*Board of Trade, Whitehall,
November 7, 1860.*

THE Right Honourable the Lords of the Committee of Privy Council for Trade have received, from the Secretary of State for Foreign Affairs, a copy of a Despatch from Her Majesty's Minister at Naples, enclosing a copy of a Decree, dated the 18th ultimo, and published in the Official Journal

of that City, of which the following is a translation :

Translation.

Art. I. From the date of the publication of the present Decree, all merchandize arriving from any other of the United Provinces of Italy will be considered home produce, and consequently treated as such in Neapolitan ports.

The transport of such goods will be considered as a coasting trade when carried on in vessels under the national flag. Our customs regulations will, therefore, be applied to the same.

The custom-houses along the frontier of the Marches and Umbria are abolished.

The existing regulations respecting the Island of Sicily will remain in force until the Italian tariff is introduced there.

Art. II. The duties fixed in the table annexed to the Decree of 24th of September last, on the importation and exportation of certain merchandize, will continue provisionally in force.

Art. III. Foreign goods arriving from the free ports of Leghorn, Genoa, and Ancona, will pay, at the custom-houses of the ports at which they arrive, the duties fixed by the tariff at present in force.

Vessels with such produce can only deal with first-class custom-houses, according to the Regulations of June 19, 1826.

Art. IV. The exportation of grain from the Italian provinces and from Sicily is provisionally prohibited.

*Board of Trade, Whitehall,
November 8, 1860.*

THE Right Honourable the Lords of the Committee of Privy Council for Trade have received from the Secretary of State for Foreign Affairs, a copy of a Despatch from Her Majesty's Chargé d'Affaires at Parana, a copy of a new Custom House Law for the thirteen Provinces of the Argentine Confederation, by which the import and export duties of the Confederation are reduced to the rates levied at Buenos Ayres.

By the same law, whenever the amount of duty exceeds fifty dollars, it may be paid in Bills at six months date, instead of in Bills at two, four, and six months, respectively, for each third part of the amount, as heretofore.

A Decree for giving effect to the above law extends to the whole of the Confederation the tariff of valuations in force at Buenos Ayres.

War-Office, November 8, 1860.

THE Queen has been graciously pleased to signify Her intention to confer the decoration of the Victoria Cross on the under-mentioned Officers and Soldier of Her Majesty's Army, whose claims to the same have been submitted for Her Majesty's approval, on account of Acts of Bravery performed by them in India, as recorded against their names; viz. :—

Regiment.	Rank and Name.	Act of Bravery for which recommended.
7th Hussars, (now of the 11th Hussars)	Major Charles Craufurd Fraser, Date of Act of Bravery, 31st December, 1858	For conspicuous and cool gallantry, on the 31st December, 1858, in having volunteered, at great personal risk, and under a sharp fire of musketry, to swim to the rescue of Captain Stisted, and some men of the 7th Hussars, who were in imminent danger of being drowned in the River Raptée, while in pursuit of the rebels. Major Fraser succeeded in this gallant service, although at the time partially disabled, not having recovered from a severe wound received while leading a Squadron in a charge against some fanatics, in the Action of Nawabgunge, on the 13th June, 1858.
78th Regiment ...	Surgeon Joseph Jee, C.B., Date of Act of Bravery, 25th September, 1857	For most conspicuous gallantry and important Services, on the entry of the late Major-General Havelock's relieving force into Lucknow, on the 25th September, 1857, in having during action (when the 78th Highlanders, then in possession of the Char Bagh, captured two 9-pounders at the point of the bayonet), by great exertion and devoted exposure, attended to the large number of men wounded in the charge, whom he succeeded in getting removed on cots and the backs of their comrades, until he had collected the Dooly bearers who had fled. Subsequently, on the same day, in endeavouring to reach the Residency with the wounded men, Surgeon Jee became besieged by an overwhelming force in the Mote-Mehal, where he remained during the whole night and following morning, voluntarily and repeatedly exposing himself to a heavy fire in proceeding to dress the wounded men who fell while serving a 24-pounder in a most exposed situation. He eventually succeeded in taking many of the wounded, through a cross fire of ordnance and musketry, safely into the Residency, by the river-bank, although repeatedly warned not to make the perilous attempt.
93rd Regiment (late)	Colour-Serjeant James Munro Date of Act of Bravery, 16th November, 1857	For devoted gallantry, at Secunderabagh, on the 16th November, 1857, in having promptly rushed to the rescue of Captain E. Walsh, of the same corps, when wounded, and in danger of his life, whom he carried to a place of comparative safety, to which place the Serjeant was brought in, very shortly afterwards, badly wounded.

