**GENERAL ORDER** of the Local Government Board: Out-door Relief within Unions; Orphan and Deserted Children:—

To the Guardians of the Poor of the several Unions and Separate Parishes named in Schedules B and C to this Order;—  
 And to all others whom it may concern.

WHEREAS it is expedient that Regulations should be made, as hereinafter mentioned, with respect to the relief of orphan and deserted children by the Guardians of the Poor of each of the Unions and Separate Parishes named in Schedules B and C to this Order:

Now therefore, we, the Local Government Board, in pursuance of the powers given by the several Statutes in that behalf, hereby order as follows with respect to each of the Unions and Separate Parishes named in the said Schedules:—

**ARTICLE I.**—If the Guardians relieve orphan or deserted children out of the Workhouse by placing them in homes within the limits of the Union or Separate Parish, the following Regulations shall take effect:

**ARTICLE 2.**—Before any child shall be placed in any such home, a certificate in the Form No. 1 in the Schedule A to this Order, or to the like effect, signed by a Medical Officer of the Union or Separate Parish, shall be submitted to the Guardians.

**ARTICLE 3.**—Not more than two children, save only in the case of brothers and sisters, shall be placed in the same home at the same time, and in no case shall the number of children placed in the same home exceed four.

**ARTICLE 4.**—A child shall only be placed with a foster-parent of the same religious creed as that to which the child belongs.

**ARTICLE 5.**—A child shall not be placed in any home distant more than two miles from a Public Elementary School to which such child can be sent.

**ARTICLE 6.**—A child shall not be placed with any person who is at the time, or has been within twelve months preceding, in receipt of relief from the Poor Rates.

**ARTICLE 7.**—Before receiving any child the foster-parent shall sign an undertaking in duplicate, which shall, in addition to any other matter which may be agreed upon, contain an engagement on the part of the foster-parent, that in consideration of a certain sum per week he will bring up the child as one of his own children, and provide it with proper food, lodging, and washing, and endeavour to train it in habits of truthfulness, obedience, personal cleanliness, and industry, as well as in suitable domestic and out-door work, so far as may be consistent with the law; he will take care that the child shall attend duly at church or chapel, according to the religious creed to which the child belongs, and shall, while remaining with him, attend a school, according to the provisions of the law for the time being; he will provide for the proper repair and renewal of the child's clothing, where an allowance is made by the Guardians for that purpose; and in the case of the child's illness, he will forthwith report it to the Relieving Officer in whose District the child resides, or to the Guardians; and he will at all times permit the child to be visited and the house to be inspected by the Relieving Officer or the Medical Officer of the district, and by any Guardian or other person appointed for that purpose by the Guardians or by the Local Government Board.

**ARTICLE 8.**—On the delivery of the child to the foster-parent, an acknowledgment shall be given in the Form No. 2 in the Schedule A to this Order, or to the like effect.

**ARTICLE 9.**—The weekly sum to be paid by the Guardians to the foster-parent for the maintenance of a child, inclusive of lodging, but exclusive of clothing, school fees, and fees for medical attendance, shall not in any case exceed four shillings, except with the consent of the Local Government Board.

**ARTICLE 10.**—The Guardians shall not order relief in pursuance of this Order for a period exceeding three months at any one time.

**ARTICLE 11.**—The foster-parent shall produce the child for examination by the Guardians when required by them to do so.

**ARTICLE 12.**—The Relieving Officer shall pay the amount of relief ordered by the Guardians in respect of any child at the residence of the foster-parent, weekly, unless otherwise directed by the Guardians, and shall once in every quarter, or oftener, if so required by them, make to the Guardians a Report, according to the Form No. 3 in the said Schedule A.

**ARTICLE 13.**—The Medical Officer of the District in which the child may be resident shall visit the child once in each quarter, and shall after each visit make to the Guardians a Report in the Form No. 4 in the said Schedule A, and for each such visit duly reported the Medical Officer shall be paid by the Guardians a fee of Two Shillings and Sixpence.

