GOVERNMENT NOTICE.

*Colonial Office, Cape of Good Hope,
18th August, 1862.*

THE Government of the Colony of the Cape of Good Hope will be prepared to receive Sealed Tenders for the construction and working of the following single lines of railway, viz.: a branch railway to or near to the town of Malmesbury, in communication with the railway now in course of construction from Cape Town to Wellington,—a railway from Wellington to Worcester, in communication with the Cape Town and Wellington Railway,—and a railway from Port Elizabeth to Graham's Town; together with electric telegraphs along the line of each such railway,—on the terms and conditions following:—

1. The Government will undertake to guarantee the payment out of the Colonial Revenue, for the term of fifty years from the opening for traffic of any portion of any one of the said railways, of interest at the rate of six per cent. per annum on the amount actually expended on such portion: provided that the total sum on which interest shall be guaranteed shall not exceed, for the branch railway to Malmesbury £200,000; for the railway from Wellington to Worcester £400,000; and for the railway from Port Elizabeth to Graham's Town £750,000.

2. If after the opening of any portion or the whole of any such railway, the receipts in one year shall not, after deducting the cost of working the same, leave a surplus equal to interest at the rate of six per cent. on the amount expended on its construction, the Colonial Government will, under the guarantee above mentioned, make good the deficiency.

3. The following items may be charged against the sums on which the interest is guaranteed, viz.:

1st. The cost of constructing the railway, including the cost of erecting, purchasing, or hiring all necessary buildings in the Colony required for the purposes of the railway, with its stations and appurtenances.

2nd. The cost of providing the working stock of engines, carriages, and other plant and machinery, fit and proper for the working of the railway.

3rd. The cost of laying down the line of telegraph, with its machinery and apparatus.

4th. The sum equal to interest paid or supposed to be paid half-yearly, at the rate stipulated in the contract, upon all sums from time to time paid up or advanced for the construction and working of the said railway, reckoned from the time or times of paying up or advancing such sums down to the time when interest upon such sums, at and after such rate, shall, after the opening of the line or portion of the line for traffic, become payable out of net profits, or by virtue of the Government guarantee.

4. Each tender must be accompanied with all the necessary surveys, plans, sections, and specifications, to be made at the cost of the person or persons tendering.

5. The Government will, on the application of any person or persons proposing to give in a tender for the construction of any of the said railways, grant the requisite authority to such

surveyors as they may desire to employ for surveying and setting out the lines of the same; but any damage occasioned by any such surveyor must be paid for by him or by his employers.

6. Persons will be at liberty to tender for the construction and working of one or more of the above-mentioned railways.

7. Persons tendering, not resident in the Colony, will be required, in sending in their tenders, to name the persons resident in the Colony who may be duly empowered by them to enter into all the necessary covenants and agreements in the event of their tenders being accepted.

8. The Government will be prepared, on and after the 1st day of January next, to furnish to parties applying at the office of the Colonial Secretary in Cape Town, a statement of the terms and conditions which it is proposed to insert in the contracts to be entered into for the construction and working of the above-mentioned railways respectively.

9. The Government will be at liberty to reject any or all of the tenders which may be received, and to enter into agreements on the best terms procurable, either with any of the persons whose tenders may have been rejected or with any other persons, for the execution of any of the works.

10. These tenders, being marked "Tender for the ——— Railway," will be received at the office of the Colonial Secretary in Cape Town, up to the hour of noon, on Wednesday, the 15th day of July, 1863, and will be opened in the presence of the Governor and the Executive Council. In the

event of the Mail to be dispatched from England on the 6th June, 1863, not arriving at Cape Town before 15th July, 1863, tenders will be received up to the hour of noon on the second day after the arrival of the Mail; and no tender which may have been previously received will be opened before that time.

In the event of there being no contract in force at the time for the conveyance of the Mail between England and this Colony, no tender will be received after the hour of noon on the 15th July, 1863.
