**N**OTICE is hereby given, that the petition of William Walker, of Liverpool, in the county of Lancaster, Consulting Engineer and Patent Agent, praying for letters patent for the invention of "improvements in cotton ties,"—a communication to him from abroad by John F. Butler, of Natchez, in the State of Mississippi, one of the United States of America,—was deposited and recorded in the Office of the Commissioners on the 23rd day of December, 1867, and a complete specification accompanying such petition was at the same time filed in the said office.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for  
Inventions.

**N**OTICE is hereby given, that provisional protection has been allowed—

2573. To William Baird, of Glasgow, in the county of Lanark, North Britain, for the invention of "an improved apparatus to be used for registering the number of passengers entering vehicles."

On his petition, recorded in the Office of the Commissioners on the 11th day of September, 1867.

2698. To James Musgrave, of Belfast, in the county of Antrim, Ireland, for the invention of "improvements in stable, cowhouse and harness room fittings, parts of which are also applicable for other purposes."

On his petition, recorded in the Office of the Commissioners on the 25th day of September, 1867.

3087. To Henry William Grylls, of Dalston, Civil Engineer, Henry Neville, of Mile End, Builder, and James Holt, of Hackney-road, Gentleman, all in the county of Middlesex, for the invention of "improved apparatus for obtaining and applying motive power."

On his petition, recorded in the Office of the Commissioners on the 2nd day of November, 1867.

3213. To Thomas Taylor, of No. 7, Wellington-row, Bethnal-green, in the county of Middlesex, for the invention of "new or improved implements or apparatus for playing games of skill and chance."

On his petition, recorded in the Office of the Commissioners on the 13th day of November, 1867.

3324. To John Henry Johnson, of 47, Lincoln's-inn-fields, in the county of Middlesex, Gentleman, for the invention of "improvements in breech loading fire arms, and in cartridges for the same."—A communication to him from abroad by "La Société Industrielle Suisse," an incorporated Company, of Newhausen, near Schaffhausen, Switzerland.

On his petition, recorded in the Office of the Commissioners on the 23rd day of November, 1867.

3384. To James Baylis, of Kimburn Cottage, Durdham Down, in the city and county of Bristol, for the invention of "an improved chemical preparation or compound to be used in preparing mixed textile fabrics for dyeing or coloring."

On his petition, recorded in the Office of the Commissioners on the 28th day of November, 1867.

3386. To Thomas Brown Jordan, of South Lambeth, in the county of Surrey, Mechanical Engineer, and John Darlington, of Moorgate-street Chambers, in the city of London, Mining Engineer, for the invention of "improvements in machinery for boring rocks, and in apparatus for driving, rock-boring, tunnelling, coal cutting, and other machinery employed in mines, collieries, and quarries."

3394. And to Archibald Turner, of Leicester, Elastic Fabric Manufacturer, and William Edward Newton, of 66, Chancery-lane, in the county of Middlesex, Civil Engineer, for the invention of "improvements in the manufacture of carpets, and in warping and preparing warps for the same, and in the machinery or apparatus to be employed therefor."

On both their petitions, recorded in the Office of the Commissioners on the 29th day of November, 1867.

3409. To Richard Clay the younger, of Muswell-hill, in the county of Middlesex, Gentleman, for the invention of "improvements in breech-loading fire-arms."

On his petition, recorded in the Office of the Commissioners on the 30th day of November, 1867.

3414. To George Heiron, of No. 11, Leadenhall-street, in the city of London, for the invention of "an improved method of constructing a castor for containing pepper, salt, or other condiments for domestic use."

On his petition, recorded in the Office of the Commissioners on the 2nd day of December, 1867.

3436. To William Pidding, of No. 216, Beresford-street, Walworth, in the county of Surrey, Gentleman, for the invention of "improvements in placing, arranging, or fixing needles and threads, and other like fibrous materials, on to reels or receivers, so as to render them more convenient for use, also in the manufacture and forms of such reels or receivers, and in the materials thereof."

On his petition, recorded in the Office of the Commissioners on the 3rd day of December, 1867.

3448. To Joseph Newton, of Globe Foundry, Leeds, in the county of York, for the invention of "improvements in the means of, and apparatus for lubricating certain parts of doffing knife apparatus."

3453. To Eli Walker, of Westmoreland-street, Pimlico, in the county of Middlesex, for the invention of "improvements in the construction of breach loading ordnance."