**ARTICLE 14.**—In this Order—

The word "Union" includes any Union of Parishes incorporated or united for the relief or maintenance of the Poor under any Act of Parliament.

The term "Separate Parish" means a Parish or Place which is under a separate Board of Guardians.

The word "Guardians" includes any Governors, Directors, Managers, Acting Guardians, Vestrymen, or other Officers appointed or entitled to act in the distribution or ordering of relief to the Poor from the Poor Rates under any Act of Parliament.

When applied to a legitimate child, the term "orphan child" means a child, both of whose parents are dead, or one of whose parents is dead, the other being under sentence of penal servitude, or suffering permanently from mental disease, or out of England; and the term "deserted child" means a child deserted by both parents, or deserted by one parent, the other being dead, or under sentence of penal servitude, or suffering permanently from mental disease, or out of England, or a child, one of whose parents is under sentence of penal servitude, or suffering permanently from mental disease, or out of England, the other being likewise in one of those conditions.

When applied to an illegitimate child, the term "orphan child" means a child whose mother is dead; and the term "deserted child" means a child deserted by its mother, or whose mother is under sentence of penal servitude, or suffering permanently from mental disease, or out of England.

The term "foster-parent" means the person with whom any child is placed under the provisions of this Order.

All words importing the masculine gender shall be deemed and taken to include females, and the singular to include the plural and the plural the singular, unless the contrary as to gender or number is expressly provided.

## NAVAL PRIZE MONEY.

*Department of the Accountant-General  
of the Navy and Comptroller of Navy  
Pay, Admiralty, September 8, 1877.*

NOTICE is hereby given to all persons interested therein, that preparations are now being made for the intended distribution of the tonnage bounty awarded for the slave dhow "Salama," captured on the 20th December, 1876; by Her Majesty's ship "London."

Agents or other persons having any just and legal demand, unliquidated, against the award, are required to transmit the particulars of any such demand to the Registrar of the Admiralty Division of Her Majesty's High Court of Justice, in order that the same may be examined, taxed, and allowed by that Officer, and paid under the sanction of the Judge of the said Court.

Due notice will be given, by future advertisement in the London Gazette, of the date proposed for the commencement of distribution; and, at the same time, the amount of an individual's share in the respective classes will be announced.

## Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for  
3372. Inventions.

**N**OTICE is hereby given, that the petition of Wilhelm Weyhe, of Bremen, in the German Empire, praying for letters patent for the invention of "improvements in pumping engines worked by fluid pressure without valve gear," was deposited and recorded in the Office of the Commissioners on the 5th day of September, 1877, and a complete specification accompanying such petition was at the same time filed in the said office.

## Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for  
3399. Inventions.

**N**OTICE is hereby given, that the petition of David Scrymgeour, of Boston, in the county of Suffolk, and State of Massachusetts, in the United States of America, praying for letters patent for the invention of "improvements in the process for the manufacture of boot and shoe stiffenings, and in molds or dies for forming such stiffenings or other hollow articles of pulp," was deposited and recorded in the Office of the Commissioners on the 6th day of September, 1877, and a complete specification accompanying such petition was at the same time filed in the said office.

## Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for  
Inventions.

**N**OTICE is hereby given, that provisional protection has been allowed—

1812. To Albert Duruflé, of Caudebec-lès-Elbeuf, in the Department of the Seine Inférieure, and

Republic of France, for the invention of "improvements in the utilization or application of centrifugal force for the expulsion after treatment of matters of any kind submitted to the action of hydro-extractors, whereby the continuous working of these machines is facilitated." On his petition, recorded in the Office of the Commissioners on the 10th day of May, 1877.

1888. To Stéphane Clément François Gachet, Professor, of the city of Paris, in the Republic of France, for the invention of "improved means of facilitating pedestrian traffic." On his petition, recorded in the Office of the Commissioners on the 15th day of May, 1877.

