FRIDAY, JANUARY 2, 1885.

At the Court at *Osborne House, Isle of Wight*, the 30th day of *December*, 1884.

PRESENT,

The QUEEN's Most Excellent Majesty in Council.

WHEREAS by "The Merchant Shipping Act Amendment Act, 1862," it was enacted that, on and after the first day of June, one thousand eight hundred and sixty-three, or such later day as might be fixed for the purpose by Order in Council, the regulations contained in the Table marked C. in the schedule to the said Act should come into operation and be of the same force as if they were enacted in the body of the said Act, but that Her Majesty might from time to time, on the joint recommendation of the Admiralty and the Board of Trade, by Order in Council annul or modify any of the said regulations, or make new regulations in addition thereto, or in substitution therefor; and that any alterations in, or additions to such regulations, made in manner aforesaid, should be of the same force as the regulations in the said schedule:

And whereas by the same Act it was further provided that, whenever it should be made to appear to Her Majesty that the Government of any foreign country was willing that the regulations for preventing collisions contained in Table C. in the schedule to the said Act, or such other regulations for preventing collisions as are for the time being in force under the said Act, should apply to the ships of such country when beyond the limits of British jurisdiction, Her Majesty might, by Order in Council, direct that such regulations should apply to the ships of the said foreign country, whether within British jurisdiction or not:

And whereas it was further provided by the said Act that, whenever an Order in Council had been issued applying any regulation made by, or in pursuance of, the said Act to the ships of any foreign country, such ships should in all cases arising in any British court be deemed to be subject to such regulation, and should, for the purpose of such regulation, be treated as if they were British ships:

And whereas by an Order in Council made in pursuance of the said recited Act, and dated the eleventh day of August, one thousand eight hundred and eighty-four, Her Majesty was pleased to direct that, on and after the first day of September, one thousand eight hundred and eighty-four, the regulations contained in the schedule thereto should, so far as regards British ships and boats,

be substituted for the regulations then in force, and contained in the first schedule to an Order in Council of the fourteenth day of August, one thousand eight hundred and seventy-nine:

And whereas since the date of the above-named Order in Council, bearing date the eleventh day of August, one thousand eight hundred and eighty-four, it has been made to appear to Her Majesty that the Governments of Greece, Portugal, and Italy are willing that the said regulations appended to the said Order, and to this Order, shall apply to Greek, Portuguese, and Italian ships when beyond the limits of British jurisdiction:

Now, therefore, Her Majesty, by virtue of the power vested in Her by the said recited Act, and by and with the advice and consent of Her Privy Council, is pleased to direct that the said regulations appended to the said Order in Council bearing date the eleventh day of August, one thousand eight hundred and eighty-four, and to this Order, shall, on and after the date hereof, apply to ships belonging to the said Kingdoms of Greece and Portugal, whether within British jurisdiction or not; and shall, on and after the first day of January, one thousand eight hundred and eighty-five, apply to ships belonging to the said Kingdom of Italy, whether within British jurisdiction or not; and the Regulations shall be substituted as regards Greek, Portuguese, and Italian ships and boats, for the regulations contained in the first schedule to the Order in Council of the fourteenth day of August, one thousand eight hundred and seventy-nine. *C. L. Peel.*

REGULATIONS for preventing Collisions at Sea, approved by Order in Council, dated the eleventh day of August, one thousand eight hundred and eighty-four.

ART. 1. In the following rules every steam ship which is under sail and not under steam is to be considered a sailing ship; and every steam ship which is under steam, whether under sail or not, is to be considered a ship under steam.

*Rules concerning Lights.*

ART. 2. The lights mentioned in the following Articles, numbered 3, 4, 5, 6, 7, 8, 9, 10, and 11, and no others, shall be carried in all weathers, from sunset to sunrise.

ART. 3. A seagoing steam ship when under way shall carry—

(a.) On or in front of the foremast, at a height above the hull of not less than 20 feet, and

if the breadth of the ship exceeds 20 feet, then at a height above the hull not less than such breadth, a bright white light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 20 points of the compass, so fixed as to throw the light 10 points on each side of the ship, viz., from right ahead to two points abaft the beam on either side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least five miles.

