WE your Majesty's dutiful and loyal subjects, the general body of the Protestant Dissenting Ministers of the three denominations residing in and about the cities of London and Westminster, approach your Royal presence with profound respect, to express the continued affection and undiminished sympathy, which we cherish toward your Majesty. Holding in grateful remembrance the virtues and piety of the late lamented Prince Consort, we hail the event of the Marriage of His Royal Highness the Prince of Wales, as calculated to alleviate the sorrows of your bereaved and royal heart: We participate in the joy of the whole British people, on this auspicious occasion, and are thankful to Almighty God, that His Royal Highness has, under your Majesty's sanction, formed an alliance with a Princess, who is so commended by the virtues of her character, her august lineage, and the religion she professes.

May the blessing of God rest on the relation now sustained towards each other by their Royal Highnesses, the Prince and Princess of Wales; may this happy union conduce to the honour and stability of the Throne, so illustriously filled by your Majesty, and to the perpetuation of the manifold blessings which distinguish your Majesty's reign. We confidently anticipate that under the Divine favour it will not less subserve the performance of all the excellencies of the British Constitution, and to the increasing prosperity of every part of the British Empire.

We earnestly assure your Majesty that we value highly the blessings enjoyed under your Majesty's government. We trust that your Royal

sway may be prolonged to a far distant period, and that its blessings may be finally transmitted with all the serenity and increase of which they are capable to generations yet unborn, while, in common with other Ministers of Our Lord Jesus Christ, we shall make it our unremitting solicitude to extend the influence of the Gospel of Grace and Peace and Charity, and so seek to strengthen the attachment of all your Majesty's subjects with whom we have intercourse toward your Majesty's person, family, and government.

*Board of Trade, Whitehall, May 8, 1863.*

THE Right Honourable the Lords of the Committee of Privy Council for Trade have received from the Secretary of State for Foreign Affairs, a copy of a Despatch from the British Commissioner of the European Commission of the Danube, enclosing the following translation of a revised Tariff of the Navigation Dues levied at the Soulina mouth of that river:

PROVISIONAL TARIFF OF NAVIGATION.

DUES TO BE LEVIED AT THE MOUTH OF THE DANUBE.

THE EUROPEAN COMMISSION OF THE DANUBE.

WHEREAS Article XVI of the Treaty of Paris of 30th of March, 1856, stipulates that the expenses of the works performed for the purpose of clearing the mouths of the Danube and the portions of sea adjoining, of the obstacles which obstructed them, and those of the establishments for securing and facilitating navigation, shall be covered by means of levying the fixed dues determined by the Commission.

And whereas a provisional Tariff was in consequence enacted under date of the 25th July, 1860.

And whereas since the enforcement of the Tariff, the works undertaken at the mouth of the Sulina have been completely finished, and in consequence of the increase of depth which has resulted therefrom, the obstacles which vessels used to encounter at this point have been removed.

And whereas the works of correction and deepening undertaken in the course of the river, and which approach completion, and the improvements introduced into the establishments referred to in

the Treaty, as well as the creation of a Seaman's Hospital at Sulina, into which sick or shipwrecked sailors will be in future admitted free of charge assure to the navigation considerable advantages.

And whereas an increase of five centimes per ton to the dues at present levied upon vessels, an increase of which the produce will be devoted to covering the expenses of the Seaman's Hospital, appears thereby justified, and is moreover but a slight addition to the charges supported by the navigation.

And whereas it is necessary in view of distributing these charges more equitably, to impose a toll on rafts of timber, at present quite free from toll, although they profit equally by the improvement realized in the river and at the mouth.

And whereas experience has shown that there is an advantage to the navigation in merging in, one single shipping due, the tolls levied for the improvements and the pilotage of light dues.

The Commission enacts the following provisional Tariff:—

#### ART. I.

Every sailing vessel of more than 30 tons register quitting the port of Sulina to go to sea, and which has according to her manifest more than a third of her full lading, shall pay a fixed shipping-due by ton register, the amount of which shall be hereinafter determined according to the total tonnage of the vessel and the depth on the bar at the Sulina mouth.

Vessels which shall have ascended the River to ship their cargoes at one of the interior ports, shall pay the Tolls as regulated by the following Table:—

VESSELS.	Amount of Dues to pay per Ton with a depth at the mouth													
	Of less than 10 feet.		Of 10 feet at least and 11 feet at most.		Of more than 11 feet to 12 feet.		Of more than 12 feet to 13 feet.		Of more than 13 feet to 14 feet.		Of more than 14 feet to 15 feet.		Of more than 15 feet.

