*Board of Trade, Whitehall,
January 28, 1869.*

THE Right Honourable the Lords of the Committee of Privy Council for Trade have received from the Secretary of State for Foreign Affairs, copy and translation of a Decree, issued by the Provisional Government of Spain on the 29th December last, reforming the Customs Tariffs in force in the Philippine Islands, as well as a Supplement to that Decree, relative to the nationalizing and importation of foreign vessels, and the building, careening, sale, and manning of Spanish ships.

The following is the translation of the Decree and the Supplement:—

ART. 1. The reform of the Customs Tariff of the Philippine Islands, made and carried out by the now abolished "Superintendencia General de Hacienda," in fulfilment of the Royal Order of 21st November, 1860, is hereby approved, with the following modifications, viz., that for all financial operations the metrico-decimal system be used, and that woollen fabrics be classified by weight, like other articles, instead of calculating the duty on them by length.

ART. 2. The following form is given to the modifications made by the aforesaid "Superintendencia" in various divisions of the Tariff.

Div. 35. Duties on Gin, Bitters (ajinjo), &c., including the barrels. The marked duty is maintained, but the barrels shall pay separately.

The "Intendencia," having heard the Administration of the Branch, shall make a proportionate reduction in the duty on this article; that reform may be at once brought into action, in temporary substitution for the former reform, which is contrary to the usual Customs practice; but the Provisional Government must be consulted thereon.

Div. 268. Impure Carbonate of Soda. — Reducing the duty to 8 escudos, instead of 16, as marked in the Tariff.

Div. 1035. Plush and Shaggy Cloths, whether plain, worked, or printed, shall pay at the rate of 260 escudos per quintal, instead of at the rate of 520, as formerly.

Div. 298. Barley, whether cleansed, pearl, or peeled. The duty is reduced to 24 escudos per quintal, instead of 1½ dollars per pound, as marked in the Tariff.

Div. 1004. Red Cotton, for weaving.

Div. 1005. White Cotton, unbleached ditto, or Cotton of other colours, for weaving.

Div. 1006. Yellow, Pink, and Green Cotton, for weaving.

These three divisions shall be amalgamated in one division (No. 1005), which shall be drawn up in the following manner:—

Spun Cotton for weaving, whether unbleached white, or coloured, 120 escudos per quintal; duties 7 or 14 per cent., according to the flag, if coming from abroad; and 3 or 8 per cent., respectively, if coming from Spanish possessions.

Mixed Woven Goods. The following articles are added to the Tariff:—Cloths, thick worked Cloths (Pateneures), Kerseymeres, Beaver Cloths (Castorinas), and Serge, made half of wool and half of cotton in the woof and warp, with a duty of 75 centimes of a dollar per square yard; the duty to be for the future modified according to weight, in conformity with Article 1 of this Decree.

The following is the definition of Thin Woven Goods:—All articles in which there is room between each two threads for another thread of the same size shall be considered as Thin Woven Goods.

Coal from the mines of Cebú shall be exported free of duty.

Art. 3. The "Intendencia" shall particularly apply itself to the reforming of the Tariff anew, by making a reduction of 50 per cent. in all additional duties over and above the 3 and 8 per cent., which are the general rates of duty; and by reducing the differential duty by 50 per cent. also. Those two duties shall be maintained for two years, counting from the date at which this Decree comes into force, and shall be abolished at the expiration of that term.

Art. 4. In the new Tariff all the present export duties shall be abolished. But exporters must declare the quality and quantity of the goods they export; and the Customs Administrations must intervene and note them down, for the purpose of drawing up the Commercial Statistics of the Islands.

Art. 5. The following additional charges are also abolished, viz., the 2 per cent. on European merchandize imported in Spanish vessels coming from the ports of Asia and Oceania, and the 1 per cent. on ditto from Singapore.

Art. 6. All the dues, hitherto known as Light House, Cleansing, Anchorage, Loading, and Discharge Dues, &c., shall, by the said "Intendencia" having heard the Junta of Tariffs and Finance, be amalgamated into one sole due, called Duty on Unloading (descarga), which shall be charged on the tons of 1,000 kilograms of merchandize unloaded; and the new duty shall be made to bear a proper proportion to

the abolished dues, the rates being different for vessels navigating the high seas, for coasting vessels, and, among the latter, for those of less than 20 tons measurement. Should a vessel, forced to put into port by stress of weather, or any other "force majeure," trans-ship her cargo to another vessel, or unload with the intention of loading again, she shall not pay the due, which is only chargeable on merchandize unloaded for the purpose of being introduced into the Islands.

Art. 7. The duty on unloading shall be collected by the Customs-houses, and shall, like all other general imposts, be paid into the public treasury.

Art. 8. The Customs Administration of Manila shall receive the character of the Central Administration of the Branch, and shall at once take charge of the despatch of the matters confided with that character to the Tax Administration; but the head of the latter shall preserve the character of Revenue Inspector, and shall take cognizance of the appeals from the decisions of the former.

Madrid, 29th December, 1868.

(Signed) ADELARDO LOPEZ DE AYALA,
The Minister of the Colonies.

