CONVENTION between Her Majesty and the Emperor of the French, supplementary to the Treaty of Commerce of January 23, 1860; with a Tariff annexed thereto.

Signed at Paris, October 12, 1860.

[Ratifications exchanged at Paris, October 25, 1860.]

HER Majesty the Queen of the United Kingdom of Great Britain and Ireland, and His Majesty the Emperor of the French, desiring to ensure the execution of the Treaty of Commerce concluded between them on the 23rd of January, 1860, within the limits and in the manner contemplated by the Second Additional Article to that Treaty, have resolved to negotiate a first complementary arrangement in order to determine the specific or *ad valorem* duties which shall be imposed upon the goods of British origin and manufacture enumerated in the said Treaty, when imported into France; and they have for that purpose named as their plenipotentiaries, that is to say:

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, the Right Honourable Henry Richard Charles, Earl Cowley, Viscount Dangan, Baron Cowley, a Peer of the United Kingdom, a Member of Her Britannic Majesty's Most Honourable Privy Council, Knight Grand Cross of the Most Honourable Order of the Bath, Her said Majesty's Ambassador Extraordinary and Plenipotentiary to His Majesty the Emperor of the French; and Richard Cobden, Esquire, a Member of the British Parliament;

And His Majesty the Emperor of the French, M. Thouvenel, a Senator of the Empire, Grand Cross of His Imperial Majesty's Order of the Legion of Honour, &c., &c., &c., His Imperial Majesty's Minister and Secretary of State for Foreign Affairs; and M. Rouher, a Senator of the Empire, Grand Cross of His Imperial Majesty's Order of the Legion of Honour, &c., &c., &c., His Imperial Majesty's Minister and Secretary of State for Agriculture, Commerce, and Public Works;

SA Majesté la Reine du Royaume Uni de la Grande Bretagne et d'Irlande, et Sa Majesté l'Empereur des Français, désirant assurer l'exécution du Traité de Commerce conclu entre elles le 23 Janvier, 1860, dans les limites et de la manière prévues par le deuxième Article Additionnel à ce même Traité, ont résolu de négocier un premier arrangement complémentaire pour déterminer les droits spécifiques ou à la valeur qui devront gréver, à leur importation en France, les marchandises d'origine ou de manufacture Britanniques énumérées dans le dit Traité, et ont, à cet effet, nommé pour leurs Plénipotentiaires, savoir :

Sa Majesté la Reine du Royaume Uni de la Grande Bretagne et d'Irlande, le Très Honorable Henry Richard Charles, Comte Cowley, Vicomte Dangan, Baron Cowley, Pair du Royaume Uni, Membre du Très Honorable Conseil Privé de Sa Majesté Britannique, Chevalier Grand-Croix du Très Honorable Ordre du Bain, Ambassadeur Extraordinaire et Plénipotentiare de Sa dite Majesté près Sa Majesté l'Empereur des Français; et M. Richard Cobden, Ecuyer, Membre du Parlement Britannique;

Et Sa Majesté l'Empereur des Français, M. Thouvenel, Sénateur de l'Empire, Grand-Croix de Son Ordre Impérial de la Légion d'Honneur, &c., &c., &c., Son Ministre Secrétaire d'Etat au Département des Affaires Etrangères; et M. Rouher, Sénateur de l'Empire, Grand-Croix de l'Ordre Impérial de la Légion d'Honneur, &c., &c., &c., Son Ministre Secrétaire d'Etat au Département de l'Agriculture, du Commerce, et des Travaux Publics;

Who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon the following Articles :

ARTICLE I.

The articles of British origin or manufacture enumerated in the Tariff annexed to the present Convention, shall, when imported direct from the United Kingdom, under the French or the British flag, be admitted into France at the duties specified by the said Tariff.

ARTICLE II.

In order to establish the fact that the goods are of British origin or manufacture, the importer must present at the French Custom-house either an official declaration made before a British Magistrate exercising jurisdiction at the place of despatch, or a certificate granted by the chief officer of the Customs at the port of embarkation, or a certificate granted by the Consuls or Consular Agents of France at the places of dispatch, or at the ports of embarkation. The above-mentioned Consuls or Consular Agents of France shall legalize the signatures of the British authorities.