2010. To Thomas Christopher Lewis, of Shepherd's-lane, Brixton, in the county of Surrey, Organ Builder, for the invention of "improvements in producing sound from bells." On his petition, recorded in the Office of the Commissioners on the 23rd day of May, 1877.

2730. To Anthon Steenberg, Patent Agent, of Copenhagen, Denmark, for the invention of "improvements in means or apparatus for recording a ship's course."—A communication to him by Frederik Alsing, Machinist, and Harald Sachmann, of Copenhagen.

On his petition, recorded in the Office of the Commissioners on the 16th day of July, 1877.

2867. To Joseph Thomas Parlour, Shipwright and Engineer, and Alexander Robinson, Engineer, both of 8, Southampton-buildings, London, for the invention of "an improved method of and means for increasing the destructive effects of ordnance and small arms, and of projectiles, implements, or apparatus employed for offensive and defensive purposes in military operations, part of which invention

is applicable to ships or vessels for naval warfare.

On their petition, recorded in the Office of the Commissioners on the 27th day of July, 1877.

2912. To Leonard Buttress Trimen, of Hastings, in the county of Sussex, and George Ritchie, of Hounslow, in the county of Middlesex, for the invention of "the adaptation of barges or other vessels for the carrying of sea water or other fluids in bulk as cargo or ballast."

On their petition, recorded in the Office of the Commissioners on the 31st day of July, 1877.

2993. To James Mason, of Eynsham Hall, near Witney, in the county of Oxford, for the invention of "improvements in the treatment of certain residues resulting from the production of sulphuric acid."

On his petition, recorded in the Office of the Commissioners on the 6th day of August, 1877.

3046. To Nicholas Joseph Butler, of Number 8, Royal-terrace, Kingstown, in the county of Dublin, Physician and Surgeon, for the invention of "improvements in the construction of shower baths of a valve rose lever and indicator to be connected or used therewith."

3062. And to Ernest Bazin, Ingénieur, Chevalier de la Légion d'Honneur, of No. 10, Place Péreire, Paris, for the invention of "the application of the 'pipette' to the extracting of gold nuggets and auriferous sand and other matters lying under water."

On both their petitions, recorded in the Office of the Commissioners on the 10th day of August, 1877.

3067. To Alfred George Speight, Manufacturer, of 207, City-road, in the county of Middlesex, for the invention of "improvements in the manufacture of barrels, boxes, canisters, cartridges, cases, envelopes, and other similar articles."

On his petition, recorded in the Office of the Commissioners on the 11th day of August, 1877.

3079. To Charles Henry Hooper, of Eastington, in the county of Gloucester, Woollen Cloth Manufacturer, for the invention of "improvements in weaving twilled fabrics."

On his petition, recorded in the Office of the Commissioners on the 13th day of August, 1877.

3108. To Paul Giffard, of Boulevard Saint Denis, No. 1, at Paris, Engineer, for the invention of "improvements in machinery or apparatus for the artificial production of cold for ice making and other purposes."

On his petition, recorded in the Office of the Commissioners on the 15th day of August, 1877.

3145. To William Reid, of 3, York-buildings, Dale-street, Liverpool, for the invention of "an improved reducing or regulating valve for steam and other purposes."

3147. To John Greenwood, of Oldham, in the county of Lancaster, Cotton Carder, and Holland Taylor, of the same place, Machine Maker, for the invention of "improvements in apparatus for lubricating footsteps and spindles."

3149. To William Sulley, Lace Manufacturer, and Frederick Radford, Factory Manager, both of the town and county of the town of Nottingham, for the invention of "improvements in the mode of working twist lace machinery for the purpose of producing fabrics and articles not hitherto produced on such class of machinery."

3151. To Joe Frost, of Huddersfield, in the county of York, Manufacturing Chemist, for the invention of "improvements in treating the

residuum or precipitate obtained in the purification of sewage."

3153. And to John Henry Johnson, of 47, Lincoln's-inn-fields, in the county of Middlesex, Gentleman, for the invention of "improvements in the production of ice and in apparatus employed therefor or connected therewith, which improvements are also applicable to other similar purposes."—A communication to him from abroad by Georges Dubern, of Paris, in the Republic of France.