*Board of Trade, Whitehall,
November 7, 1860.*

THE Right Honourable the Lords of the Committee of Privy Council for Trade have received, through the Secretary of State for Foreign Affairs, a copy of a Translation of a Notice which has been issued by the Board of Health at Lisbon, transmitted by Her Majesty's Consul at that place, reporting that all the ports of the Empire of Morocco are considered free from infection with the cholera morbus.

(1686.)

*Board of Trade, Whitehall,
November 8, 1860.*

THE Right Honourable the Lords of the Committee of Privy Council for Trade, have received, from the Secretary of State for Foreign Affairs, a copy of a despatch from Her Majesty's Consul at Lisbon, transmitting copies of two notices issued by the Board of Health of that port, of which the following are translations :—

The Board of Health of this Kingdom hereby make known that the port of Gibraltar is considered suspected of cholera morbus.

Lisbon, 19th October, 1860.

The Board of Health of this Kingdom, having observed that the 16th Article of the Edict of the 8th March last, is repeatedly and frequently infringed on the part of captains of vessels, in presenting at the ports of the Kingdom more than one bill of health, contrary to the disposition of the quarantine regulations of the same date, and thereby causing serious inconvenience to the service of the health stations and to commercial interests, they have decided to give publicity to the above cited Article in a separate edict, the tenor of which is as follows :—

ARTICLE 16.

No vessel must have more than one Bill of Health, and that it may be considered in regular order, it should be passed according to the official form of the Portuguese Consul at the port of departure, and have the visas of the Portuguese Consuls at the ports they may touch at, or put into through stress of weather.

1. The Bill of Health as also the visas, shall make particular mention of the state of the public health, not only of the port, but of the whole of the consular district, the Consuls declaring, as near as possible, the proximate number of cases of cholera, yellow fever, and plague, when in any part of the consular district there exists any of the said disorders.

2. In the absence of the Portuguese Consul, the Bill of Health can be passed and the visas certified by the Spanish Consuls, and in the absence of the latter, by those of any other nation having commercial relations with Portugal.

3. The Bills of Health that do not bring a Consular attestation shall not be considered in any way valid.

In order that ignorance or other pretexts be not alleged, the Board of Health, in virtue of the authority conceded to them by the 16th Article of the Decree of the 3rd January, 1837, hereby make known, that the vessels arriving in the ports of the kingdom, presenting more than one Bill of Health after the 1st January, 1861, or with a Bill of Health not in the official form, shall be considered as having an irregular Bill of Health, and as such, subject to the dispositions and sanitary measures relative to this infringement of the regulations.

The Board likewise make known that the official form of Bills of Health to which the above 16th

Article refers, is the same that was ordered to be observed and put in force by the Consuls and Consular-Agents, in the Circular Order of the 10th and 11th of June of the present year, addressed to these functionaries by the Minister for Foreign Affairs.

All which is made public by the present edict for the information of those interested.

And whereas another Act was passed in the eleventh year of the reign of Her present Majesty, intituled "An Act for giving further facilities for the transmission of letters by post, and for the regulating the duties of postage thereon, and for other purposes relating to the Post Office."

And whereas another Act was passed in the eighteenth year of the reign of Her present Majesty, intituled "An Act to amend the laws relating to the stamp duties on newspapers, and to provide for the transmission by post of printed periodical publications."

And whereas by the said last-mentioned Act power was given to Her Majesty's Postmaster-General, with the consent of the Commissioners of Her Majesty's Treasury, to make and issue such orders regulations, conditions, and restrictions as he should deem to be necessary or expedient for the purpose of regulating the receipt, transmission, and delivery by post of periodical publications under the provisions of that Act.

