Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for Inventions.

NOTICE is hereby given, that—

5064. Thomas Aldred, Weaving Manager to Messrs. Dendy and Beard, of Macclesfield, in the county of Chester, Manufacturers, has given notice at the Office of the Commissioners of his intention to proceed with his application for letters patent for the invention of "improvements in looms for fancy weaving."

5067. And George Hopwood, of Blackburn, in the county of Lancaster, Manufacturer, has given the like notice in respect of the invention of "improvements in looms for weaving."

As set forth in their respective petitions, both

recorded in the said office on the 30th day of December, 1876.

11. And William Leatham Bright, of One Ash, Cotton Spinner, George Ingham, of Bians Nook, Throstle Overlooker, and Jacob Fielding, of Mizzy-buildings, Whitworth-road, Mechanic, all of Rochdale, in the county of Lancaster, have given the like notice in respect of the invention of "improvements in winding and reeling cotton, silk, worsted, or other fibrous substances."

As set forth in their petition, recorded in the said office on the 1st day of January, 1877.

38. And John Richard Dediccoat, of Pegasus Works, Coventry, in the county of Warwick, has given the like notice in respect of the invention of "certain improvements in bicycles and in the parts ordinarily used in connection therewith."

As set forth in his petition, recorded in the said office on the 3rd day of January, 1877.

44. And William Morgan-Brown, of the firm of Brandon and Morgan-Brown, Engineers and Patent Agents, of 38, Southampton-buildings, London, and 1, Rue Laffitte, Paris, has given the like notice in respect of the invention of "improvements in latched needles for knitting machines, and in the method of manufacturing same."—A communication to him from abroad by William Corey, Manufacturer, of Manchester, New Hampshire, United States of America.

47. And John Butterworth and William Dickinson, both of Burnley, in the county of Lancaster, Machinists, and Thomas Howard Blamires, of Huddersfield, in the county of York, Woollen Manufacturer and Yarn Spinner, have given the like notice in respect of the invention of "improvements in looms for weaving."

48. And Charles Hobby Pond, Secretary of "Sharps Rifle Company," Bridgeport, Connecticut, United States of America, now of 8, Southampton-buildings, London, England, has given the like notice in respect of the invention of "improvements in breech-loading fire-arms." As set forth in their respective petitions, all recorded in the said office on the 4th day of January, 1877.

57. And John Anderson, of Glasgow, in the county of Lanark, North Britain, has given the like notice in respect of the invention of "improvements in apparatus for the destructive distillation of shale and other substances." As set forth in his petition, recorded in the said office on the 5th day of January, 1877.

69. And William Edward Gedge, of No. 11, Wellington-street, Strand, in the county of Middlesex, Patent Agent, has given the like notice in respect of the invention of "a new and improved pad for trusses, adaptable to any spring waistband."—A communication to him from abroad by Cimon Corneille Schoevers, of the Hague, Holland, Doctor of Medicine.

70. And Henry Gardner, of the firm of Robertson, Brooman, and Company, of 166, Fleet-street, in the city of London, Patent Agents, has given the like notice in respect of the invention of "an improved apparatus for use as a pile driver."—A communication to him from abroad by Gustave Lacour, of Rue des Halles, Paris, France.

As set forth in their respective petitions, both recorded in the said office on the 6th day of January, 1877.