On their several petitions, recorded in the Office of the Commissioners on the 18th day of August, 1877.

3157. To Frank Wirth, of the firm of Wirth and Company, Patent Solicitors, at Frankfort on the Main, in the Empire of Germany, for the invention of "a new compound for greasing wool, and a new method of manufacturing the said compound."—A communication from Julius Jüngst and Christian Heinzerling, Doctor of Philosophy, persons resident at Biedenkopf, in the Empire of Germany.

3159. To John Henry Johnson, of 47, Lincoln's-inn-fields, in the county of Middlesex, Gentleman, for the invention of "improvements in effecting the conversion of hydrocarbons and other combustible liquids into gas, and in apparatus or means employed therein, and in or for the production and application of gaseous mixtures."—A communication to him from abroad by La Société des Moteurs Lambrigot, of Paris, in the Republic of France.

3163. To Henry Moses Mellor and Luke Woodward, of the firm of Moses Mellor & Sons, Lee Works, in the town & county of Nottingham, for the invention of "improvements in the manufacture of hosiery, and in machinery used therein."

3165. And to Thomas Gemmell, of the city of Baltimore, State of Maryland, one of the United States of America, for the invention of "improvements in terra-cotta stoves and fire pots."

On their several petitions, recorded in the Office of the Commissioners on the 20th day of August, 1877.

3167. To Alexander Morton, of Glasgow, in the county of Lanark, North Britain, Engineer, for the invention of "improvements in steam engines."

3168. To Arthur Charles Henderson, of 6, Southampton-buildings, Holborn, in the county of Middlesex, Patent Agent, for the invention of "improvements in the mode of and appliances for arresting vicious or runaway horses whether ridden or driven."—A communication to him from abroad by Jérémie Garnier and Madame Veuve Lecertisseur, née Marie Adélaïde Justine Lecertisseur, both of the city of Paris, in the Republic of France.

3169. To Charles Thomas Starley and Henry Triggs, both of Steyning, in the county of Sussex, for the invention of "improvements in night signals for railways."

3170. To Louis Denayrouse, of Paris, (France), Engineer, for the invention of "an automatical kindler for electric lights."

3172. To William Morgan-Brown, of the firm of Brandon and Morgan-Brown, Engineers and Patent Agents, of 38, Southampton-buildings, London, and 1, Rue Laffitte, Paris, for the invention of "improvements in brace-ends."—A communication to him from abroad by Edward Drucker, of 1, Rue Laffitte, Paris.

3173. To Auguste Adolphe Xavier Okolowicz, of Molenbeck lez Bruxelles, in the Kingdom of

Belgium, Manufacturer, for the invention of "improvements in the application of vegetable and mineral colours to earthenware and porcelain."

3174. To John Riley, of 5, South-crescent-chambers, Liverpool, in the county of Lancaster, for the invention of "improvements in the manufacture of salt cake and black ash and alkaline carbonates, and in furnaces and apparatus therefor."

3175. To William Lloyd Wise, of Chandos-chambers, Adelphi, in the county of Middlesex, for the invention of "improvements in plotting instruments for use by surveyors and others, applicable also for projections and analogous uses in draughting."—A communication to him from abroad by Henry Wadsworth, of Duxbury, in the county of Plymouth, State of Massachusetts, United States of America.

3176. To Joseph Easby, of Sheffield, in the county of York, Whitesmith, for the invention of "improvements in stench traps as applied to sink pipes and similar purposes."

3177. To John Fulton, of Greenock, in the county of Renfrew, North Britain, Engineer, for the invention of "improvements in punching apparatus."

3178. To Edward Ward, of Wells-street, Oxford-street, in the county of Middlesex, for the invention of "improvements in sewing machines."

3179. To William Edward Newton, of the Office for Patents, 66, Chancery-lane, in the county of Middlesex, Civil Engineer, for the invention of "improvements in spring bottoms for beds, cots, berths, and hammocks."—A communication to him from abroad by William Peacock, of the city and State of New York, United States of America.

