Watton and Swaffham Railway.

(Extension of Thetford and Watton Railway to Swaffham by New Company or by Thetford and Watton Railway Company; Power to use part of East Anglian Railway at Swaffham; and other powers affecting the Great Eastern Railway Company.)

NOTICE is hereby given, that it is intended to apply to Parliament in the next session thereof, for leave to bring in a Bill for the following, or some of the following, among other purposes:

To incorporate a Company (herein referred to as "the Company") and to enable them to make and maintain a railway with all needful works, stations, approaches, and conveniences connected therewith (to be wholly situate in the county of Norfolk), to commence in the parish of Watton by a junction with the Thetford and Watton Railway at the termination of that railway; to pass thence through or into the following parishes and places, or some of them (that is to say): Watton, Saham Tony, Ovington, Ashill, Shipdham, East Bradenham, West Bradenham, Holme Hale, Houghton-on-the-Hill, North Pickenham, Necton, Sporle and Swaffham, and to terminate in the said parish of Swaffham by a junction or junctions with the East Anglian line of the Great Eastern Railway at or near to the bridge over the high road from Swaffham immediately east of and adjoining to the Swaffham Station.

To enable the Company to cross, divert, alter, or stop up, whether temporarily or permanently, roads, tramways, drains, sewers, pipes, navigations, rivers, streams, and watercourses so far as may be necessary in constructing or maintaining the said intended railway and works, to deviate from the lines of railway to any extent within the limits of deviation to be shown on the deposited plans; to purchase lands, houses, and other property com-

for the purposes of the said intended way and works; to levy tolls, rates, and charges in respect thereof, and to exercise other rights and privileges.

To enable the Company, on the one hand, and the Thetford and Watton Railway Company on the other hand, to enter into agreements with respect to the working, use, management, construction, and maintenance of the said intended railway; the supply of rolling stock and machinery, and of officers and servants for the conduct of the traffic of the railway, the payments to be made, and the conditions to be performed with respect to such working, use, management, construction, and maintenance, the interchange, accommodation, and conveyance of traffic coming from or destined for the respective undertakings of the contracting Companies, and the division and appropriation of the revenue arising from that traffic, and to authorise the appointment of joint committees for carrying into effect any such agreement as aforesaid, and to confirm any agreement already made or which previously to the passing of the Bill may be made touching any of the matters aforesaid.

To enable the Company and all Companies and persons lawfully using the railway of the Company, to run over and use with their engines and carriages of every description, and with their clerks, officers, and servants, and upon such terms and conditions and on payment of such tolls, rates, and charges as may be agreed upon or be settled by arbitration or defined by the Bill, so much of the East Anglian line of the Great Eastern Railway as will be situate between the proposed point of junction with that line and the Swaffham Station, including the use of that station and of the watering places, booking offices, warehouses, sidings, works, and conveniences connected therewith.

To require the Great Eastern Railway Company to receive, book through, forward, accommodate and deliver on and from their railways and at the stations, warehouses, and booking offices thereof, all traffic of whatever description coming from or destined for the undertaking of the Company upon such terms and conditions as may be agreed upon, or failing such agreement, as shall be settled by arbitration or as may be defined by the Bill; and if need be, to alter the tolls and charges which the said Great Eastern Company may receive and take upon their respective undertakings, and to confer exemptions from such tolls and charges.

Instead of conferring the powers to be sought for by the Bill upon a Company to be incorporated, the Bill may provide for the vesting of such powers in the Thetford and Watton Railway Company, in which case the Bill will authorize that Company to apply their existing funds and any monies which they have still power to raise to the purposes of the said railway, and for the same purposes to raise additional capital by shares or by stock and by borrowing, and to attach to such shares or stock any preference or priority of dividend and any other advantage which the Bill may define.

The Bill will vary and extinguish all existing rights and privileges which would interfere with its objects, and it will incorporate with itself the necessary provisions of "The Companies Clauses Consolidation Act, 1845," "The Companies Clauses Act, 1863," "The Lands Clauses Consolidation Act, 1845," "The Lands Clauses Consolidation Acts, Amendment Act, 1860," "The Railways Clauses Consolidation Act, 1845," and "The Railways Clauses Act, 1863," and it will amend and enlarge the powers and provisions of "The Thetford and Watton Railway Act, 1866,"

and of the several Acts relating to the Great Eastern Railway Company.

Duplicate plans and sections describing the lines, situation, and levels, of the proposed railway, and the lands, houses, and other property in or through which it will be made, together with a book of reference to such plans containing the names of the owners and lessees, or reputed owners and lessees, and of the occupiers of such lands, houses, and other property; also a published map with the line of railway delineated thereon, so as to show its general course and direction, and a copy of this Notice, will on or before the 30th day of November instant be deposited for public inspection with the Clerk of the Peace for the county of Norfolk, at his office at Norwich, and on or before the same day a copy of so much of the said plans, sections, and book of reference as relates to each parish in or through which the intended railway will be made, or in which any lands, houses, or other property are intended to be taken, and a copy of this Notice will be deposited with the parish clerk of each such parish at his residence, and in the case of any extra-parochial place with the clerk of some parish immediately adjoining such extra-parochial place at his place of abode.

Printed copies of the proposed Bill will be deposited in the Private Bill Office of the House of Commons on or before the 23rd day of December next.

Dated this 10th day of November, 1868.