3455. To Joseph Thomas Webster, of Mansfield, in the county of Nottingham, Gentleman, and William Oxley, of Manchester, in the county of Lancaster, Mill Furnisher, for the invention of "improvements in machinery for spinning and doffing fibrous materials."

3457. And to William Anthony Herring, of Chertsey, in the county of Surrey, Engineer and Ironfounder, for the invention of "improvements in apparatus for warming buildings

in which high pressure steam engines are employed."

On their several petitions, recorded in the Office of the Commissioners on the 4th day of December, 1867.

3459. To Daniel Smith, of Bury, in the county of Lancaster, for the invention of "improvements in steam boiler furnaces and in apparatus connected therewith."

3461. To Joseph Green, of Lockwood, near Huddersfield, in the county of York, Grocer, for the invention of "improvements in machinery or apparatus for cutting or breaking sugar."

3462. To John Mabson, of the town and county of the town of Newcastle-upon-Tyne, for the invention of "improvements in bags for coffee and other such like pots."

3463. To Stanhope Perkins, of Gorton, near Manchester, in the county of Lancaster, Engineer, and William Smellie, of the same place, Forge Manager, for the invention of "improvements in the manufacture of malleable metal of a steely quality, partly from Bessemer 'scrap,' or other Bessemer metal."

3464. To James Gibson Scott, of Edinburgh, in the county of Mid Lothian, North Britain, for the invention of "an improved means to be employed for effecting the safe transmission of money or money orders, also improvements in the formation of documents that have to be separated."

3467. To Matthew Tildesley, of Willenhall, in the county of Stafford, Manufacturer, and James Bird, of the same place, Manager, for the invention of "improvements in annealing furnaces, and in apparatus to be employed therein, parts of which improvements may be applied to certain other descriptions of furnaces and fires."

3469. And to Paul Gustave Louis Gabriel Designolle and John Casthelaz, Chemists, residing, the first at No. 57, Rue de la Seine, the second at Rue St. Croix de la Bretonnerie, in the Empire of France, for the invention of "improvements in the manufacture of explosive and fulminating powders."

On their several petitions, recorded in the Office of the Commissioners on the 5th day of December, 1867.

3473. To James Durrans, of Thurlstone, near Penistone, in the county of York, for the invention of "an improved material or composition to be employed for covering or coating the interior surfaces of moulds, crucibles, or ducts, previous to their receiving the molten metal in the process of casting, and for other purposes."

3475. To William Newzam Nicholson, of the Trent Iron Works, Newark, in the county of Nottingham, Agricultural Engineer, for the invention of "improvements in machinery for spreading grasses, part of which improvements are also applicable to machines for cutting and collecting grasses or corn."

3477. To Francis Roper, of Monson-street, in the county of Lincoln, Machine Maker, for the invention of "improvements in apparatus for driving straw elevators."

3479. And to Richard Jones, of Birmingham, in the county of Warwick, Jeweller, and John Abrahall, of Birmingham aforesaid, Jeweller, for the invention of "improvements in the manufacture of hollow metallic seamless spheres and ornaments."

On their several petitions, recorded in the Office of the Commissioners on the 6th day of December, 1867.

3481. To Clarence Brazil, of Chorley, in the county of Lancaster, Manufacturer, for the invention of "improvements in machinery for sizing cotton and other yarns."

3483. To Richard Boulton Jones, of Nelson-terrace, City-road, Middlesex, Telegraphic Engineer, and William Powell, of Circus-place, Finsbury, Middlesex, Telegraph Engineer and Contractor, for the invention of "improvements for the prevention of incrustation in steam boilers."

3485. To Obadiah Barrett and Henry Leggott, of Bradford, in the county of York, for the invention of "an improved knife cleaner."

3487. To John Partington, of Astley, in the county of Lancaster, for the invention of "certain improvements in the method of heating buildings, and in the apparatus connected therewith."

3489. To William Clissold, of Dudbridge Works, near Stroud, in the county of Gloucester, Engineer, for the invention of "improved machinery for preparing fibrous substances for spinning."

3491. To Charles Mathew Barker, of 12, Kennington Park-road, in the county of Surrey, Engineer, for the invention of "improvements in socket and flange spigot pipes."

3493. And to Alexander Melville Clark, of 53, Chancery-lane, in the county of Middlesex, for the invention of "improvements in orthopedic apparatus, for the prevention and treatment of spinal diseases."—A communication to him from abroad by Mademoiselle Victorine Leneveu, Corset Maker, of 29, Boulevard St. Martin, Paris.