(b.) On the starboard side, a green light so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to 2 points abaft the beam on the starboard side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.

(c.) On the port side, a red light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to 2 points abaft the beam on the port side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.

(d.) The said green and red side lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

ART. 4. A steam ship, when towing another ship, shall, in addition to her side lights carry two bright white lights in a vertical line one over the other, not less than 3 feet apart, so as to distinguish her from other steam ships. Each of these lights shall be of the same construction and character, and shall be carried in the same position as the white light which other steam ships are required to carry.

ART. 5. (a.) A ship, whether a steam ship or a sailing ship, which from any accident is not under command, shall at night carry, in the same position as the white light which steam ships are required to carry, and, if a steam ship, in place of that light, three red lights in globular lanterns, each not less than 10 inches in diameter, in a vertical line one over the other, not less than three feet apart, and of such a character as to be visible, on a dark night, with a clear atmosphere, at a distance of at least two miles; and shall by day carry in a vertical line one over the other, not less than 3 feet apart, in front of but not lower than her foremast head, three black balls or shapes, each 2 feet in diameter.

(b.) A ship, whether a steam ship or a sailing ship, employed in laying or in picking up a telegraph cable, shall at night carry, in the same position as the white light which steam ships are required to carry, and, if a steam ship, in place of that light, three lights in globular lanterns, each not less than 10 inches in diameter, in a vertical line over one another, not less than 6 feet apart; the highest and lowest of these lights shall be red, and the middle light shall be white, and they shall be of such a character that the red lights shall be visible at the same distance as the white light. By day she shall carry in a vertical line one over the other, not less than 6 feet apart, in front of but not lower than her foremast head, three shapes not less than 2 feet in diameter, of which the top and bottom shall be globular in shape and red in colour, and the middle one diamond in shape and white.

(c.) The ships referred to in this Article, when

not making any way through the water, shall not carry the side lights, but when making way shall carry them.

(d.) The lights and shapes required to be shown by this Article are to be taken by other ships as signals that the ship showing them is not under command, and cannot therefore get out of the way. The signals to be made by ships in distress and requiring assistance are contained in Article 27.

ART. 6. A sailing ship under way, or being towed shall carry the same lights as are provided by Article 3 for a steam ship under way, with the exception of the white light, which she shall never carry.

ART. 7. Whenever, as in the case of small vessels during bad weather, the green and red side lights cannot be fixed, these lights shall be kept on deck, on their respective sides of the vessel, ready for use; and shall on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side nor the red light on the starboard side.

To make the use of these portable lights more certain and easy, the lanterns containing them shall each be painted outside with the colour of the light they respectively contain, and shall be provided with proper screens.

ART. 8. A ship, whether a steam ship or a sailing ship, when at anchor, shall carry, where it can best be seen, but at a height not exceeding 20 feet above the hull, a white light, in a globular lantern of not less than 8 inches in diameter, and so constructed as to show a clear uniform and unbroken light visible all round the horizon, at a distance of at least one mile.

ART. 9. A pilot vessel, when engaged on her station on pilotage duty, shall not carry the lights required for other vessels, but shall carry a white light at the masthead, visible all round the horizon, and shall also exhibit a flare-up light or flare-up lights at short intervals, which shall never exceed fifteen minutes.

A pilot vessel, when not engaged on her station on pilotage duty, shall carry lights similar to those of other ships.

ART. 10. Open boats and fishing vessels of less than 20 tons net registered tonnage, when under way and when not having their nets, trawls, dredges, or lines in the water, shall not be obliged to carry the coloured side lights; but every such boat and vessel shall in lieu thereof have ready at hand a lantern with a green glass on the one side and a red glass on the other side, and on approaching to or being approached by another vessel such lantern shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side nor the red light on the starboard side.