ARTICLE III.

The importer of machines and mechanical instruments, complete or in detached pieces, of British origin or manufacture, shall be exempt from the obligation of producing at the French Customs any model or drawing of the imported article.

ARTICLE IV.

The importer of any goods of British origin or manufacture taxed *ad valorem*, must attach to the declaration verifying the value of that article, and to the certificate of origin, an invoice emanating from the manufacturer or from the seller, which shall show the real price, and shall be visé by a Consul or Consular Agent of France in the United Kingdom.

ARTICLE V.

When articles upon which an *ad valorem* duty is levied have been previously warehoused, the duty shall be levied according to the value of those articles at the time of their actual entry into France.

ARTICLE VI.

The importer against whom the French Customs may desire to exercise the right of pre-emption stipulated in the Treaty of the 23rd of January, 1860, may, if he prefers to do so, demand a valuation of his goods by Experts.

The same demand may be made by the French Customs when they may not think fit to have immediate recourse to pre-emption.

ARTICLE VII.

If the result of such valuation by Experts should prove that the goods have not a value of five per cent. above that which has been declared by the importer, the duty shall be levied upon the amount of the declaration.

If the proved value is five per cent. above the value declared, the French Customs shall be entitled, at their choice, either to exercise the right of pre-emption, or to levy the duty on the value determined by the Experts.

Lesquels, après s'être communiqué leurs pleins pouvoirs respectifs, trouvés en bonne et due forme, sont convenus des Articles suivants :

ARTICLE I.

Les objets d'origine ou de manufacture Britannique énumérés dans le Tarif joint à la présente Convention, et importés directement du Royaume Uni, sous pavillon Français ou Britannique, seront admis en France aux droits fixés par le dit Tarif.

ARTICLE II.

Pour établir que les produits sont d'origine ou de manufacture Britannique, l'importateur devra présenter à la Douane Française, soit une déclaration officielle faite devant un magistrat Britannique siégeant au lieu d'expédition, soit un certificat délivré par le chef du service des Douanes du port d'embarquement, soit un certificat délivré par les Consuls ou Agents Consulaires de France dans les lieux d'expédition ou dans les ports d'embarquement. Les Consuls ou Agents Consulaires de France sus-désignés légaliseront les signatures des autorités Britanniques.

ARTICLE III.

L'importateur de machines et mécaniques, entières ou en pièces détachées, d'origine ou de manufacture Britannique, sera dispensé de l'obligation de produire à la Douane Française tout modèle ou dessin de l'objet importé.

ARTICLE IV.

L'importateur d'une marchandise d'origine ou de manufacture Britannique taxée à la valeur devra joindre à la déclaration constatant la valeur de cette marchandise et au certificat d'origine, une facture indiquant le prix réel, émanant du fabricant ou du vendeur, qui sera visée par un Consul ou un Agent Consulaire de France dans le Royaume Uni.

ARTICLE V.

Si les articles taxés à la valeur ont été préalablement mis en entrepôt, les droits seront perçus d'après la valeur de ces articles au moment de leur admission effective en France.

ARTICLE VI.

L'importateur contre lequel la Douane Française voudra exercer le droit de préemption stipulé par le Traité du 23 Janvier, 1860, pourra, s'il le préfère, demander l'estimation de sa marchandise par des Experts.

La même faculté appartiendra à la Douane Française lorsqu'elle ne jugera pas convenable de recourir immédiatement à la préemption.

ARTICLE VII.

Si l'expertise constate que la marchandise n'a pas une valeur de cinq pour cent supérieure à celle déclarée par l'importateur, le droit sera perçu sur le montant de la déclaration.

Si la valeur constatée est de cinq pour cent supérieure à celle déclarée, la Douane Française pourra à son choix exercer la préemption, ou percevoir le droit sur la valeur déterminée par les Experts.

This duty shall be increased by fifty per cent., as a fine, if the valuation of the Experts is ten per cent. above the declared value.

