*Board of Trade, Whitehall,  
July 18, 1864.*

THE Right Honourable the Lords of the Committee of Privy Council for Trade have received, from the Secretary of State for Foreign Affairs, a copy of a Despatch from Her Majesty's Consul-General at Valparaiso, inclosing a copy of a Decree of the Chilian Government, deferring the calling in of the old 25 cent pieces for a period of six months, and of which the following is a translation:—

SANTIAGO, May 19, 1864.—Having perused the foregoing note, and considering,

1. That a great scarcity of silver coin is felt in the market.
2. That it is at present very difficult to replace the silver coin which is exported, on account of the high price of silver bullion, which exceeds the maximum price fixed by law for the purchases which the Mint is authorized to make.
3. That in attention to these circumstances it is convenient to prorogue the term within which

the Fiscal Offices may receive the 25 cent pieces, and which will not present any difficulties to commerce, inasmuch as the said coin does not alter the Decimal system.

I Decree,—Let the term fixed by the 3rd Article of the Decree of June 8, of last year, within which the Fiscal Offices may receive the national silver coin of 25 cents, be prolonged for six months.

Let this be noted, communicated, and published.

*Board of Trade, Whitehall  
July 18, 1864.*

THE Right Honourable the Lords of the Committee of Privy Council for Trade have received, from the Secretary of State for Foreign Affairs, the following translation of a Decree of the Chilian Government, regulating the prices to be paid at the Mint for Gold and Silver Bullion purchased for the purpose of coining, and which has been forwarded by Her Majesty's Consul at Valparaiso:—

SANTIAGO, May 21, 1864.—Having perused the preceding note from the Superintendent of the Mint, and considering:

1. That in order to facilitate the introduction of gold and silver bullion for coining, it is necessary to adopt a scale of prices for the purchase of these metals, which, without going beyond the limits established by the present laws, may be altered according to the state of the market.
2. That with this object it is requisite to establish rules to determine the form and terms in which the variations should be made.

I have accorded and decree—

Art. 1. The purchases of gold and silver bullion for the working of the Mint shall be made at the prices which may previously be fixed by a Committee, composed of the Superintendent, Treasurer, and Comptroller.

Art. 2. This Committee shall meet as often as the Superintendent may convoke it. The official Comptroller shall keep a Book of Minutes, these minutes shall be sent in copy to the Minister of

Finance for the approbation of the Government, and for publication in the official periodical.

Art. 3. The maximum of the prices which can be fixed for gold and silver bullion shall be those established by the Laws of July 28, 1860, and August 18, 1843, that is to say, 715 dollars for the quilogram of gold of the lei (quality) of one thousand millesimals, and forty-two dollars nine hundred and twenty-six millesimals for the quilogram of silver of the same quality.

The lowest price for fine gold shall be (700), seven hundred dollars for the quilogram, and as regards the silver, that shall be adopted which in the opinion of the Committee is nearest to the current rate of the market.

Art. 4. The prices which may be established shall not be altered nor modified until at least one month shall have passed from the day in which the alteration or modification accorded is announced in the official periodical.

Art. 5. The Superintendent will take care to obtain the necessary data, in order that the Committee may be aware of the alterations which may take place in the market prices of bullion, of the abundance or scarcity of circulating medium, and of the necessities of the country in this respect.

Let this be noted, communicated, and published.

*War Office, July 16, 1864.*

THE Queen has been graciously pleased to signify Her intention to confer the decoration of the Victoria Cross on the under-mentioned Officer of Her Majesty's Indian Forces, whose claim to the same has been submitted for Her Majesty's approval, for his gallant conduct during the operations at Umbeyla, on the North-Western frontier of India, as recorded against his name; viz :

Corps.	Rank and Name.	Acts of Bravery for which recommended.
Bengal Staff Corps	<p>Lieutenant Henry William Pitcher, Adjutant, 4th Punjab Infantry</p> <p>Date of Acts of Bravery, October 30th and November 16th, 1863</p>	<p>For the daring and gallant manner in which, in the course of the recent operations against the Frontier Tribes, on the 30th October, 1863, he led a party of his Regiment to re-capture the Crag Picket, after its garrison had been driven in by the enemy; on which occasion sixty of them were killed in desperate hand to hand fighting.</p> <p>From the nature of the approach to the top of the Crag amongst the large rocks, one or two men only could advance at one time; "and while I ascended one path," relates Major Keyes, commanding the 1st Punjab Infantry, "I directed Lieutenant Fosbery, of the late 4th European Regiment, to push up another, at the head of a few men. He led this party with the greatest coolness and intrepidity, and was the first man to gain the top of the Crag, on his side of the attack. Lieutenant Pitcher, equally cool and daring, led a party of men up to the last rock, until he was knocked down and stunned by a large stone thrown from above, within a few yards of him."</p> <p>Lieutenant Pitcher also displayed great gallantry in leading on a party of his Regiment to endeavour to recover the Crag Picket, when it again fell into the enemy's hands, on the 13th of November, as related in the following extract from Major Keyes' report of the 16th of that month;</p> <p>"The duty of leading the first charge devolved upon Lieutenant Pitcher, and I beg to bring to the special notice of the Brigadier-General Commanding, the admirable manner in which he performed this important duty. He was by many yards the foremost of his party, and the gallant bearing of this excellent young Officer was the admiration of all spectators. It is impossible to say too much, or to over-rate his services on this occasion. Lieutenant Pitcher was severely wounded, and was obliged to be carried back."</p>