The following portion of this Article applies only to fishing vessels and boats when in the sea off the coast of Europe lying north of Cape Finisterre:—

(a.) All fishing vessels and fishing boats of 20 tons net registered tonnage, or upwards, when under way and when not required by the following regulations in this Article to carry and show the lights therein named, shall carry and show the same lights as other vessels under way.

(b.) All vessels when engaged in fishing with drift nets shall exhibit two white lights from any part of the vessel where they can be best seen. Such lights shall be placed so that the vertical distance between them shall be not

less than 6 feet and not more than 10 feet ; and so that the horizontal distance between them measured in a line with the keel of the vessel shall be not less than 5 feet and not more than 10 feet. The lower of these two lights shall be the more forward, and both of them shall be of such a character, and contained in lanterns of such construction as to show all round the horizon, on a dark night with a clear atmosphere, for a distance of not less than three miles.

- (c.) A vessel employed in line fishing with her lines out shall carry the same lights as a vessel when engaged in fishing with drift nets.
- (d.) If a vessel when fishing becomes stationary in consequence of her gear getting fast to a rock or other obstruction, she shall show the light and make the fog signal for a vessel at anchor.
- (e.) Fishing vessels and open boats may at any time use a flare-up in addition to the lights which they are by this Article required to carry and show. All flare-up lights exhibited by a vessel when trawling, dredging, or fishing with any kind of drag net shall be shown at the after part of the vessel, excepting that, if the vessel is hanging by the stern to her trawl, dredge, or drag net, they shall be exhibited from the bow.
- (f.) Every fishing vessel and every open boat when at anchor between sunset and sunrise shall exhibit a white light visible all round the horizon at a distance of at least one mile.
- (g.) In fog, mist, or falling snow, a drift net vessel attached to her nets and a vessel when trawling, dredging, or fishing with any kind of drag net, and a vessel employed in line fishing with her lines out, shall at intervals of not more than two minutes make a blast with her fog horn and ring her bell alternately.

ART. 11. A ship which is being overtaken by another shall show from her stern to such last-mentioned ship, a white light or a flare-up light.

#### *Sound Signals for Fog, &c.*

ART. 12. A steam ship shall be provided with a steam whistle or other efficient steam sound signal, so placed that the sound may not be intercepted by any obstructions, and with an efficient fog horn to be sounded by a bellows or other mechanical means, and also with an efficient bell.\* A sailing ship shall be provided with a similar fog horn and bell.

In fog, mist, or falling snow, whether by day or night, the signals described in this Article shall be used as follows ; that is to say,

- (a.) A steam ship under way shall make with her steam whistle, or other steam sound signal, at intervals of not more than two minutes, a prolonged blast.
- (b.) A sailing ship under way shall make with her fog horn, at intervals of not more than two minutes, when on the starboard tack one blast, when on the port tack two blasts in succession, and when with the wind abaft the beam three blasts in succession.
- (c.) A steam ship and a sailing ship, when not under way shall, at intervals of not more than two minutes, ring the bell.

#### *Speed of Ships to be moderate in Fog, &c.*

ART. 13. Every ship, whether a sailing ship or

steam ship, shall, in a fog, mist, or falling snow, go at a moderate speed.

#### *Steering and Sailing Rules.*

ART. 14. When two sailing ships are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other, as follows, viz. :—

- (a.) A ship which is running free shall keep out of the way of a ship which is close-hauled.
- (b.) A ship which is close-hauled on the port tack shall keep out of the way of a ship which is close-hauled on the starboard tack.
- (c.) When both are running free with the wind on different sides, the ship which has the wind on the port side shall keep out of the way of the other.
- (d.) When both are running free with the wind on the same side, the ship which is to windward shall keep out of the way of the ship which is to leeward.
- (e.) A ship which has the wind aft shall keep out of the way of the other ship.

ART. 15. If two ships under steam are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This Article only applies to cases where ships are meeting end on, or nearly end on, in such a manner as to involve risk of collision; and does not apply to two ships which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are, when each of the two ships is end on, or nearly end on, to the other ; in other words, to cases in which, by day, each ship sees the masts of the other in a line, or nearly in a line, with her own ; and by night, to cases in which each ship is in such a position as to see both the side lights of the other.

