To Percy John Hibbert, District Auditor;—

To the Highway Board for each of the Highway Districts of Little Bowden, Lutterworth, and Market Bosworth;—

And to all others whom it may concern.

WHEREAS by Section 4 of "The District Auditors Act, 1879," it is enacted that the Local Government Board may from time to time assign to District Auditors their Duties, and the Districts in which such Auditors respectively are to act, and may from time to time change wholly or in part such Duties or Districts;

(1.) System of Buoyage in Indian Waters.

THE Government of India has given notice, dated 13th January, 1882, in accordance with a resolution dated Simla, 30th September, 1880, that the following uniform system of buoyage in Indian waters, is now being gradually introduced, as it becomes necessary to replace existing buoys, in all ports and their approaches, Bombay Harbour and Hooghly River expected.

The side of the channel is to be considered starboard or port, with reference to the entrance to any port from seaward.

The entrances of channels or turning points shall be marked by conical buoys, with staff carrying globe, or triangle, or basket—black buoys on starboard side of the channel, red buoys on port side.

The sides of channels shall be marked as follows:

Conical buoys, painted black, shall mark the starboard side; can buoys, painted red, shall mark the port side.

Where the middle ground exists in a channel, each end of it shall be marked by a conical buoy, coloured red on one side, black on the other, with a double beacon, either of basket and globe, or basket and triangle, as may be desirable. In case of this middle ground being of such extent as to require intermediate buoys, they shall be of shapes and colours as on the sides of a channel.

Wrecks shall continue to be marked by nun buoys coloured green.

Fairway buoys shall be conical, and chequered black and white.

Where channels are named in large rivers, as the Hooghly, the initial letter of the channel's name, preceded by the letter L. for Lower, C. for Central, or U. for Upper, may be painted on the buoys—thus, L.E. for Lower Eden; C.E. for Central Eden, &c.

Isolated sunken rocks shall be marked by conical buoys coloured red.