3180. To William Calvert, of Leeds, in the county of York, for the invention of "improvements in cans or other receptacles for flax, cotton, silk, jute, and other 'slivers.'"

3183. To George Thomas Parkin and William Moore, both of Sheffield, in the West Riding of the county of York, for the invention of "improvements in knives for tobacco cutting machines."

3184. To Charles Smith, of Burnley, in the county of Lancaster, Mechanic, for the invention of "improvements in apparatus for supplying fuel to steam boiler and other furnaces."

3185. To Henry Pierre Rieth, of Antwerp, Belgium, for the invention of "improvements in steam engines and in boilers from which said engines can be worked."—A communication to him from abroad by Thister Reiner Rieth, of Bonn.

3186. And to François Joseph Chevet, of Paris, France, Merchant, for the invention of "improvements in the preparation of concentrated food."

On their several petitions, recorded in the Office of the Commissioners on the 21st day of August, 1877.

3187. To Paul Jablockhoff, of Paris (France), Engineer, for the invention of "a magneto-dynamo-electric machine."

3188. To Norman Oscar Craig, of Markinch, in the county of Fife, North Britain, for the invention of "improvements in washing machines."

3189. To William Mather, of the firm of Messieurs Mather & Platt, of Salford, in the county of Lancaster, Engineer, for the invention of "improvements in apparatus for 'boring' and well sinking."

3190. To James Jones, of Wrexham, in the county of Denbigh, for the invention of "improvements in and relating to machinery for forging nails, spikes, and other similar articles."

3191. To James Robbins, of 9, Bartholomew-road, N.W., London, for the invention of "an improved joint for water and other pipes."

3192. To William Edward Gedge, of No. 11, Wellington-street, Strand, in the county of Middlesex, Patent Agent, for the invention of "improvements in puddling iron and steel."—A communication to him from abroad by Louis Nicolas de Meckenheim, of Ixelles, Brussels, Belgium, Metallurgist.

3193. And to William Wilkinson, of Gower-street, Bedford-square, in the county of Middlesex, for the invention of "improved appliances to be employed for holding bottles and other vessels whilst being filled with liquid."

On their several petitions, recorded in the Office of the Commissioners on the 22nd day of August, 1877.

3194. To Thomas Andros de la Rue, of No. 110 Bunhill-row, in the city of London, Manufacturer, for the invention of "improvements in the manufacture of cards."

3196. To George Wilson, of Banner Cross, Sheffield, in the county of York, for the invention of "improvements in the manufacture of projectiles."

3197. To John William Watts, of Leicester, in the county of Leicester, for the invention of "improvements in machinery and apparatus applicable to circular machines for making looped fabrics."

3198. To John Tomkinson Grindrod, of the city of Manchester, in the county of Lancaster, Engineer, for the invention of "improvements in machinery or apparatus for churning milk, washing clothes, dressing castings, and for other purposes where two speeds are required in one revolution of the machine."

3199. To Henry Sutcliffe and Wright Sutcliffe, of the firm of Wright Sutcliffe and Son, of Halifax, in the county of York, Brass Founders and Finishers, for the invention of "improvements in water taps."

3200. To Joseph Hextall, of Balsall Heath, in the county of Worcester, Gentleman, for the invention of "improvements in fire lighters and in apparatus to be used in manufacturing the same."

3201. To William Richter, of Berlin, in the Kingdom of Prussia, Civil Engineer, for the invention of "improvements in iron pavement."

3203. To James Mason, of Eynsham Hall, near Witney, in the county of Oxford, for the invention of "improvements in the treatment of certain residues resulting from the production of sulphuric acid."

3204. To Charles Ezard, of Bradford, in the county of Lancaster, Ironfounder, and Francis Erskine, of Manchester, in the same county, Engineer, for the invention of "improvements in or applicable to steam boiler and other furnaces."