If the value, as determined by the arbitration, exceeds the declared value by five per cent., the costs of the inquiry by the Experts shall be defrayed by the declarant. In the contrary case, they shall be defrayed by the French Custom-house.

ARTICLE VIII.

In the cases contemplated by Article VI the two arbitrating Experts shall be named, one by the declarant, the other by the local Chief of the French Customs Service. If there be difference of opinion between them, or if at the time of appointing the Experts the declarant shall require it, the Experts shall choose an Umpire. In default of agreement, this Umpire shall be appointed by the President of the Tribunal of Commerce at the port of importation, or, in his default, by the President of the Tribunal of Commerce at the nearest place.

The decision of the Arbitrators shall be given within the fifteen days which follow their nomination.

ARTICLE IX.

Independently of the duties of Customs, articles of goldsmith's work and of jewellery of British manufacture in gold, silver, platina, or other metals, imported into France, shall be subject to the system of control established in that country for similar articles of domestic manufacture, and shall pay, if it becomes necessary, on the same basis as those, the duties of marking and guarantee.

ARTICLE X.

The Tariff annexed to the present Convention shall, independently of the articles already admissible under the Treaty of the 23rd of January last, be immediately applicable to refined sugars, to works in metal, to machines, to detached pieces of machines, to tools, and to mechanical instruments of every description.

ARTICLE XI.

The present Convention shall have the same duration as the Treaty concluded between the High Contracting Parties on the 23rd of January last, of which it is a complement.

ARTICLE XII.

The present Convention shall be ratified, and the ratifications shall be exchanged at Paris within fifteen days, or sooner if possible.

In witness whereof, the respective Plenipotentiaries have signed it, and have affixed thereto the seal of their arms.

Done, in duplicate, at Paris, the twelfth day of October, one thousand eight hundred and sixty.

Ce droit sera augmenté de cinquante pour cent à titre d'amende, si l'évaluation des Experts est de dix pour cent supérieure à la valeur déclarée.

Si la valeur déterminée par la décision arbitrale excède la valeur déclarée de cinq pour cent, les frais de l'expertise seront supportés par le déclarant. Dans le cas contraire ils seront supportés par la Douane Française.

ARTICLE VIII.

Dans les cas prévus par l'Article VI, les deux arbitres Experts seront nommés l'un par le déclarant, l'autre par le Chef local du Service des Douanes Françaises. En cas de partage, ou même au moment de la constitution de l'arbitrage, si le déclarant le requiert, les Experts choisiront un tiers arbitre. S'il y a désaccord, celui-ci sera nommé par le Président du Tribunal de Commerce du port d'introduction; à défaut par le Président du Tribunal de Commerce du lieu le plus voisin.

La décision arbitrale devra être rendue dans les quinze jours qui suivront la constitution de l'arbitrage.

ARTICLE IX.

Indépendamment des taxes de Douane, les articles d'orfèvrerie et de bijouterie en or, argent, platine, ou autres métaux de manufacture Britannique importés en France, seront soumis au régime de contrôle établi dans ce pays pour les articles similaires de fabrication nationale, et payeront, s'il y a lieu, sur la même base que ceux-ci, les droits de marque et de garantie.

ARTICLE X.

Le Tarif annexé à la présente Convention sera immédiatement applicable, indépendamment des articles déjà admissibles en vertu du Traité du 23 Janvier dernier, aux sucre raffinés, aux ouvrages en métaux, machines, pièces détachées de machines, outils, et mécaniques de toute espèce.

ARTICLE XI.

La présente Convention aura la même durée que le Traité conclu entre les Hautes Parties Contractantes le 23 Janvier dernier, dont elle est l'un des compléments.

ARTICLE XII.

La présente Convention sera ratifiée, et les ratifications en seront échangées à Paris dans le délai de quinze jours, ou plus tôt si faire se peut.

En foi de quoi, les Plénipotentiaires respectifs l'ont signé, et y ont apposé le cachet de leurs armes.

Fait, en double, à Paris, le douzième jour du mois d'Octobre, mil huit cent soixante.
