

tween the hours of ten in the morning and three in the afternoon), to be paid at the said office, the said sum of £7,000, together with a proportionate part of the said annual sum of £280 up to the day expressed in such declaration for receiving the same, and the said annual sum of £280 will, on the day specified in such declaration for payment, cease and determine.

Benjamin Scott, Chamberlain.

Chamber of London, Guildhall,
28th day of January, 1871.

NOTICE is hereby given, that a separate building, named Wesleyan Prospect Chapel, situated at Allerton Lee, in the township of Allerton, in the parish of Bradford, in the county of York, in the district of Bradford, being a building certified according to law as a place of religious worship, was, on the 20th day of January, 1871, duly registered for solemnizing marriages therein, pursuant to the Act of 6th and 7th Wm. IV., cap. 85.

Witness my hand this 24th of January, 1871.

John Darlington, Superintendent Registrar.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for
Inventions.

NOTICE is hereby given, that—

2531. William Harvey, of Bishop's Stortford, in the county of Herts, Saddler, has given notice at the office of the Commissioners of his intention to proceed with his application for letters patent for the invention of "improvements in riding saddles."

2532. And Thomas Rose and Robert Emerson Gibson, of Earlestown, in the county of Lancaster, Oil Seed Crushers and Paper Makers, have given the like notice in respect of the invention of "improvements in machinery for breaking cotton seed, to facilitate the separation of the kernel from the husk."

As set forth in their respective petitions, both recorded in the said office on the 21st day of September, 1870.

2539. And Samuel Shaw Brown, of Portsmouth, in the county of Hants, has given the like notice in respect of the invention of "improvements in machinery or apparatus for the manufacture of lint and lint bandages."

2546. And Henry Jones, of Cwmearn, in the county of Monmouth, has given the like notice in respect of the invention of "improved apparatus for holding and delivering twine or cord."

As set forth in their respective petitions, both recorded in the said office on the 22nd day of September, 1870.

2547. And Henry Schoch, of 8, Temple-lane, Liverpool, has given the like notice in respect of the invention of "a new writing machine, available for reporting, corresponding, and other similar purposes."

2551. And Andrew Barclay, of Kilmarnock, in the county of Ayr, North Britain, has given the like notice in respect of the invention of "improvements in blast furnaces."

2552. And Peter Gaskell, Brass Founder, and Henry Moon, Indicator Manufacturer, both of Birmingham, in the county of Warwick, have given the like notice in respect of the invention

of "improvements in indicators for cabs and such like public vehicles."