#### MEMORANDUM.

Her Majesty has been pleased to direct that the Commission of Lieutenant-Colonel Sir A. P. Gordon-Cumming, of the 1st Administrative Battalion of Elginshire Rifle Volunteers, shall bear date the 12th June, 1861, instead of 28th June, 1861.

#### TREASURY WARRANT.

WHEREAS by an Act of Parliament made and passed in the session of Parliament holden in the third and fourth years of the reign of Her Majesty, chapter 96, for the regulation of the duties of postage, power is given to the Commissioners of Her Majesty's Treasury, from time to time, by Warrant under their hands, to alter and fix any of the rates of British postage, payable by law on the transmission by the post of foreign or colonial letters, or newspapers, or of any other printed papers, and to subject the same to rates of postage according to the weight thereof, and a scale of weight to be contained in such Warrant, and, from time to time, by Warrant as aforesaid, to alter or repeal any such altered rates, and make and establish any new or other rates in lieu thereof, and, from time to time, by Warrant as aforesaid, to appoint at what time the rates, which might be payable, were to be paid, and the power thereby given to alter and fix rates of postage, was to extend to any increase, or reduction, or remission of postage.

And whereas further powers are given to the Commissioners of Her Majesty's Treasury by another Act of Parliament passed in the session of Parliament, holden in the tenth and eleventh years of the reign of Her Majesty, chapter 85, for giving further facilities for the transmission of letters by post, and for the regulating the duties of postage thereon, and for other purposes relating to the Post Office.

And whereas the Commissioners of Her Majesty's Treasury, in exercise of the power or authority in them for that purpose vested, in and by the said recited Acts, or either of them, and of all other powers enabling them in that behalf, did, by a certain Warrant, under the hands of two of the said Commissioners, bearing date the 7th day of May, 1864, fix certain rates of British postage on letters transmitted by the post from any place in the United Kingdom, or from any of Her Majesty's Colonies, or any foreign country, through the United Kingdom, to New South Wales, Queensland, Victoria, South Australia, Western Australia, Tasmania, and New Zealand.

And whereas it is expedient that the said Warrant, and the rates of postage therein mentioned, should be repealed.

Now, we, the Commissioners of Her Majesty's Treasury, in exercise of the power or authority in us for that purpose vested, in and by the said hereinbefore recited Acts of Parliament, or either of them, and of all other powers enabling us in this behalf, do, by this Warrant (under the hands of two of us, the said Commissioners, by the authority of the statute in that case made and provided), order, direct, and declare as follows:—

1. On every letter not exceeding one half of an ounce in weight transmitted by the post from any place in the United Kingdom to New South Wales, Queensland, Victoria, South Australia, Western Australia, Tasmania, or New Zealand, direct, or through any British colony, or foreign country, there shall be charged and taken an uniform rate of British postage of sixpence.

2. On every letter not exceeding one half of an ounce in weight transmitted by the post from any of Her Majesty's colonies, or any foreign country, through the United Kingdom to New South Wales, Queensland, Victoria, South Australia, Western Australia, Tasmania, or New Zealand, whether through any British colony, or foreign country or not, there shall be charged and taken a like rate of British postage of sixpence for the conveyance of every such letter from any port in the United Kingdom to New South Wales, Queensland, Victoria, South Australia, Western Australia, Tasmania, or New Zealand. And for the conveyance of every such letter from the British colony or foreign country, from which the same shall be forwarded to the port in the United Kingdom of the arrival of the packet boat or vessel (not being a packet boat) conveying the same, such a further or additional rate of postage, as shall from time to time be charged and payable for British postage, on letters not exceeding half an ounce in weight, posted in any such British colony or foreign country, and transmitted direct from such colony or foreign country to the port in the United Kingdom of the arrival of the packet boat or vessel (not being a packet boat) conveying the same: Provided that in all cases where such additional rate includes both inland and sea services, there shall be deducted therefrom the sum of one penny, in respect of the inland conveyance under this clause of every such letter sent through the United Kingdom.