The rules now enforced in the Philippine Islands concerning the importation and nationalizing of foreign vessels, and the building, careening, sale, and manning of Spanish ships, are not sufficiently in accordance with the Decrees lately issued on that subject in the Peninsula, nor are they in conformity with generally received financial principles. To remedy this evil, it will be proper to apply to the administration of those Colonies some of the Articles of the Decrees issued by the Ministry of Finance on 22nd November last, thus obtaining practical results favourable to the liberty and facility of navigation.

Therefore, as a Supplement to the Decree of this day's date, reforming the Customs Tariffs of those Islands, and in the exercise of my powers as a Member of the Provisional Government, and Minister of the Colonies, in conformity with the Council of Ministers, I decree the following:—

Art. 1. Ships of all kinds, whether wooden or iron, may be introduced into the Philippine Islands, on the payment of the following duties:

Wooden ships of and under 100 tons of a cubic metre each, shall pay per metrical ton	13 escudos
Ships from 101 to 300 tons, ditto	10 "
Ships of 301 tons and upwards, ditto	5 "
Iron ships, no matter of what tonnage, ditto	5 "

Art. 2. When foreign vessels shall have been repaired in the Islands so as to render them perfectly fit for sea, and their owners wish to nationalize them, they shall pay 4 escudos per ton only, if the repairs cost more than three times the value of the purchase of the vessel, and 8 escudos should these repairs have cost more than double the purchase money without reaching three times that amount.

Art. 3. The tons of a cubic metre each, mentioned in the foregoing Articles, shall be those which the ships measure altogether, without the deduction of any space or division below deck; but in the dues on each ton are included those on all the instruments, machinery, utensils, and fittings mentioned in Notes 20 and 21 of the Customs Tariff in force in the Peninsula.

Art. 4. Any Spanish vessel may be freely careened and examined in any foreign port.

ART. 5. The owners of Spanish vessels may freely sell or mortgage them, either to Spaniards or foreigners; and for this purpose Article 592 of the Commercial Code is hereby abolished.

ART. 6. Ships may be manned with any number of seamen that their owners and captains may think necessary, according to Article 24, Division 10, of the "Ordenanzas do Matriculas," now in force, and to Articles 1 and 4 of the Royal Decree of 27th November, 1867. If, in a foreign port, the captain or owner should not find sufficient Spanish seamen to man his vessel, he may complete his crew with foreigners, with the consent of the Consul or Marine Authorities.

ART. 7. All kinds of materials, imported for the building, careening, or repairing of iron or wooden vessels, of whatever tonnage; manufactured effects necessary for the fitting out of the same; and materials imported for the construction and repairs of the machinery and boilers of steam vessels, of whatever system and power, shall pay the corresponding duties marked in the Customs Tariff; but the said duties shall be returned to the builders and manufacturers, on their demand, when they prove that the said materials and effects were imported for, and used in, the said construction or repairs of ships, machinery or boilers.

ART. 8. For the restitution of the dues, the value of the weight or volume of the materials or effects, as marked in the Tariff, shall be calculated by the weight or volume of the work done; so that the revenue may have the benefit of that part of the dues which may correspond to the waste resulting from the construction, or from the transformation of the said materials on their application to the said works.

ART. 9. Articles 387, 390, and 391 of the Philippine Customs Instructions are hereby abrogated.

Madrid, 29th December, 1868.

The Minister of the Colonies.

Somerset House, January 18,

THE Commissioners for executing the office of Lord High Admiral of the United Kingdom of Great Britain and Ireland do hereby give notice, that on Thursday, the 11th February next, at twelve o'clock at noon, they will be ready to treat with such persons as may be willing to contract for supplying and delivering into Her Majesty's Victualling Stores at Deptford, the undermentioned articles; viz.:-

Cocoa, 200,000 lbs. (to be tendered for at a rate per 100 lbs.); half to be delivered in three weeks from date of contract, and the remainder thereof in three weeks afterwards, or earlier if preferred by the party tendering.

Tenders may be made for the whole or any portion of the cocoa.

Their Lordships reserve to themselves the power, when the tenders are opened, of contracting either for the whole, or for such part thereof only as they may deem fit, or for a greater quantity, or of not contracting for any, and also an unlimited power of selection in accepting the tenders.

The cocoa to be exempted from the Customs' duties, and parties tendering are to state where it is lying.

Each tender for cocoa must specify the mark and landing number of each cask or package, the ship in which imported, and the country or place of its growth or produce, and an average sample (not less than 2 lbs. for each import mark) must be produced by the parties tendering, and not an average of different marks or several imports, and any parcel that is found not to be of the same mark or average quality as the sample tendered and accepted, will be rejected by the officers.

No tender will be received unless made on the printed form provided for the purpose, which may be obtained on application in the Lobby of the Department of the Comptroller of Victualling, Admiralty, Somerset House, where the conditions of the contract may be seen.

No tender will be received after twelve o'clock at noon on the day of treaty, and it will not be required that the party tendering, or an agent on his behalf, should attend at the office on the day of contract, as the result of the offer received from each person will be communicated to him and to his proposed sureties in writing, when, but not before, the rejected samples are to be removed.

Every tender must be addressed to the Secretary of the Admiralty, and bear in the left hand corner the words "Tender for Cocoa," and must also be delivered at the Department of the Comptroller of Victualling, Admiralty, Somerset House.