On their several petitions, recorded in the Office of the Commissioners on the 7th day of December, 1867.

3497. To William Clapperton, Manager to Messrs. John McDowall and Sons, Walkenshaw Foundry, of Johnstone, in the county of Renfrew, North Britain, for the invention of "improvements in machinery for shaping cask headings and similar articles."

3499. To Lauchlan Rose, of Leith, in the Kingdom of Scotland, Lime and Lemon Juice Merchant, for the invention of "an improved mode of preserving vegetable juices."

3501. And to Henry Bessemer, of Queen-street-place, Cannon-street, in the city of London, for the invention of "improvements in the manufacture of fire bricks, tiles, and solid or hollow fire lumps, and in the manufacture of retorts, pipes, crucibles, or other hollow vessels or moulds required to resist a high degree of heat, and also in the manufacture of ornamental bricks, tiles, quarries, trusses, bosses, vases, busts, figures, columns, capitals, bases, cornices, copings, tablets, finials, and other articles of an ornamental character employed in building and in architectural decorations."

On their several petitions, recorded in the Office of the Commissioners on the 9th day of December, 1867.

3503. To Cornelius Kerby, of Saint Dunstan's-hill, in the city of London, for the invention of "improved apparatus for filtering liquids."

3504. To Robert Gillies Lowndes, of the firm of James Young and Sons, Bleachers and Finishers, of Auldhousefield and Crofthead, both in the county of Renfrew, North Britain, for the invention of "improvements in finishing textile and other fabrics, and in the machinery or apparatus employed therefor."

3505. To Charles Conner, of Old Ford, in the county of Middlesex, Shoe Maker, for the in-

vention of "improvements in umbrellas and parasols."

3506. To William Henry Barlow, of 2, Old Palace-yard, Westminster, for the invention of "improvements in apparatus for measuring approximately the quantities of earth work in continuous cuttings or banks, such as are used in the formation of railways."

3507. To William Palliser, Major, Unattached, of the Army and Navy Club, Pall Mall, in the county of Middlesex, for the invention of "improvements in ordnance and in projectiles used therewith, as also in the processes employed in their manufacture."

3508. To William Bradshaw Leachman, of Leeds, in the county of York, Engineer, for the invention of "an improved rotary water or steam motive power engine."

3509. To John Grout, of the city of Hereford, Ironmonger, and Edwin Mathews, also of the city of Hereford, Agent, for the invention of "improvements in apparatus for training or growing hops and other plants, which improvements may also be applied to line posts, and other posts or supports for various purposes."

3510. And to John Watson Burton, of Leeds, in the county of York, Gentleman, for the invention of "improvements in the treatment of fibrous materials, and in apparatus used therein."

On their several petitions, recorded in the Office of the Commissioners on the 10th day of December, 1867.

3511. To John Woolfield, of Saint Peter's, in the borough of Saint Alban's, in the county of Hertford, Gentleman, for the invention of "an improvement in machinery for corrugating sheets of metal."

3512. To George Holcroft and William Nathan Dack, both of the city of Manchester, Engineers, for the invention of "certain improvements in steam engines."

3513. To Henry Giles, of New North-road, in the county of Middlesex, for the invention of "improvements in the manufacture of hats and bonnets, and in the apparatus employed therein."

3514. To William John Fraser, of 10, Commercial-road East, in the county of Middlesex, Engineer, for the invention of "improvements in tubular steam boilers."

3515. To Alphonse Camme, of No. 60, Boulevard de Strasbourg, Paris, France, Civil Engineer, and Ferdinand Delpech, of No. 21, Grande Rue Batignolles, Paris, Engineer of the Lower Seine Towing Company, for the invention of "improvements in manufacturing iron and steel chains without welding."

3516. To Alexander Melville Clark, of 53, Chancery-lane, in the county of Middlesex, for the invention of "improvements in presses for stamping or endorsing."—A communication to him from abroad by Edouard Cornélis, Merchant, of 29, Boulevard St. Martin, Paris.

3517. To Alexander Melville Clark, of 53, Chancery-lane, in the county of Middlesex, for the invention of "an improved process for the reduction of tin so as to render it applicable for coating metals and for other purposes."—A communication to him from abroad by Jules Feuquières, Electro Plater, of 29, Boulevard St. Martin, Paris.