3205. To Charles Stout, of Bootle, in the county of Lancaster, for the invention of "improvements in shaping heads of barrels & other similar articles, and in the apparatus for accom-

plishing the same (applicable also for cutting circular arcs in other articles").

3206. To Frank Wirth, of the firm of Wirth and Company, Patent Solicitors, at Frankfort on the Main, in the Empire of Germany, for the invention of "an improved glove-fastener."—A communication from the Hannover Gummi-Kamm-Company of Hannover, in the Empire of Germany.

3207. To John Banting Rogers, of Tredegar-road, Bow, in the county of Middlesex, Inventor of the Rove-rope System for Saving Life at Sea, for the invention of "improvements in the construction of pulley or sheave blocks, suitable for ships and other vessels, repairing and other tackle, for buildings, for fire-escapes, and other useful purposes."

3208. To Henry Leerhoff Müller, of Birmingham, in the county of Warwick, Merchant, for the invention of "improvements in railway and other lamps."—A communication to him by Mathias Heinrich Thofeln, of Hanover, in the Empire of Germany.

3211. To William Walton, of Denton, in the county of Lancaster, Card Manufacturer, for the invention of "improvements in apparatus for actuating railway signals."

3212. To Richard George, of 22, Alma-street, Kentish Town, in the county of Middlesex, for the invention of "a new or improved method of making up and combining soap or other cleansing matters with other materials to be used for washing and cleansing purposes, and in the means, machinery, and apparatus employed for this purpose."

3214. To Abraham Wood, of Menston, in Wharfedale, in the county of York, for the invention of "improvements in street gullies."

3216. And to James Mountstephen Rogers, of Kingsland-road, in the county of Middlesex, for the invention of "improved lever and spring mechanism for the propulsion of carriages and boats, and for other like purposes."

On their several petitions, recorded in the Office of the Commissioners on the 23rd day of August, 1877.

3220. To Frederick Holmes, of Hill-street, Peckham, in the county of Surrey, and Richard James Harris Saunders, of Ventnor, in the Isle of Wight, for the invention of "improvements in the construction of sawing machinery."

3222. To Sir Thomas George Augustus Parkyns, Bart., of Harnham Cliff, near Salisbury, in the county of Wilts, for the invention of "improvements in chromotype and autotype, photographic printing and coloring or tinting the same."

3224. And to Richard Hodson, of Abbey-road, St. John's Wood, in the county of Middlesex, Civil Engineer, for the invention of "improvements in rotary engines and the reversing gear to be adapted thereto, parts of which improvements are applicable to other engines."

On their several petitions, recorded in the Office of the Commissioners on the 24th day of August, 1877.

3228. To George Washington Robertson, of Dundee, in the county of Forfar, North Britain, Merchant, for the invention of "improvements in rollers for drawing, roving, and spinning frames, the same being applicable for other analogous purposes."

3230. To Edward Alfred Cowper, of No. 6, Great George-street, Westminster, in the county of Middlesex, for the invention of "improvements in flyers for spinning."

3232. To Jean Etienne Constantin Luques, of Paris, in the Republic of France, for the invention of "improved means for preventing and removing incrustation in boilers."

3234. To Ambler Pemberton, of Bradford, in the county of York, Overlooker, for the invention of "improvements in looms for weaving."

3238. And to William Robert Lake, of the firm of Haseltine, Lake, & Co., Patent Agents, Southampton-buildings, London, for the invention of "improvements in machinery or apparatus for the manufacture of plumbers' traps and other pipes or tubes of soft metal or other material."—A communication to him from abroad by Jesse Edward Folk, of Brooklyn, New York, United States of America, Merchant.

On their several petitions, recorded in the Office of the Commissioners on the 25th day of August, 1877.

3240. To Alexander Moncrieff, of No. 16, Cromwell-crescent, South Kensington, in the county of Middlesex, for the invention of "improvements in carriages and apparatus for disappearing guns."

