Proof of Gun Barrels.

NOTICE is hereby given, pursuant to section 117 of the Gun Barrel Proof Act, 1868, that the Gunmakers' Company of London and the Guardians of the Birmingham Proof House, acting under the authority of the said Act, have,

with the approval of the Right Honourable Gathorne Hardy, Her Majesty's Principal Secretary of State for the War Department, repealed and altered certain of the Rules and Regulations stated in Schedule B to the said Act annexed, and, in lieu thereof, have made certain New Rules and Regulations, of which the following is a copy, that is to say :—

Whereas in and by section 117 of the Gun Barrel Proof Act, 1868, the Gunmakers' Company and the Guardians of the Birmingham Proof House, in such Act and hereinafter referred to as "the two Companies," are empowered, should they deem the Proof or the Rules, Regulations, and Scales stated in Schedule B to the said Act annexed, or any of them, respectively, insufficient or inapplicable or unsuitable, on application to, and with the approval of, Her Majesty's Principal Secretary of State for the War Department, to repeal or alter all or any of the Rules and Regulations, and all or any part of the scales, respectively, from time to time, in force under the said Act, for the proof of small arms, or of any classes of small arms, and to make, repeal, and alter any new Rules and Regulations, and any new scales in that behalf. And whereas since the passing of the said Act certain barrels of small arms have come into use which are known in the Gun Trade as "Choke-bored" barrels, being barrels whereof some portion of the diameter of the bore at the muzzle is less than the diameter of the bore at some point behind the muzzle. And whereas the proof and the Rules and Regulations stated in Schedule B to the said Act, or some of them, respectively, have been found and are deemed by the two Companies unsuitable to Choke-bored barrels. And whereas the said Rules and Regulations stated in Schedule B to the said Act, with respect to the "Marks of Proof," and with respect to the "Mode of affixing Proof Marks," or some of them have been found, and are deemed by the two Companies, insufficient. Now, therefore, the two Companies, with the approval of the Right Honourable Gathorne Hardy, Her Majesty's Principal Secretary of State for the War Department, do hereby repeal and alter so much, but so much only, of the said Rules and Regulations as is inconsistent or at variance with the Rules and Regulations hereby made, and do make the following new Rules and Regulations, that is to say :—

Part I of these presents relates to Choke bored barrels.

Part II of these presents relates to marks of proof, and the effacing of marks of proof, upon the barrels of small arms.

PART I.

As to Choke-bored Barrels.

Definitions.

1. In the construction of these presents, the following words and expressions have the following meanings: to wit, "Choke-bored barrels" means barrels whereof the diameter of the bore at the muzzle is less than the diameter of the bore at some point behind the muzzle, other than the chamber or recess which contains the cartridge. "The charge of shot" means the aggregate quantity of shot to be used for the definitive proof of one Choke-bored barrel.

Classification.

2. To the "classification of small arms" contained in Schedule B to the said Act shall be added a sixth class, comprising small arms having Choke-bored barrels.

3. The "third class" and the "fourth class," respectively, mentioned in said Schedule B, shall henceforth comprise the several and respective classes or descriptions of small arms therein mentioned, except such small arms as shall be constructed with one or more Choke-bored barrels.

4. Any small arm having one or more of its barrels Choke-bored, and having any other barrel or barrels, shall in respect of its Choke-bored barrel or barrels, be deemed to belong to the sixth class, and in respect of its other barrel or barrels to its proper class under said Schedule B.

Rule of Proof.

5. For the definitive proof of Choke-bored barrels, shot shall be used instead of bullets. The shot used shall be of lead, and of the size and description known in the Gun Trade as Soft Shot—Size No. 6. The charge of shot shall be, in the aggregate, of the weight prescribed as the weight of the bullet for proof, by the scale set forth in the said Schedule B, called "Scale for proof of small arms of every description except rifled small arms," taking the diameter of the bore of the barrel at its widest part, exclusive of the chamber or recess containing the cartridge.

6. The wads used shall be placed, one over the powder, and the other over the charge of shot.

7. Barrels for arms of the sixth class shall be proved provisionally and definitively, and nothing in these presents contained shall alter or affect, or be deemed to alter or affect, the mode of provisional proof.

Conditions Precedent to Proof.

8. The conditions precedent to proof, as to barrels for arms of the Sixth Class, shall be the same as are stated in Schedule B to the said Act, with reference to barrels for arms of the Second and Fourth Classes, with such addition thereto as hereinafter stated.

9. If any barrel, not being a Choke-bored barrel, after being definitively proved and duly marked as so proved, shall be converted into a Choke-bored barrel, such barrel, if entitled, under section 114 of the said Act, to be deemed a barrel proved provisionally shall be deemed to have been proved provisionally within the meaning of section 7 of the Rule of Proof set forth in these presents, but shall be liable and shall be subjected to further definitive proof according to its class, and in accordance with the same section.

10. If the converted barrel stands proof, the person or persons respectively entitled under the said Act to impress marks of proof on the barrel, shall impress on the barrel a new definitive proof mark, denoting the definitive proof of a Choke-bored barrel.