And whereas Her Majesty's then Postmaster-General, with the consent of the Commissioners of Her Majesty's Treasury, did, by virtue of the said last-mentioned Act, make and issue certain orders, regulations, conditions, and restrictions,

bearing date the 24th day of December, 1855, and the 27th day of May, 1859, which he deemed to be necessary and expedient for the purpose of regulating the receipt, transmission, and delivery by post of printed newspapers and certain periodical publications under the provisions of the said last-mentioned Act.

And whereas it is expedient to make provision for regulating the transmission by the post of the newspapers hereinafter mentioned.

Now we, the Commissioners of Her Majesty's Treasury (in exercise of the powers reserved to us in and by the several hereinbefore-mentioned Acts, or any or either of them, and of all other powers enabling us in this behalf) do, by this Warrant, under the hands of two of us, the said Commissioners, by the authority of the Statute in that case made and provided, order and direct as follows:

1. On every printed newspaper posted in a British colony addressed to a foreign country, or posted in a foreign country addressed to a British colony transmitted by the post between any such colony and any such foreign country through the United Kingdom, there shall be charged and taken in all cases where no specific rate of postage has hitherto been fixed on a newspaper so transmitted, or where no regulation by Treasury Warrant has hitherto been made authorizing a newspaper so transmitted to be sent free of postage, a rate of British postage of one penny.

2. Every such newspaper shall be so transmitted by the post in conformity with, and under, and subject to the several orders, regulations, conditions, and restrictions made by Her Majesty's Postmaster-General, with the consent of the Commissioners of Her Majesty's Treasury, and bearing date the 24th day of December, 1855, and 27th May, 1859, hereinbefore mentioned, so far as the same are applicable thereto.

3. Her Majesty's Postmaster-General may charge all or any such newspapers, which shall be sent by the post, otherwise than in conformity with the terms, conditions, and regulations mentioned or referred to, in this present Warrant, with such rates or rate of postage respectively, not exceeding in amount such rates or rate respectively, as would be chargeable upon the same as letters or a letter, as to him shall seem fit.

4. Every printed supplement or additional sheet to any newspaper, shall for the purpose of charging the postage under this Warrant, be deemed a separate newspaper, chargeable with a distinct rate of postage unless sent in the same cover, or together with the newspaper to which it is a supplement or addition.

5. On any newspaper transmitted by the post under the regulations of this Warrant, any foreign or colonial transit rate payable on any such newspaper shall be charged and paid thereon in addition to the British postage.

6. The several terms and expressions used in this Warrant, shall be construed to have the like meaning in all respects, as they would have had if inserted in the said Act passed in the fourth year of the reign of Her present Majesty, hereinbefore recited.

7. The Commissioners for the time being of Her Majesty's Treasury may, by Warrant under their hands, duly made at any time hereafter, alter, repeal, or revoke any of the rates of postage hereby fixed, or any of the orders and directions of the said Commissioners, hereby made, and make and establish any new or other rates, orders, and directions in lieu thereof, and from time to time appoint at what time the rates which may be payable are to be paid.

8. This Warrant shall come into operation on the 1st day of January, 1861.

Fixed Light on Phladda Islet.

Also, that on and after the above date, a light will be exhibited from the lighthouse erected on Phladda Islet, about a mile from the west side of Luing Island, and $2\frac{1}{2}$ miles S.W. from Easdale Island, Argyleshire, west coast of Scotland.

The light will be a *fixed* light, and it will show *red* when seen from the northward, or in the direction of Bogha Nuadh rock, when bearing between S. by W. $\frac{1}{4}$ W. and S.S.W. $\frac{3}{4}$ W.; it will show *white* landward when bearing between S.S.W. $\frac{3}{4}$ W. and N.N.E. $\frac{1}{4}$ E.; and it will be *masked* seaward between the bearings of N.N.E. $\frac{1}{4}$ E. and S. by W. $\frac{1}{4}$ W. The mariner, however, must bear in mind that in approaching it from the southward, a faint light will be seen, varying with the state of the atmosphere, for some distance easterly of N.N.E. $\frac{1}{4}$ E. The elevation of the light will be 42 feet above high-water springs, and in clear weather it should be seen from a distance of 11 miles.

The light-tower, of stone and painted white, is 42 feet in height from base to vane.

[The bearings are Magnetic. Variation $26^{\circ} 10'$ West in 1860.]