3242. To Edmund Edwards, of the firm of Edwards and Co., 40, Southampton-buildings, Chancery-lane, in the county of Middlesex, Engineers and Patent Agents, for the invention of "improvements in self-acting sorting and drawing apparatus applied to carding engines, used for carding wool or other fibrous substances."—A communication to him from abroad by Louis Philippe Messelier, of Tourcoing, in the Republic of France.

3244. To Nathan Thompson, of the city of Brooklyn, in the county of Kings, and State of New York, in the United States of America, but at present of 23, Southampton-buildings, in the county of Middlesex, for the invention of "improvements in stoppers for bottles, jars, and other hollow articles."

3246. To George William Smith, of Glasgow, in the county of Lanark, North Britain, Civil and Mining Engineer, for the invention of "improvements in and connected with safety signalling and indicating apparatus for mine and other shafts or ways."

3248. To Ceasar Gerson, Doctor med-et-chir, in the city of Hamburg, Germany, for the invention of "an improved system of filtration, and apparatus connected therewith."

3250. To James Bate, of the firm of James Bate and Co., of Wolverhampton, in the county of Stafford, Wood Turners and Lock Manufacturers, for the invention of "improvements in the manufacture of stock locks."

3252. To John Derbyshire, of Marsh-street, Longton, in the county of Stafford, Engineer, for the invention of "improvements in filter presses."

3256. And to Joseph Stokes Williams, of Riverton, New Jersey, United States of America, now of 8, Southampton-buildings, London, for the invention of "improvements in railway crossings and switches, and in apparatus to be used in connection therewith."

On their several petitions, recorded in the Office of the Commissioners on the 27th day of August, 1877.

3260. To Charles Denton Abel, of Southampton-buildings, in the county of Middlesex, for the invention of "improvements in shut-off valves."—A communication to him from abroad by Heiko Janssen, of Berlin, in the German Empire.

3262. To David Rattray Malcolm, of Dundee, in the county of Forfar, North Britain, for the invention of "improvements in bearings for vertical spindles or shafts."
3264. To William Henry Watson, of 4, Wilton-terrace, Camberwell Grove, in the county of Surrey, for the invention of "improvements in apparatus for working railway signals."
3272. To Joseph Roseby and William Balmer, Miners, both of the borough and county of Newcastle-on-Tyne, for the invention of "improved boring machine for mining and other like purposes."
3274. To William Henry Wright, of Bradford, in the county of York, Mechanic, for the invention of "improvements in wool combing machines."
3276. And to William Clark, of 53, Chancery-lane, in the county of Middlesex, Patent Agent, for the invention of "improvements in apparatus for propelling and retarding tramway cars."—A communication to him from abroad by John Bleeker Tibbitts, of Hoosick, county of Rensselaer, State of New York, United States of America.

On their several petitions, recorded in the Office of the Commissioners on the 23th day of August, 1877.

3280. To Thomas Wilkes Webb, of the firm of Thomas Webb and Sons, of Stourbridge, in the county of Worcester, Glass Manufacturer, for the invention of "an improved means of producing iridescent colors on glass."
3282. To James Hodgkinson, of Hindley, near Wigan, in the county of Lancaster, Cotton Spinner for the invention of "improvements in arrangements and appliances for extinguishing fires in mills and other buildings."
3284. To Arnold Lupton, of Bagillt, in the county of Flint, North Wales, for the invention of "improved governor for engines."
3286. To James Warwick, of Manchester, in the county of Lancaster, Patent Sewing Machine Manufacturer, for the invention of "certain improvements in sewing machines, and in apparatus for winding the thread on the reels or spools of sewing machine shuttles."
3288. To Carl Ludvig Matthiessen Kœdt, of Manchester, in the county of Lancaster, for the invention of "improved apparatus applicable to wristbands, collars, gloves, and other articles of dress."
3290. To John Clayton Mewburn, of 169, Fleet-street, in the city of London, Patent Agent and Consulting Engineer, for the invention of "a new or improved break for the bobbins of throstle frames."—A communication to him from abroad by Charles Droulers-Vernier, of Lille, France.
3294. And to Richard William Smith Griffith, of Eyeworth Lodge, near Lyndhurst, in the county of Hants, for the invention of "improvements in the manufacture of gun-powder."

