Lord President.

Mr. Mundella.

THE Lords and others of Her Majesty's Most Honourable Privy Council, by virtue and in exercise of the powers in them vested under The Contagious Diseases (Animals) Act, 1878, and of every other power enabling them in this behalf, do order, and it is hereby ordered, as follows :

Short Title.

1. This Order may be cited as The Foot-and-Mouth Disease Order (Amendment) of 1881.

Commencement.

2. This Order, except as otherwise expressed, shall commence and take effect from and immediately after the twenty-seventh day of January, one thousand eight hundred and eighty-one.

Interpretation.

3. In this Order—

The Act of 1878 means The Contagious Diseases (Animals) Act, 1878.

Infected area means an area for the time being declared by the Privy Council to be an area infected with foot-and-mouth disease in England or Wales or Scotland.

Licensed market means a market, fair, exhibition, or sale of animals held by licence of a Local Authority under The Foot-and-Mouth Disease (Infected Areas) Order of 1881 or The Markets and Fairs Temporary Order of 1881.

Other terms have the same meaning as in The Animals Order.

Movement into Infected Area.

4. Regulation C. (Movement into, from another District) contained in Article 9 of The Foot-and-Mouth Disease (Infected Areas) Order of 1881 is hereby revoked ; and the following

provisions shall be read as part of that Article in the place of that Regulation, and shall be deemed to be Regulation C. in that Article, and to follow Regulation B. therein (namely):

C.—Movement into Infected Area, from another District.

(iv.) If the animals (being animals not affected with foot-and-mouth disease) to be moved, under Regulation B. aforesaid, into such parts of an infected area as are not comprised in a place infected with foot-and-mouth disease, are to be moved out of an infected area not in the district of the same Local Authority, there must be a movement licence of the Local Authority out of whose district the animals are to be moved; and there must also be a movement licence of the Local Authority into whose district the animals are to be moved, indorsed on or referring to the first-mentioned licence; which second licence must be obtained before the animals are moved.

(iv. a.) If the animals to be moved, under Regulation B. as aforesaid, into those parts of an infected area, are to be moved out of the district of another Local Authority, but not out of an infected area, the only movement licence required shall be the licence of the Local Authority into whose district the animals are to be moved; which licence must be obtained before the animals are moved into that district.

5.—(a.) Nothing in the last foregoing Article shall be deemed to invalidate or make unlawful anything done under Regulation C. thereby revoked before the commencement of that Article, or to interfere with the institution or prosecution of any proceeding in respect of any offence committed against, or any penalty incurred under, that Regulation.

(b.) Forms in the Schedule to The Foot-and-Mouth Disease (Infected Areas) Order of 1881 may be varied in accordance with the last foregoing Article.

Movement from Licensed Market in Infected Area.

6. A certificate of a Veterinary Inspector or a declaration of the owner or his agent shall not be necessary for the granting of a licence for the movement of animals from a licensed market under The Foot-and-Mouth Disease (Infected Areas) Order of 1881.

7.—(a.) Where two infected areas adjoin, then animals which have been in a licensed market in one of those areas may be moved out of that area into the adjoining area, on condition that the animals be moved to a slaughter-house, for the purpose of being there slaughtered, with a licence of the Local Authority of the district in which the licensed market is held, the slaughter-house being specified in the licence:

(b.) Provided, that each Local Authority through or into whose district the animals are moved have previously agreed to animals being so moved through or into their district (as the case may be):

(c.) Provided also, that in every such case the movement be out of, through, or into such parts only of the two infected areas aforesaid as are not comprised in a place infected with foot-and-mouth disease.

(d.) Nothing in this Article affects the provision of The Foot-and-Mouth Disease (Infected Areas) Order of 1881 which requires that animals so moved be slaughtered within six days after being in the licensed market.

Marking of Sheep and Swine in Licensed Market.

8.—(a.) Sheep and swine in a licensed market, whether in an infected area or not, shall be marked by the owner, consignee, or other person exposing or exhibiting them, at his own expense, as follows:

By painting or stamping the letter M, about six inches long, on the left side of each of the sheep or swine, with the following or some other like composition; namely:—Rosin, five parts; oil of turpentine, two parts; and blue or red ochre, one part; melted and used warm.

(b.) This Article shall commence and take effect from and immediately after the third day of February, one thousand eight hundred and eighty-one.

Power for Local Authority to prohibit Movement into their District.

9.—(a.) Any Local Authority in England or Wales or Scotland may, with the view of preventing the introduction of foot-and-mouth disease into their district, make regulations for prohibiting or regulating the movement of animals into their district from the district of any other Local Authority in Great Britain specified in the Regulation:

(b.) Provided, as follows:

(i.) This Article does not authorize a Local Authority to make any regulation affecting movement of animals into an infected area; and

(ii.) Any regulation made by a Local Authority under this Article shall not restrict movement of animals by railway through the district of that Local Authority.

Offences.

10.—(a.) If an animal is moved in contravention of the provisions of this Order, or of a licence or regulation thereunder, the owner thereof, and the person causing, directing, or permitting the movement, and the company or person moving or conveying the animal, shall, each according to and in respect of his or their own acts and defaults, be deemed guilty of an offence against the Act of 1878.

(b.) If a sheep or a pig required by this Order to be marked is not so marked, the owner, consignee, or other person exposing or exhibiting the same, and the person for the time being in charge thereof, shall, each according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Act of 1878.
