid progressive and additional rates of postage as follows ; that is to say :

On every such letter exceeding half an ounce in weight, and not exceeding one ounce in weight, two rates of postage.

On every such letter exceeding one ounce, and not exceeding two ounces in weight, four rates of postage.

On every such letter exceeding two ounces, and not exceeding three ounces in weight, six rates of postage.

And on every such letter exceeding three ounces, and not exceeding four ounces in weight, eight rates of postage.

And for every ounce in weight above the weight of four ounces, there shall be charged and taken two additional rates of postage ; and every fraction of an ounce above the weight of four ounces, shall be charged as one additional ounce ; and each progressive and additional rate chargeable under this clause, shall be estimated and charged at the sum which any such letter would be charged with under this Warrant, if not exceeding half an ounce in weight.

4. In all cases in which any letter, in respect of which any rate of postage is chargeable as hereinbefore mentioned, shall pass through a foreign country, any foreign postage payable thereon, shall be charged and paid thereon in addition to the British postage.

5. Nothing hereinbefore contained shall in anywise prejudice or affect the privilege granted by

the said recited Act, passed in the 4th year of the reign of Her present Majesty in favour of petitions and addresses forwarded to Her Majesty by the post, nor the privilege granted by the same Act to Members of each House of Parliament to receive by the post petitions and addresses to Her Majesty, and petitions addressed to either House of Parliament, not exceeding thirty-two ounces in weight, exempt from postage, nor shall anything in this Warrant contained in anywise prejudice or affect the privilege which seamen and soldiers employed in Her Majesty's service and seamen and soldiers employed in the service of the East India Company now, by law enjoy, of sending and receiving by the post, letters not exceeding half an ounce in weight, subject to the regulations and restrictions in respect of the same.

6. Nothing hereinbefore contained shall be deemed or construed to extend to any letters posted in or addressed to France, or any foreign country through France, and transmitted between France or foreign countries through France, and any foreign port on the western coast of Africa, all which last-mentioned letters shall be charged and chargeable with the same rates of postage as if this Warrant had not been signed.

And whereas the Commissioners of Her Majesty's Treasury, in exercise of the powers reserved to them in and by the said hereinbefore recited Acts, and of all other powers enabling them in that behalf, did, by a certain Warrant in writing, under the hands of two of them, the said Commissioners, and by the authority of the Statute in that case made and provided, bearing date the 21st day of July, 1857, order and direct, that all packets consisting of books, publications, or works of literature or art, whether British, colonial, or foreign, and all packets consisting of printed votes and proceedings of the Imperial Parliament, or the colonial legislatures, might be transmitted by the post between any part of the United Kingdom, and any part of the several places mentioned and set forth in the Schedule A, to the said now reciting Warrant annexed, and that all such respective packets should be so transmitted in conformity with and under and subject to the several regulations, orders, directions, and conditions thereafter mentioned and contained. And that the single rate of postage for the transmission thereof should be that which was mentioned and set forth against the said places respectively in the said Schedule A. And that all such respective packets so transmitted should be subject to the several progressive and additional rates of postage thereinafter mentioned.

And whereas it is expedient to extend the provisions of the said recited Warrant of the 21st day of July, 1857, except as hereinafter mentioned, to packets of a like kind to be transmitted by the post between any part of the United Kingdom and any foreign port on the Western Coast of Africa, the sea conveyance being by British packet boat.

7. Now we, the Commissioners of Her Majesty's Treasury, in further exercise of the powers reserved to us in and by the said two hereinbefore recited Acts of Parliament, or either of them, and of all other powers enabling us in this behalf, do by this Warrant, under the hands of two of us the said Commissioners, by the authority of the Statute in that case made and provided, order and direct as follows :

All packets consisting of books, publications, or works of literature or art, whether British, colonial, or foreign, and all packets consisting of printed votes and proceedings of the Imperial Parliament, or any of the Colonial Legislatures,

may be transmitted by the post between any part of the United Kingdom and any foreign port on the Western Coast of Africa (the sea conveyance being by British packet boat). And that on every such packet so transmitted under this clause, if not exceeding four ounces in weight, there shall be charged, taken, and paid, for the transmission thereof as aforesaid, the uniform single rate of postage of three pence; and that on every such packet exceeding four ounces in weight there shall be charged, taken, and paid such progressive and additional rates of postage as are directed to be charged, taken, and paid, on and in respect of the several packets mentioned and contained in, and authorised to be transmitted by the post under, the provisions of the said recited Warrant of the 21st day of July, 1857.

