(H. 5967.)

*Board of Trade (Harbour Department),
Whitehall Gardens, August 20, 1883.*

THE Board of Trade have received through the Secretary of State for Foreign Affairs information to the effect that vessels from Egypt, including those which come through the Suez Canal, or from Cyprus, will, if they have had suspicious incidents on board during the voyage, be subjected to twenty-five days' quarantine in Turkish ports.

(H. 5967.)

*Board of Trade (Harbour Department),
Whitehall Gardens, August 20, 1883.*

THE Board of Trade have received through the Secretary of State for Foreign Affairs, from Her Majesty's Consul at Stockholm, the following translation of a Royal Decree issued in Sweden, with respect to quarantine:—

We, Oscar, &c., &c., make known, that in consequence of the breaking out of cholera in Egypt we have found good, after having obtained the opinion of the Board of Directors, of the Medical Board of Health, and the Board of Commerce, to issue the following orders to be observed provisionally:—

Vessels, having sailed from, or during the voyage called at, any harbour in Egypt or Turkey, in the Mediterranean or Red Sea, shall, before communication with the Swedish Coast, or its inhabitants, enter the Kånsö Quarantine Place for the inspection of health on board by the quarantine physician. Any such ship therefore endeavouring to enter any other harbour than Kånsö shall be immediately sent there.

Should the vessel, on inspection, be found to have had during the voyage, or has, on arrival, sick or dead of cholera or of any disease suspected to be that of cholera, or to have been in communication with vessels on board of which cholera

has existed, such vessel shall undergo quarantine with crew and passengers for a term of six days. For vessels on board of which cholera is found or breaks out, or on board of which any person should die of the disease, the term shall have to be counted from the day that the last sick or dead person is carried away; in any other case from the date of arrival.

Should the vessel, after inspection, be found fit to proceed to her port of destination, without undergoing quarantine, a certificate to that effect shall have to be issued.

The regulations contained in the decree of the 19th March, 1875, relative to the precautions against the introduction and spreading of contagious diseases amongst the inhabitants of the kingdom shall moreover have to be observed.

True translation,

(Signed) BREHM.
