"7. That in case any member of this Company shall become entitled to have his interest therein purchased by the Liquidators, the monies required to be paid for purchasing such interest shall be raised by a sale, to be made by the Liquidators, of the share or shares to be taken in the new Company by way of compensation as aforesaid, which might have been accepted by such member, and if the monies produced by such sale shall be insufficient for the purpose of paying such purchase-money, then the deficiency shall be raised by the Liquidators by their selling or otherwise converting into money all or any part of the assets of this Company, which shall not be applied or required for application in discharging its liabilities other than its liabilities in respect of such purchase-money."

And notice is hereby further given, that at another Extraordinary General Meeting of the Shareholders of the Credit Foncier and Mobilier of England (Limited), held at Exeter Hall, Strand, in the county of Middlesex, on Wednesday, the 15th day of August, 1866, the above-mentioned Resolutions were duly confirmed.

The Chairman then reported,—That in contemplation of the said Resolutions being confirmed a memorandum of association, with articles annexed, had been prepared and printed ready for registration under the Companies Act, 1862, and were intended to be forthwith registered, by which when registered a Company would be established by the name of The Credit Foncier of England (Limited), with a share capital of £2,000,000, divided into 200,000 shares of £10 each, for objects which would include the acquisition of the goodwill of the business of The Credit Foncier and Mobilier of England (Limited), and the carrying on business as successors to such Company, and the acquisition of the property thereof.

And that in reference to the opinions and wishes of the Shareholders generally expressed at the last Extraordinary General Meeting the said articles instead of providing as intimated by the said circular letter as to the remuneration of the Directors that the commission payable to the Directors on profits exceeding 10 per cent. on capital to be reduced from 10 per cent. to 5 per cent., would provide that the Directors (exclusive of any Managing Director) shall be paid out of the funds of the Company, as a remuneration for their services, a sum of £6400 per annum, to be divided amongst them in such proportion as they may agree amongst themselves, and, in addition thereto, such a sum or sums of money by way of commission, to be dealt with in like manner as shall be equivalent to 5 per cent., of any amount which shall from time to time be actually divided amongst the members out of the profits of the Company. Provided always that no commission shall be taken by the Directors upon any portion of the profits which may from time to time be carried to the credit of the reserve or contingency

fund accounts, or either of them, which shall not be actually appropriated and applied in payment of dividend or interest on capital.

It was resolved:—

“That the provisions to be made in the Articles of Association of the new Company respecting the remuneration of the Directors as reported by Mr. Grant, M.P., to this meeting be, and the same are hereby approved.”