8. All such respective packets to be transmitted by the post under the 7th clause of this present Warrant shall be so transmitted in conformity with, and under and subject to, the several regulations, orders, directions, and conditions contained in the said recited Warrant of the 21st day of July, 1857, with respect to the several packets therein mentioned (except such as relate exclusively to packets posted in the United Kingdom, addressed to the East Indies or New South Wales, or posted in the East Indies or New South Wales, addressed to the United Kingdom), and that all such respective packets so to be transmitted under the 7th clause of this present Warrant shall be subject as well to the several progressive and additional rates of postage aforesaid, as also to the said several regulations, orders, directions, and conditions (except as aforesaid) respectively mentioned, expressed, and contained in and by the said hereinbefore recited Warrant of the 21st day of July, 1857, in like manner in all respects, and as fully and effectually to all intents and purposes as if the said several progressive and additional rates of postage and the said several regulations, orders, directions, and conditions (except such only as relate exclusively to packets posted in the United Kingdom, addressed to the East Indies or New South Wales, or posted in the East Indies or New South Wales, addressed to the United Kingdom) respectively mentioned and contained in the said hereinbefore recited Warrant of the 21st day of July, 1857, were contained, inserted, expressed, and repeated in this present Warrant, and as if the foreign ports on the western coasts of Africa with a single rate of postage of three pence set forth against such ports had been and were mentioned and contained and included in the said schedule A, annexed to the said hereinbefore recited Warrant of the 21st day of July, 1857.

9. The respective letters and packets transmitted by the post under the provisions of this Warrant shall be subject to the several orders, directions, regulations, and rates of postage respectively contained in a certain Warrant of the Commissioners of Her Majesty's Treasury, under the hands of two of the said Commissioners, bearing date the 19th day of February, 1855, relating to redirected rates of postage upon letters and packets which shall be redirected and again forwarded by the post.

10. The rates of postage chargeable on letters, books, publications, or works of literature or art and other printed papers transmitted by the post, under the provisions of this Warrant, shall be in lieu of any rates of British postage now chargeable by law thereon.

11. The term "foreign port" used in this Warrant shall include any foreign places on the western coast of Africa, and also any foreign

islands situate within the distance of fifty miles from the same coast; and the several other terms and expressions used in this Warrant shall be construed to have the like meaning in all respects as they would have had if inserted in the said Act, passed in the fourth year of the reign of Her present Majesty.

12. The Commissioners for the time being of Her Majesty's Treasury may, by Warrant under their hands, or the hands of any two of them, at any time hereafter alter, repeal or revoke any of the rates of postage hereby fixed or altered, or any of the orders, directions, regulations and conditions hereby made and may make and establish any new or other rates, orders, directions, regulations, and conditions in lieu thereof, and from time to time appoint at what time the rates which may be payable are to be paid.

This Warrant shall come into operation on the first day of April, 1858.

ADMIRALTY NOTICE respecting LIGHTS and FOG SIGNALS to be carried and used by Sea-going Vessels, to prevent Collision.

By the Commissioners for executing the Office of Lord High Admiral of the United Kingdom of Great Britain and Ireland, &c.

BY virtue of the power and authority vested in us, we hereby revoke, as from and after the thirtieth day of September, 1858, the regulations made and published by us on the first day of May, 1852, relating to the Lights to be carried by Sea-going Vessels to prevent collision: And we hereby make the following regulations, and require and direct that the same be strictly observed and carried into effect on and after the first day of October, 1858.

STEAM VESSELS.

All Sea-going Steam Vessels, when under Steam, shall, between sunset and sunrise, exhibit the following Lights :

1. A bright White Light at the Foremast Head.
A Green Light on the Starboard side.
A Red Light on the Port side.

2. The Mast-head Light shall be so constructed as to be visible on a dark night, with a clear atmosphere, at a distance of at least 5 miles, and shall show an uniform and unbroken light over an arc of the horizon of 20 points of the compass, and it shall be so fixed as to throw the light 10 points on each side of the ship, viz. : from right ahead to 2 points abaft the beam on either side.

