FOREIGN OFFICE, SEPTEMBER 15, 1862.

REGULATIONS FOR HER MAJESTY'S DIPLOMATIC SERVICE.

1. *Nomination, qualification, and examination of candidates for Unpaid Attachés.*

CCANDIDATES for the situation of Attaché in Her Majesty's Diplomatic Service will continue to be nominated by Her Majesty's Secretary of State for Foreign Affairs; and they must be prepared to undergo an examination before the Civil Service Commissioners within six months after their nomination if they elect to undergo only one examination (which single examination will, in that case, exempt them from any further examination previously to their receiving Commissions as Secretaries) or within three months if they prefer to undergo two examinations as heretofore. In the latter case the second examination may be deferred until the candidate is prepared to undergo it.

Candidates on presenting themselves for examination on their nomination must have completed the twenty-first year of their age, and not have exceeded the twenty-sixth.

In the case of candidates electing to undergo only one examination, such examination will comprise the following matters:—

- a. Orthography and handwriting.
- b. General intelligence, as evinced by the manner in which the candidate acquits himself, and specifically by the quickness he may show in seizing the points in papers read to him, or read over by him, once or twice.
- c. Précis.
- d. The candidate must satisfy the Examiners that he is thoroughly well grounded in the Latin grammar, and that he is able to construe and parse a portion of some good classical Latin author, and to give the derivations of words.
- e. An accurate knowledge of French grammar, fluency in French conversation, correctness of translation from French into English, and from English into French, and French composition.
- f. An accurate knowledge of German grammar, a tolerable degree of fluency in German conversation, and correctness of translation from German into English, and from English into German.

g. A fair knowledge of the political history of Europe, and of North and South America, from the year 1660 to 1860 inclusive, and of the most important international transactions during that period.

h. A general knowledge of geography.

i. The first four rules of arithmetic and decimal fractions as given with examples in Colenso's Arithmetic.

j. The first book of Euclid.

k. A general knowledge of maritime and international law, to be acquired from Wheaton's "Elements of International Law," and the first volume of Kent's "Commentary."

l. Candidates will be allowed, at their option, to be examined in Spanish and Italian in addition to the above subjects.

In the case of candidates electing to undergo two examinations, the first examination will comprise the following subjects:—

1. Orthography; 2. Handwriting; 3. Précis;
4. Latin; 5. Arithmetic; 6. Geography.
7. General intelligence, except as regards specific tests.
8. An accurate knowledge of French grammar, correctness of translation from French into English, and such a facility of speaking French as may show aptitude for acquiring fluency after a residence abroad.
9. An accurate knowledge of German grammar.

10. A general knowledge of the political history of Europe, and of North and South America, from 1790 to 1815, comprising an acquaintance with the most important international transactions of that period.

In either case, candidates who have passed the first public examination in classics at one of the Universities in Great Britain or Ireland, will be exempted from being examined in Latin.

Candidates who shall have elected to undergo two examinations must be prepared to satisfy the examiners, if required to do so, as to their acquaintance with the various matters which come within the single examination (except as regards Latin, geography, and arithmetic, in which such candidates are exempted from being re-examined); and they will, moreover, be required, for their second examination, to draw up a report on the general commercial and political relations of the several countries in which they may have resided; and on the internal polity and administration, the

social institutions, and the character of the people of such countries.

If a candidate offering himself for the single examination should fail to satisfy the Commissioners to the required extent, but should evince such a knowledge of the subjects on which he may have been examined, as would have obtained for him a certificate of fitness if he had only offered himself for a first examination, the Commissioners will, in such case, give a certificate as for a first examination; and the candidate will eventually have to present himself again before the Commissioners for the second examination.

2. *Period of service of Attachés.*

The service of Attachés will reckon from the date of the certificate first granted by the Civil Service Commissioners, and will be considered as probationary for four years from that date, during which period the Attachés must have been employed for six months in the Foreign Office, and must also have actually resided at one of Her Majesty's Embassies or Missions abroad, or have been actually employed in the Foreign Office, for a further period of three years. If these conditions as to employment and residence have not been fulfilled at the expiration of four years from the date of the certificate of the Civil Service Commissioners, the probationary period will be prolonged until they have been fulfilled; and it will likewise be prolonged in the case of candidates who may have elected to undergo two examinations, until the final certificate of the Commissioners has been obtained.