On their several petitions, recorded in the Office of the Commissioners on the 29th day of August, 1877.

3296. To Walter Neilson, of Glasgow, in the county of Lanark, North Britain, Iron Master, for the invention of "improvements in the manufacture of iron."
3298. To Thomas Eddison, of Whitehall-road, Leeds, in the county of York, Heald and Reed Maker, for the invention of "an improved apparatus for automatically regulating the tension of the warp in looms for weaving, applicable also to other purposes."

3300. To George Hall Adam, of Birmingham, in the county of Warwick, but at present residing at Newcastle-on-Tyne, in the county of the same town, General Agent, for the invention of "improvements in the mode of securing the ends of rails for forming a permanent way."

3304. To Edward Greatbatch Wood, of Birmingham, in the county of Warwick, Machinist, for the invention of "improvements in runners and top notches for umbrellas and parasols."

3308. To Philip John Le Gros, of 4, Queen-street-place, London, Engineer, for the invention of "improvements in rock-drills, part of which improvements are applicable to other drilling apparatus."

3310. To Edward Collier, of Birmingham, in the county of Warwick, Manufacturer, for the invention of "improvements in the nobs and roses for locks & other furniture."

3312. And to Thomas James Smith, of the firm of Robertson, Brooman, and Company, of 166, Fleet-street, in the city of London, Patent Agents, for the invention of "improved means and appliances for attaching stretchers to runners, also in the construction of runners or sliding tubes for umbrellas, parasols, and like articles."—A communication to him from abroad by Alfred Gilson, of Paris, France.

On their several petitions, recorded in the Office of the Commissioners on the 30th day of August, 1877.

#### PATENTS WHICH HAVE BECOME VOID.

A LIST of the Letters Patent for Inventions which have become void by reason of the non-payment of the additional Stamp Duty of £50, before the expiration of the third year from the date of such Patents, pursuant to the Act of the 16th Vict., c. 5, sec. 2, for the week ending the 8th day of September, 1877.

2994. William Morgan-Brown, of the firm of Brandon and Morgan-Brown, Engineers and Patent Agents, of 38, Southampton-buildings, Chancery-lane, London, and 13, Rue Gaillon, Paris, for an invention of "improvements in machines for uniting the soles and uppers of boots and shoes, and in the fastenings to be used therein."—The said invention has been communicated to him from abroad by Everett Preston Richardson, of Lawrence, Essex County, Massachusetts, United States of America.—Dated 2nd September, 1874.

2995. Samuel Arnold Luke, of St. John's, Deptford, in the county of Kent, for an invention of "improvements in apparatus for moulding and compressing small coal and other substances."—Dated 2nd September, 1874.

2996. Henry Edward Brown, of Redmond's Hill, in the city of Dublin, Coach Builder, for an invention of "improvements in carriages."—Dated 2nd September, 1874.

2997. Carl Leopold Lustig, of Vienna, Empire of Austria, for an invention of "improvements in metal and enamel work."—Dated 2nd September, 1874.

2998. Jaques Theodore Cardon, one of the firm of J. Cardon and Co., of Abbeville, in the Department of the Somme, France, Manufacturer, for an invention of "an improved machine for breaking, stripping hemp, flax, Indian grass, ramie, and other textiles."—Dated 2nd September, 1874.

2999. Peter Jensen, of 89, Chancery-lane, in the county of Middlesex, for an invention of "improvements in transmitting and printing tele-

- graphic messages, and in apparatus therefor."—Communicated to him from abroad by Paul La Cour, of Copenhagen, in the Kingdom of Denmark.—Dated 2nd September, 1874.
3000. Henry Wilde, of Manchester, in the county of Lancaster, Engineer, for an invention of "improvements in machinery or apparatus for excavating coal and other minerals."—Dated 2nd September, 1874.