## ART. II.

Steam vessels belonging to a public Company specially appropriated to the transport of passengers, and making periodical voyages according to a time bill published beforehand shall pay each time on leaving the river a fixed toll of fifty centimes per ton register, whether the lading is full or partial.

This due shall be calculated on the total tonnage of the vessel, after making a deduction for the space occupied by engines and coal bunkers.

The deduction shall amount to 37 per cent. for paddle-wheel steamers and 32 per cent. for screw steamers.

It shall be effected only after the conversion of the vessel's tonnage into English register tons, as prescribed in Article XIII following.

These vessels will be free from all dues on entering the river.

## ART. III.

All merchant steam vessels others than those mentioned in the preceding Article, shall be subjected to the same dues as sailing vessels, with the exception of the deduction on account of engines and coals, which shall be equally effected upon their total tonnage in accordance with the bases established in the preceding Article.

The amount of the fixed dues per ton register which these vessels will have to pay shall be regulated according as they ascend the river above Sulina or not, in conformity with the above Tables, after the deduction guaranteed therein by the first paragraph of the present Article.

## ART. IV.

Merchant vessels propelled either by sail or steam, other than those mentioned in Article II., which shall enter the port of Sulina from the sea, and which shall have according to their manifest more than a third of their lading, shall pay for entering the river, the fourth part of the due imposed on them for the outward passage, according to the above Articles I and III.

This entrance due shall not be paid by them until they leave the river.

Should, however, the said vessels leave the river with less than a third of their lading, they will in this case have to pay for their entrance the full amount of the dues fixed by Articles I and III.

## ART. V.

Lighters chartered for the passage of the Sulina bar by vessels which shall have paid the dues fixed by the preceding Articles, shall pay for each passage made with a full or partial lading only the following tolls, namely:—

Lighters of 10 to 50 tons burden, six francs;

Those of more than 50 tons burden, and not exceeding 100 tons, eight francs;

And those of more than 100 tons burden twelve francs.

## ART. VI.

Vessels remaining at anchor in the Sulina roads to load or unload the whole or part of their cargo, shall not be subjected to the dues established by the preceding Articles. They shall only pay an uniform due of one hundred francs

each vessel, towards covering the expenses of the establishments from which they derive actual benefit.

Lighters chartered to transport across the mouth the cargo of the said vessels, shall pay for every passage across the bar with whole or partial lading, a fixed due of one franc per ton on their total tonnage.

Steam lighters shall be allowed the deduction on their tonnage mentioned in Article II preceding, in calculating the dues they will have to pay.

## ART. VII.

Rafts and floats of timber not exceeding 100 feet English in length, by 40 feet English in breadth, shall pay, on leaving the river, if towed, a fixed due of 100 francs per raft.

This due shall be increased to 300 francs for every raft or float of timber not towed, of whatever dimensions it may be. And also for such rafts or floats as exceed 100 feet in length by 40 in breadth.

## ART. VIII.

Vessels of war are free of all dues, both on entering and on leaving the port of Sulina.

## ART. IX.

Vessels of more than 60 tons register, which shall enter the port of Sulina and leave the same with less than a third of their full lading, and which are freed in consequence from the dues established by Articles I, III, and IV preceding, will have to pay on leaving the river a toll of 50 centimes per ton for light and pilotage dues.

Sea going vessels engaged temporarily in the lighter service will have to pay this same toll, independently of the due of one franc per ton mentioned in the second clause of Art. VI.

Sea going vessels, or lighters, seeking shelter in the port of Sulina, from bad weather, or putting into repair damages, and those which shall be obliged, in consequence of any accident whatever, to take refuge in the port, and shall be unable to continue their voyage, shall be free from all dues, provided that they put to sea again, without engaging in any mercantile transactions.

## ART. X.

The dues fixed by the preceding Articles shall comprise the tax imposed on vessels to cover the expenses of works and other improvements carried out by the European Commission.

The dues actually in force for the maintenance of the light-houses composing the system of lights for the Danube mouths, and the dues intended to cover the expenses of the pilot service for the Sulina entrance and of the other establishments instituted with a view to facilitate the navigation.

In addition to these dues, vessels shall not be subject to any other tax or charge whatever, except for the hire of the river pilots for the down voyage, which they will have to pay in conformity with the following Article.

## ART. XI.

Sailing vessels of more than 60 tons register which shall have ascended the river above the Sulina port, shall pay, on leaving the river for the compulsory pilotage of the down voyage, a fixed due regulated as follows:

For the voyage from Galatz, or any other port higher up, to Sulina, 120 francs.