3. All such respective letters so transmitted as is mentioned in this Warrant, if exceeding one half of an ounce in weight, shall be subject to the several further and additional and progressive rates of postage hereinafter mentioned; that is to say:—

On every letter so transmitted, if exceeding one half of an ounce in weight, and not exceeding one ounce in weight, there shall be charged, taken, and paid two rates of postage;

And on every letter so transmitted, if exceeding one ounce, and not exceeding two ounces in weight, four rates of postage;

And on every letter so transmitted, if exceeding two ounces, and not exceeding three ounces in weight, six rates of postage;

And on every letter so transmitted, if exceeding three ounces, and not exceeding four ounces in weight, eight rates of postage;

And for every additional ounce in weight of any letter so transmitted as aforesaid, above the weight of four ounces, there shall be charged, taken, and paid two additional rates of postage; and every fractional part of such additional ounce in weight, above the weight of four ounces, shall be charged as an additional ounce in weight. And each progressive and additional rate chargeable under this clause shall be estimated and charged at the sum which any such letter would be charged with under this Warrant, if not exceeding one half of an ounce in weight.

4. On every letter posted in the United Kingdom addressed to New South Wales, Queensland, Victoria, South Australia, Western Australia, and New Zealand, the postage thereof shall be paid at the time of the same being posted.

5. If any letter shall be posted in the United Kingdom addressed to New South Wales, Queensland, Victoria, South Australia, Western Australia, or New Zealand, without any postage having been paid thereon, or having thereon or affixed thereto a postage stamp or stamps, the value of which shall be less in amount than the

single rate of postage to which such letter, if not exceeding half an ounce in weight, would be liable under this Warrant, every such letter shall be detained and opened, and shall be either returned or given up to the sender thereof.

6. If any letter shall be posted in the United Kingdom, addressed to New South Wales, Queensland, Victoria, South Australia, Western Australia, or New Zealand, having thereon or affixed thereto a postage stamp or stamps, the value of which shall be less in amount than the rate of postage to which the same would be liable under or by virtue of the provisions of this Warrant, but equal in amount to the single rate of postage chargeable on any such letter if not exceeding half an ounce in weight, every such letter shall be forwarded, charged with the amount of the difference between the value of such stamp or stamps so being thereon or affixed thereto, and the postage to which it would have been liable if the postage had been paid when posted, together with the further and additional rate of postage of sixpence.

7. On every letter posted in the United Kingdom addressed to Tasmania, the postage thereof shall be paid at the time of the same being posted.

8. If any letter shall be posted in the United Kingdom addressed to Tasmania, without any postage having been paid thereon, or having thereon or affixed thereto a postage stamp or stamps, the value of which shall be less in amount than the rate of postage to which the same would be liable under or by virtue of the provisions of this Warrant, every such letter shall be detained and opened, and shall be either returned or given up to the sender thereof.

9. In all cases in which any letter in respect of which any rate of postage is chargeable under or by virtue of the provisions of this Warrant shall be liable to any colonial or foreign postage, such colonial or foreign postage shall be charged and paid thereon in addition to the British postage.

10. Nothing in this Warrant contained shall in any wise annul, prejudice, or affect any of the exemptions or privileges granted by or under the said hereinbefore recited Acts, or either of them, or by or under any other Acts of Parliament relating to the Post Office, or any of the privileges which officers, seamen, and soldiers employed in Her Majesty's service are by law entitled to, of sending and receiving by the post letters subject to the regulations and restrictions in respect of the same.

11. Nothing in this Warrant contained shall be deemed or construed to extend to any letters posted in or addressed to France, or any foreign country through France, and transmitted between France or foreign countries through France and New South Wales, Queensland, Victoria, South Australia, Western Australia, Tasmania, or New Zealand, all which last-mentioned letters shall be charged and chargeable with the same rates of postage as if this Warrant had not been signed.

12. The term "by the post" used in this Warrant shall, as to the sea conveyance, include the conveyance by British packet boat, and also by private ship. And the several other terms and expressions used in this Warrant shall be construed to have the like meaning in all respects as they would have had if inserted in the said Act passed in the fourth year of the reign of Her Majesty for the regulation of the duties of postage.

13. The said recited Warrant of the Commissioners of Her Majesty's Treasury, bearing date the 7th day of May, 1864, shall be and the same is hereby repealed, revoked, and annulled, and the several orders, directions, regulations, and rates of postage in the said Warrant made, mentioned,

and set forth, shall wholly cease and determine: Nevertheless no Treasury Warrant or part of a Treasury Warrant, repealed by the said last-mentioned Treasury Warrant, shall be revived by this Warrant.

14. The Commissioners for the time being of Her Majesty's Treasury may by Warrant under their hands duly made at any time hereafter alter, repeal, or revoke any of the rates of postage hereby fixed or altered, or any of the orders, regulations, conditions, and restrictions hereby made, and may make and establish any new or other rates, orders, regulations, conditions, or restrictions in lieu thereof, and from time to time may appoint at what time the rates which may be payable are to be paid.

15. This Warrant shall come into operation on the day of the date hereof.

Whitehall, Treasury Chambers, the sixteenth day of July, one thousand eight hundred and sixty-four.
