EDW. E. RUSHWORTH, Colonial Secretary.

NOTICE is hereby given, that a building, named the Church of St. Francis, situate at West Gorton, in the township of Gorton, in the county of Lancaster, in the district of Chorlton, being a building licensed and used for public religious worship as a Roman Catholic Chapel exclusively, was, on the 9th day of October, 1872, duly registered for solemnizing marriages therein, pursuant to the Act of 6th and 7th Wm. IV., cap. 85, being substituted for the building known as St. Francis Church, at Gorton Brook, in the township of Gorton aforesaid, now disused.

Witness my hand this 14th of October, 1872.

Wm. N. Edgill, Superintendent Registrar.

NOTICE is hereby given, that application will be made by the Blake Sole Sewing Machine Company Limited, by petition to Her Majesty in Council, for a prolongation of the term of sole using and vending within the United Kingdom, the Channel Islands, and Isle of Man, an invention of a "new and useful or improved machine for sewing a sole on a boot or shoe," granted to Lyman Reed Blake, then of the State of Massachusetts, of the United States of America, by Her Majesty's Letters Patent, bearing date the 3rd May, 1859, No. 1111, which said Letters Patent are now vested in the said Blake Sole Sewing Machine Company Limited.

And notice is hereby given, that the said Blake Sole Sewing Machine Company Limited, intend to apply to the Judicial Committee of the Privy Council, on the 26th day of November next, or, if the said Judicial Committee shall not sit on that day, at the next sitting of the said Judicial Committee after that day, for a time to be fixed for the hearing of the matter of their said petition, and any person intending to oppose the said application must lodge a caveat to that effect at the Council Office, on or before that date.—Dated this 4th day of October, 1872.

Wilson, Bristows, and Carpmael, No. 1, Copthall-buildings, Solicitors of the above-named Petitioners.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for Inventions.

NOTICE is hereby given, that—

1723. James John Harrop, of the city of Manchester, Lead Manufacturer, and William Corbett, of Bradford, in the county of Lancaster, Iron Manufacturer, have given notice at the Office of the Commissioners of their intention to proceed with their application for letters patent for the invention of "improvements in puddling iron and in puddling furnaces."

As set forth in their petition, recorded in the said office on the 7th day of June, 1872.

1741. And Henry Melton Marsden, Wool Shear Manufacturer, Don Saw Works, Hillfoot, Sheffield, in the county of York, has given the like notice in respect of the invention of "improvements in the construction and manufacture of wool and other similar shears, and in apparatus used therein, parts of which improvements are applicable to the production of improved blanks for solid weavers, pickers, and joiners plane irons."

1743. And Octave Doyen, of Reims, France, Doctor, has given the like notice in respect of the invention of "an improved preparation and utilization of coffee in the form of tablets for food."

As set forth in their respective petitions, both recorded in the said office on the 10th day of June, 1872.

1759. And William Eacott, of Featherstone-buildings, Holborn, in the county of Middlesex, has given the like notice in respect of the invention of "a new or improved advertizing apparatus."—A communication to him from abroad by George Wilson, of Paris, France.

1760. And Walter Olive Palmer, of Clapham-road, in the county of Surrey, has given the like notice in respect of the invention of "a new or improved signal lamp."