3. *A salary of £150 a-year will be granted, contingently, to Attachés on completion of their probation.*

A salary at the rate of £150 a-year will be granted to Attachés on the termination of the period of probation, and on the receipt from the Minister, under whom they have last served, of a certificate showing that their general character and conduct, during the time they have so served, have been satisfactory; and that, as far as such Minister has the means of forming an opinion, they understand and speak French well, and also one other foreign language.

4. *Abolition of the designation of Paid Attachés. Commissions as Second Secretaries to be granted to Paid Attachés.*

The designation of first and second paid Attaché is abolished; and in lieu thereof will be substituted the designation of Second Secretaries, which will be conferred by Commissions under Her Majesty's Sign-Manual.

5. *Commissions as Third Secretaries to be granted to Unpaid Attachés on completion of their probation.*

Commissions as Third Secretaries will also be granted under Her Majesty's Sign-Manual to persons now serving as Unpaid Attachés, or who shall hereafter be appointed Unpaid Attachés, on the fulfilment of the conditions, applicable to such persons, as specified in the present regulations.

It is clearly to be understood that the aforesaid Commissions of Second and Third Secretaries will not imply appointment to any particular Embassy or Mission; but the holders thereof will be subject to the same conditions and liabilities as to removal from one Mission to another, at the discretion of the Secretary of State, as those to which Attachés of all classes are now liable.

Secretaries of the Second and Third Classes may be indiscriminately attached, either to an Embassy or to a Mission; and the circumstance of having been attached in either of the above capacities to an Embassy will not preclude transfers in the same capacity to a Mission. Moreover, there may be more than one Secretary of either of the above classes attached, at the pleasure of the Secretary of State, to any Embassy or Mission.

6. *Number of Second Secretaries.*

There will be a fixed number of Second Secretaries, determined by the number of First and Second Paid Attachés at the date of the issue of these Regulations.

The salaries of Second Secretaries will be fixed at the same rates as those now assigned to First and Second Paid Attachés in the respective Embassies and Missions; it being understood that such rates have reference to the character of the Embassy or Mission, and not to the services of the Second Secretaries, who may be removed, without claim to compensation, from an Embassy or Mission where the rates are higher, to an Embassy or Mission where the rates are lower.

7. *Rules as to Pensions of the Fourth Class.*

In virtue of Her Majesty's Commissions, the service of Second and Third Secretaries will count for their pensions, under the Act of 2 & 3 Wm. IV, cap. 116, from the date of the issue of their first Commission; but the amount of pension to be assigned to them will be calculated, so long as they are eligible for a pension of the fourth class only, for each year that has elapsed since the date of their first Commission, at one-thirtieth part of the last salary of which they were in receipt at the time of the pension being granted; provided that no pension shall continue to be issued to a person not incapacitated by ill-health, medically certified, who may decline active service before he has reached the sixtieth year of his age, after which age no person shall be required to serve as Second or Third Secretary.

8. *Provision for the transfer of the Junior Members of the Diplomatic Service from one post to another; and payment of their expenses of removal.*

Second or Third Secretaries, and Attachés, as a general rule, will not be employed for more than two years consecutively, irrespective of the periods during which they may have been absent on leave, in the same Embassy or Mission, unless for special public reasons. Secretaries of Embassy or Legation, Second and Third Secretaries, and Attachés, will, on their first appointment, or on any subsequent removal by reason of promotion or otherwise on public grounds, receive such an allowance as shall be sufficient to cover the actual expense of their personal journey by land, or the actual amount paid for their personal passage by sea, either from England to their port, or from one foreign post to another; and in the case of Secretaries of Embassy or Legation, and of Second Secretaries, a similar allowance for one servant, if they have one; but no allowance will be made under the head of subsistence during a journey by land; neither will any allowance be made for the expense of the journey or subsistence of the families of any such Secretaries or Attachés. In the event of a passage being afforded to Secretaries or Attachés on board of one of Her Majesty's ships of war, the allowance

made will be in conformity with the Admiralty Regulations.

No allowance will be made to the Junior Members of the Diplomatic Service for journeys undertaken for their own convenience, in pursuance of leave of absence; but in all such cases the expense of the journeys from and on returning to their posts will be exclusively at their own charge.