For the voyage from Reni or Ismail to Sulina, 100 francs, and for the voyage from Toultscha to Sulina 72 francs—these dues shall be reduced by one-half for steamers.

The steamers mentioned in Art. 2 preceding, shall be free of this tax, provided that their pilots have been licensed as pilots of the 2nd class.

As regards pilotage for ascending the river, which is purely optional, the amount to be paid to the pilot is to be a matter of arrangement between him and the captain of the vessel, from whom he is to receive the amount himself.

## ART. XII.

The due shall be paid over to the cashier of the Navigation Cash Office at Sulina, who will give a receipt for the same.

A table showing the conversion into francs of the monies in use on the Lower Danube shall be always posted up in the cash office. This table shall be revised periodically.

## ART. XIII.

By the term "ton register" shall be understood the English registered ton.

The tonnage of vessels shall be ascertained from the ship's papers.

The reduction of the tons of different nations into English measurement, shall be made in accordance with the table annexed to the present tariff.

## ART. XIV.

Vessels entering the Danube without papers showing their tonnage, shall be submitted, with the sole view of fixing the navigation dues which they will be bound to pay in accordance with the present tariff, to an approximate assessment made under the direction of the Captain of the port, and with the assistance of the proper consular authorities, by two skilled persons.

The Cashier of the navigation chest shall have the option of assisting at the operation, either personally or by a delegate.

A like proceeding shall take place if the ship's papers are notoriously incorrect, or if there is a dispute concerning the proportion of a vessel's lading, in the cases provided by the above Arts. I and IV.

The assessment of tonnage in default of ship's papers shall be made at the expense of the vessel that gives rise to it. The same rule shall hold good if an assessment proves an excess of more than 50 tons above the capacity indicated by the ship's papers; or if it is proved contrary to the declaration of the captain or owner that the vessel has more than the third part of her full cargo. If the contrary be the case, the said expenses shall be charged to the navigation chest.

In any case these assessments shall be final, and can give rise to no appeal whatever.

## ART. XV.

The depths, according to which the dues fixed by the present tariff shall be determined, shall be taken on the bar of Sulina, in English feet.

The soundings shall be taken under the direction and responsibility of the engineer charged with the works of improvement at the river's mouth.

The result of these soundings shall be posted up at the Navigation Cash Office, and at the office of the Captain of the port.

If the state of the sea does not allow soundings to be taken, the amount of the dues to be levied shall be based on the last depth ascertained.

## ART. XVI.

Every vessel, float of timber, or raft, which shall attempt by any means whatever to evade payment (either wholly or partially) of the dues fixed by the present tariff, shall be liable besides the dues which it will have to pay in accordance with the preceding provisions, to a fine equal to four times the amount of the dues.

If the tonnage indicated on the ship's papers appears to be fraudulent, a verification of the capacity of the vessel can be made, as prescribed by the above Article XIV.

The infliction of the fine will be pronounced by the Captain of the Port of Sulina.

Appeals against these judgments must be brought before the European Commission of the Danube, or before the International Authority, that will take its place.

The delay within which such appeals must be made, and the form of proceeding shall be determined hereafter by special provisions.

The judgments pronounced by the Captain of the Port shall take effect, notwithstanding an appeal; in which case the amount of fine shall be paid as a deposit into the navigation chest.

The amount of fines adjudged to be legal, shall accrue to the said chest, to be devoted to the maintenance of the Seaman's Hospital.

## ART. XVII.

The Commanders of vessels of war stationed at the mouth of the Danube, agreeably to Article XIX of the Treaty of Paris, will be called upon to insist upon the payment of the dues fixed by the present tariff, and of the fines accruing under its stipulations, by vessels of their nation, and of those whose flag they shall be authorized to protect, either in virtue of treaties or usages, or of a general or special delegation.

The assistance of the vessels of war shall be demanded, as a rule, through the intervention of the Captain of the Port of Sulina, on the requisition of the Cashier of the navigation chest.

In default of a vessel of war authorized to exercise a coercive action over an offending vessel, the Captain of the Port shall have recourse to the intervention of the Turkish ships of war stationed at Sulina.

## ART. XVIII.

The provisional tariff of 25th July, 1860, is hereby abrogated, and the present tariff, which may be revised if necessary, shall come into force as soon as publication of the same has been made at the ports of Braila, Galatz, Reni, Toultscha, Ismail, and Sulina.
