THE Board of Trade have received from the Secretary of State for Foreign Affairs a copy of a Note addressed by the Turkish Minister for Foreign Affairs to Her Majesty's Ambassador at Constantinople, announcing the adoption, in the Ottoman Empire, of the following Passport Regulations:—

All travellers, without distinction of nationality, and whatever may be the locality whence they come, will be immediately required, on arriving by sea or rail at any point of the Empire, to deliver their passports or permits to the captain of the ship or to the agents of the railway. The captain, as soon as he has obtained pratique will hand these passports to the Officer of Health who will have them registered at the proper office. The same course will be pursued by the railway employes. Foreigners who wish to travel in the interior should obtain teskérés from the Passport Office; they must in any case register at the same office the residence-permits (permis de séjour) with which they are furnished each year by their respective consulates.