It is understood, moreover, that in the case of any journey of which the expense is to be allowed, Secretaries or Attachés, unless specially excused from doing so, will be bound to take charge of despatches, if required; and, in that case, they will be expected to perform the journey without delaying on the road.

9. Interchange of employment between Second and Third Secretaries, and Junior Clerks in the Foreign Office.

The Secretary of State will, should he see occasion, for the advantage of the Public Service, allow Second and Third Secretaries, and Attachés, to interchange for a time their duties with Clerks of the three Junior Classes in the Foreign Office; the several parties being bound, for the whole period through which the interchange extends, in every respect to perform the duties and to submit to the obligations attaching to the situation which they may temporarily occupy.

The Secretary of State will, moreover, if he sees reason to do so, direct such temporary interchange of duties to be made, irrespective of the wishes of the parties, between Second or Third Secretaries, or Attachés, and Clerks in the Foreign Office; or he will direct such persons to be employed for a time, at home or abroad, without any interchange, making in either case such an allowance to the parties as he may consider just and reasonable. In the event of any Attaché being so employed in the Foreign Office, the period, over and above the six months which are obligatory as stated in section 2, during which he shall be actually employed in the Foreign Office, shall reckon towards the three years during which he is by these Regulations to reside at an Embassy or Mission abroad.

In the case of temporary interchanges between Secretaries and Clerks, they will respectively rank, during the period for which the interchange shall last, after the Junior in the classes of Secretaries or Clerks to which each of them belongs, the Clerk receiving an acting appointment as Secretary of such class. The same principle will apply in cases of permanent interchange.

If a Clerk in the Foreign Office should be permanently transferred to the Diplomatic Service, or should be temporarily employed with a Special, or with an Ordinary, Embassy or Mission, he will receive a Commission or an acting appointment, as the case may be, as Secretary of the Second or Third Class, according to the length of his service in the Foreign Office; but he will, as regards others then in the same class, enter it as the Junior.

10. Deductions to be made from salaries of Heads of Missions on leave of absence.

With a view to relieve Heads of Missions on leave of absence on private grounds, the deduction to be made from their salaries will in future be limited, for a period not exceeding sixty days from the date of their departure from their posts, to the sum required to provide for the allowances of the Acting Chargés d'Affaires according to the

present Regulations; on the expiration of which period the deduction will be at the rate of one-half of their salaries. Such period of sixty days may either be one of sixty consecutive days, or of sixty days occurring at intervals in the course of one year beginning on the first of January.

11. Allowances during war or interruption of relations.

Should an Ambassador, Minister, or Secretary, by reason of war or other interruptions of Diplomatic relations, be withdrawn from active service before his services shall have qualified him for a Diplomatic Pension of the class under which he would otherwise come, the Secretary of State will, as he may see fit, assign to any such person a temporary allowance calculated on the rate of pension assigned to the class to which he belongs, regard being had to the length and general character of his services; such allowance being, however, strictly subject to the condition in regard to employment specified in the 7th section of the Act of 2nd and 3rd William IV., c. 116.

12. Date at which present Regulations shall take effect.

The foregoing Regulations shall take effect from the 1st day of October, 1862: but Unpaid Attachés appointed previously to the 1st of January, 1861, will be allowed until the 1st of July, 1863, to undergo their second examination, according to the Regulations now in force; and if, on such second examination, they obtain their certificates, they will retain their present precedence, but not otherwise.

All persons nominated as Attachés subsequently to the date of the present Regulations will be subject to the provisions as to examination therein contained.

The condition of employment for six months in the Foreign Office will not be enforced with regard to Unpaid Attachés in the service abroad at the date of these Regulations; but such Unpaid Attachés must have passed both examinations under the existing Regulations, must have actually resided for a period of three years at one or more of Her Majesty's Embassies or Missions abroad, must have completed four years from the time of their entering the service, and must be provided with the certificate from the Head of the Mission under whom they have last served, specified in Clause 3 of these Regulations, before they can receive a Commission as a Secretary of the Third Class, or the salary at the rate of £150 a-year assigned to that Class. Those persons who continue in the service, or who shall hereafter enter the service, as Unpaid Attachés, will be denominated "Attachés."