3. The Green Light on the Starboard side and the Red Light on the Port side shall be so constructed as to be visible on a dark night, with a clear atmosphere, at a distance of at least 2 miles, and show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, and they shall be so fixed as to throw the light from right ahead to 2 points abaft the beam on the Starboard and on the Port sides respectively.

4. The side Lights are to be fitted with inboard screens projecting at least 3 feet forward from the light, so as to prevent the lights from being seen across the bow.

5. Steam Vessels under Sail only, are not to carry their masthead Lights.

FOG SIGNALS.

All Sea-going Steam Vessels, whether propelled by paddles or screws, when their steam is up, and when under way, shall in all cases of Fog use as a Fog Signal a Steam Whistle, placed before the Funnel at not less than 8 feet from the deck, which shall be sounded once at least every five minutes; but when the steam is not up, they shall use a Fog Horn or Bell, as ordered for Sailing Ships.

SAILING VESSELS.

1. All Sea-going Sailing Vessels when under-way or being towed, shall, between sunset and sunrise, exhibit a Green Light on the Starboard side and a Red Light on the Port side of the vessel; and such Lights shall be so constructed as to be visible on a dark night, with a clear atmosphere, at a distance of at least 2 miles, and shall show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, from right a-head to 2 points abaft the beam on the Starboard and on the Port sides respectively.

2. The Coloured Lights shall be fixed whenever it is practicable so to exhibit them; and shall be fitted with inboard screens projecting at least 3 feet forward from the Light, so as to prevent the Lights being seen across the bow.

3. When the Coloured Lights cannot be fixed (as in the case of small vessels in bad weather), they shall be kept on deck between sunset and sunrise, and on their proper sides of the vessel, ready for instant exhibition, and shall be exhibited in such a manner as can be best seen on the approach of, or to, any other vessel or vessels in sufficient time to avoid collision, and so that the Green Light shall not be seen on the Port side, nor the Red Light on the Starboard side.

FOG SIGNALS.

All Sea-going Sailing Vessels, when under-way, shall, in all cases of Fog, use when on the Starboard Tack a Fog Horn, and when on the Port Tack shall Ring a Bell. These signals shall be sounded once at least every five minutes.

PILOT VESSELS.

Sailing Pilot Vessels are to carry only a White Light at the mast head, and are to exhibit a Flare-up Light every 15 minutes, in accordance with Trinity House regulation.

VESSELS AT ANCHOR.

All Sea-going Vessels when at anchor in roadsteads or fairways, shall between sunset and sunrise exhibit where it can best be seen, but at a height not exceeding 20 feet above the hull, a White Light in a Globular Lantern of 8 inches in diameter, and so constructed as to show a clear, uniform, and unbroken light all round the horizon, at a distance of at least one mile.

By command of their Lordships,

The following Diagrams are intended to illustrate the use of the Lights carried by vessels at sea, and the manner in which they indicate to the vessel which sees them the position and description of the vessel which carries them :—

FIRST.—When both Red and Green Lights are seen :

A sees a Red and Green Light ahead ;—A knows that a vessel is approaching her on a course directly opposite to her own, as B ;

If A sees a White masthead Light above the other two, she knows that B is a steam-vessel.

SECOND.—When the Red, and not the Green Light, is seen :

A sees a Red Light ahead or on the bow ;—A knows that either, 1, a vessel is approaching her on her port bow, as B ;

or, 2, a vessel is crossing in some direction to port, as D D D.

If A sees a White masthead Light above the Red Light, A knows that the vessel is a steam-vessel, and is either approaching her in the same direction, as B, or is crossing to port in some direction, as D D D.

THIRD.—When the Green, and not the Red Light, is seen :

A sees a Green Light ahead or on the bow ; A knows that either, 1, a vessel is approaching her on her starboard bow, as B ;

or, 2, a vessel is crossing in some direction to starboard, as D D D.

If A sees a White masthead Light above the Green Light, A knows that the vessel is a steam-vessel, and is either approaching her in the same direction as B, or is crossing to starboard in some direction, as D D D.