11. If any Choke-bored barrel, after being proved and marked as proved provisionally, and whether or not it has been proved and marked as proved definitively, shall be converted into a barrel that is not Choke-bored, such barrel, if entitled under section 114 of the said Act, to be deemed a barrel proved provisionally, shall be deemed to have been proved provisionally, within the meaning of section 7 of the Rule of Proof set forth in these presents, but such barrel shall be liable, and shall be subjected to definitive proof, or, as the case may be, to further definitive proof, such proof to be according to the class to which the barrel belongs.

12. If such converted barrel as last mentioned stands proof, the person or persons respectively entitled under the said Act to impress marks of Proof on the barrel, shall impress on the barrel a fresh definitive proof mark, denoting the definitive proof of a barrel not being a Choke-bored barrel.

13. All Choke-bored barrels sent for proof to the Proof House, or any branch Proof House, of either of the said two Companies, shall be accompanied by a statement in writing signed by or on behalf of the owner or owners of such barrels, that they are Choke-bored barrels, which statement shall be delivered at the Proof House, or branch Proof House, along with the barrels to which it relates, and unless such statement be so sent and delivered, no liability shall be incurred to the owner or owners of any such barrels, by proving the same as if they were not Choke-bored.

PART II.

As to Marks of Proof.

14. The marks denoting definitive proof of Choke-bored barrels shall be the proper letter or figure or figures, denoting the gauge size of the barrel at its widest part, exclusive of the Chamber or recess containing the cartridge, followed immediately, except in the case hereinafter excepted, by the letter B, and the proper letter or figure or figures denoting the gauge size of the barrel at its muzzle, followed immediately by the letter M, which letters or figures denoting the gauge sizes, respectively, shall be struck at the definitive proof; and the proof and view marks now used by the said two Companies, respectively, as described and delineated in Schedule B aforesaid, with the addition of the words "Not for Ball," which words shall be struck on the barrel on that side of the letters B and M, respectively, which is nearest to the muzzle (videlicet):

NOT FOR BALL

As to the Gunmakers' Company—

gauge size of the barrel, which letter or figure or figures shall be struck at the definitive proof; and the proof and view marks, now used by the said two Companies respectively as described and delineated in Schedule B to the said Act.

16. When any barrel of any small arm, which barrel has been proved definitively, or which has been proved in the state for definitive proof, but according to the scale for provisional proof, is brought to the Proof House, or any branch Proof House of either of the said two Companies, to be proved again, definitively, or according to the scale for provisional proof, if such barrel upon being so proved again, does not stand proof, the person or persons respectively, who, under the said Act, is or are entitled to impress marks of proof on such barrel, shall efface all the existing marks of definitive proof therefrom.

R. VALPY,

Statistical and Commercial Department,
Board of Trade.

The excepted case hereinbefore referred to is that of barrels, the bore of which is enlarged immediately behind the muzzle, but of which, except such enlargement, and also except the chamber or recess containing the cartridge, the bore is not in any part of it larger than at the muzzle.

As to every such barrel, the word "Choke" shall be substituted for the words "Not for Ball" in the proof mark aforesaid, but in all other respects the marks denoting definitive proof of Choke-bored barrels of every description shall be identical.

15. The marks denoting definitive proof of barrels not being Choke-bored barrels, shall be, the proper letter or figure or figures denoting the

SOLDIERS' BALANCES UNCLAIMED.

IN pursuance of the "Regimental Debts Act, 1863," notice is hereby given, that Her Majesty's Principal Secretary of State for the War Department has available, for distribution amongst the Next of Kin or others entitled, the sum of money set opposite to the name of each of the deceased soldiers named in the list which is published with this notice in the London Gazette, and the "Army List," and is also to be seen at the Quarters of the several Staff Officers for the Recruiting and Pension Service throughout the United Kingdom.

Applications from persons supposing themselves entitled as Next of Kin should be addressed by letter to "The Under-Secretary of State, War Office, London, S.W.," and marked outside "Soldier's Effects."

No application can be attended to which does not state the date and place of the soldier's birth, enlistment, and death, and the name of his regiment; his regimental number should also be stated if known:

Should these particulars furnished by the applicant not agree with the facts recorded on the War Office documents relating to the deceased soldier, the applicant will be so informed; but should they agree therewith, then within three calendar months the Secretary of State will furnish the applicant with the usual requirements needed for the proof of the alleged relationship.

The application must be authenticated by the signature of the applicant, and his name should be affixed in the presence of the clergyman, or one of the churchwardens of the parish, or a Justice of the Peace; the applicant's address, with the name of the post town, must also be clearly stated. No personal application can receive attention.

Further lists will from time to time be published, and therefore it will facilitate the applicants' inquiries to give the number and date of the notice in which the deceased soldier's name appeared.—EFFECTS, 1873-4.

By order of the said Principal Secretary,

J. C. W. VIVIAN.

NOTE.—A copy of this Notice is to be seen at the Quarters of the several Staff Officers for the Recruiting and Pension Service throughout the United Kingdom.
