NOTICE TO MARINERS.

(No. 48.)—AUSTRALIA—VICTORIA—LADY BAY.

Alteration in Lights in Warrnambool Harbour.

WITH reference to Notice to Mariners No. 16, dated 27th February, 1871, respecting an alteration in the lights at Warrnambool Harbour, Lady Bay:—

The Colonial Government at Melbourne has given notice, that the following alteration in the lights has been made:—

The upper light is a *fixed white* light, visible from East round by North to N.W., elevated 109 feet above the level of the sea, and in clear weather should be seen from a distance of fourteen miles.

The lower light is a *fixed red* light, visible between the bearings N. $\frac{1}{2}$ E. and N. by W., and in clear weather should be seen from a distance of 5 miles.

A *fixed green* light is exhibited from the extremity of Warrnambool Jetty, which jetty extends 230 yards from the shore.

Directions.—Vessels entering Warrnambool Harbour from the westward or southward, should first sight the red light (carefully avoiding the seventeen-foot patch which lies S.S.E. half-a-mile from Middle Island), and then bringing it in a line with the white light, bearing North, steer in between the five-fathom bank and the foul ground South-east of the Breakwater Rack until the green light on the jetty is opened, when steer in for it and anchor. From the eastward, either bring the marks above described on, or cross the bar to the south-eastward, taking care not to shut the white light in when standing towards the mouth of Hopkins River.

It is not safe to enter or leave the harbour in south-westerly or southerly gales. In bad weather

or with a heavy southerly swell, the sea breaks at the distance of a mile from the land.

By command of their Lordships,
Geo. Henry Richards, Hydrographer.