3518. To Allen Thomas Carr, of Winkleigh, in the county of Devon, Gentleman, for the invention of "an improved manure."

3519. To James Murdoch Napier, of York-road, Lambeth, in the county of Surrey, for the invention of "improvements in apparatus or appliances for serving mustard and other condiments."

3521. To Georges Henry Nick, of Paris, Passage Saulnier, No. 11, in the French Empire, for the invention of "an improved sheave or pulley for ships' blocks or other purposes."

3522. And to Thomas Aldridge Weston, of Birmingham, in the county of Warwick, Engineer, for the invention of "improvements in saws."—A communication to him from abroad by Peter Cook, of Tonawanda, county of Erie, State of New York, United States of America.

On their several petitions, recorded in the Office of the Commissioners on the 11th day of December, 1867.

#### CONTRACT FOR COALS FOR HALIFAX.

Contract Department, Admiralty,  
Somerset House, December 16,  
1867.

**T**HE Commissioners for executing the office of Lord High Admiral of the United Kingdom of Great Britain and Ireland do hereby give notice, that on Tuesday, the 7th January next, at two o'clock, they will be ready to treat with such persons as may be willing to contract for supplying and delivering into Store at Her Majesty's Naval Yard at Halifax, Nova Scotia,

3,000 TONS OF SMOKELESS SOUTH WALES COALS,

fit for the service of Her Majesty's Steam Ships and Vessels.

One-half of the coals to be shipped by the 28th February, and the remainder by the 31st March, 1868.

A form of the tender and conditions of contract may be seen in the Lobby of the Storekeeper-General's Department, Admiralty, Somerset House.

No tender will be received after two o'clock on the day of treaty, nor will any be noticed unless the party attends, or an Agent for him duly authorized in writing.

Every tender must be addressed to the Secretary of the Admiralty, and bear in the left-hand corner the words "Tender for Coals for Halifax," and must also be delivered at the Department of the Storekeeper-General, Admiralty, Somerset House, accompanied by a letter signed by two responsible persons, engaging to become bound with the person tendering in the sum of £25 per cent. on the value for the due performance of the contract.

#### CONTRACT FOR MUSTARD SEED.

Contract Department, Admiralty,  
Somerset House, December 23,  
1867.

**T**HE Commissioners for executing the office of Lord High Admiral of the United Kingdom of Great Britain and Ireland do hereby give notice, that on Thursday, the 2nd January next, at twelve o'clock at noon, they will be ready to treat with such persons as may be willing to contract for supplying and delivering into Her Majesty's Victualling Stores at Deptford,

Mustard Seed (Brown), 640 imperial bushels (to be tendered for at a rate per 100 lbs.); half to be delivered in three weeks from date of contract, and the remainder thereof within three weeks afterwards, or earlier if preferred by the Contractor.

Mustard Seed (White), 320 imperial bushels (to be tendered for at a rate per 100 lbs.); half to be delivered in three weeks from the date of contract, and the remainder thereof within three weeks afterwards, or earlier if preferred by the Contractor.

Tenders may be made for the whole or any portion of the seed.

No brown mustard seed tendered to be of less weight than 51 lbs. per bushel, nor any white mustard seed of less weight than 53 lbs. per bushel.

No tender will be received unless made as above directed, viz.:—the quantities in imperial bushels, at rates per 100 lbs.; and contractors in obtaining payment for seed supplied are to make out their claims in pounds at per 100 lbs.

Samples of the seed (not less than two quarts of each) must be produced by the parties tendering.

Their Lordships reserve to themselves the power, when the tenders are opened, of contracting either for the whole, or for such part thereof only as they may deem fit, or for a greater quantity, or of not contracting for any, and also an unlimited power of selection in accepting the tenders.

No tender will be received unless made on the printed form provided for the purpose, and which may be obtained on application in the Lobby of the Department of the Comptroller of Victualling, Admiralty, Somerset House, where the conditions of the contract may be seen.

No tender will be received after twelve o'clock at noon on the day of treaty; and it will not be required that the party tendering, or an agent on his behalf, should attend at the office on the day of contract, as the result of the offer received from each person will be communicated to him and his proposed sureties in writing, when, but not before, the rejected samples are to be removed.

Every tender must be addressed to the Secretary of the Admiralty, and bear in the left hand corner the words "Tender for Mustard Seed," and must also be delivered at the Department of the Comptroller of Victualling, Admiralty, Somerset House.