It does not apply by day to cases in which a ship sees another ahead crossing her own course ; or by night, to cases where the red light of one ship is opposed to the red light of the other, or where the green light of one ship is opposed to the green light of the other, or where a red light without a green light, or a green light without a red light, is seen ahead, or where both green and red lights are seen anywhere but ahead.

ART. 16. If two ships under steam are crossing, so as to involve risk of collision, the ship which has the other on her own starboard side shall keep out of the way of the other.

ART. 17. If two ships, one of which is a sailing ship, and the other a steam ship, are proceeding in such directions as to involve risk of collision, the steam ship shall keep out of the way of the sailing ship.

ART. 18. Every steam ship, when approaching another ship, so as to involve risk of collision, shall slacken her speed or stop and reverse, if necessary.

ART. 19. In taking any course authorised or required by these Regulations, a steam ship under way may indicate that course to any other ship which she has in sight by the following signals on her steam whistle, viz. :—

One short blast to mean " I am directing my course to starboard " :

Two short blasts to mean " I am directing my course to port " :

Three short blasts to mean " I am going full speed astern."

The use of these signals is optional ; but if they

\* In all cases where the regulations require a bell to be used, a drum will be substituted on board Turkish vessels.

are used, the course of the ship must be in accordance with the signal made.

ART. 20. Notwithstanding anything contained in any preceding Article, every ship, whether a sailing ship or a steam ship, overtaking any other, shall keep out of the way of the overtaken ship.

ART. 21. In narrow channels every steam ship shall, when it is safe and practicable, keep to that side of the fairway or mid-channel which lies on the starboard side of such ship.

ART. 22. Where by the above rules one of two ships is to keep out of the way, the other shall keep her course.

ART. 23. In obeying and construing these rules due regard shall be had to all dangers of navigation; and to any special circumstances which may render a departure from the above rules necessary in order to avoid immediate danger.

*No Ship, under any circumstances, to neglect proper Precautions.*

ART. 24. Nothing in these rules shall exonerate any ship, or the owner, or master, or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper look-out, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

*Reservation of Rules for Harbours and Inland Navigation.*

ART. 25. Nothing in these rules shall interfere with the operation of a special rule, duly made by local authority, relative to the navigation of any harbour, river, or inland navigation.

*Special Lights for Squadrons and Convoys.*

ART. 26. Nothing in these rules shall interfere with the operation of any special rules made by the Government of any nation with respect to additional station and signal lights for two or more ships of war or for ships sailing under convoy.

ART. 27. When a ship is in distress and requires assistance from other ships or from the shore, the following shall be the signals to be used or displayed by her, either together or separately, that is to say:—

*In the daytime—*

1. A gun fired at intervals of about a minute;
2. The International Code signal of distress indicated by N C;
3. The distant signal, consisting of a square flag, having either above or below it a ball or anything resembling a ball.

*At night—*

1. A gun fired at intervals of about a minute;
2. Flames on the ship (as from a burning tar barrel, oil barrel, &c.);
3. Rockets or shells throwing stars of any colour or description, fired one at a time, at short intervals.

The QUEEN'S Most Excellent Majesty in Council.

**W**HEREAS by an Order in Council made in pursuance of the Merchant Shipping Act Amendment Act, 1862, and dated the eleventh day of August, one thousand eight hundred and eighty-four, Her Majesty on the joint recommendation of the Admiralty and the Board of Trade, was pleased to direct that on and after the first day of September, one thousand eight hundred and eighty-four, the Regulations in the Schedule thereto should, so far as regarded

British ships and boats, be substituted for the Regulations for Preventing Collisions at Sea contained in the first Schedule to an Order in Council made as aforesaid and dated the fourteenth day of August, one thousand eight hundred and seventy-nine.

And whereas by the Regulations contained in the Schedule to the same Order in Council of the eleventh day of August, one thousand eight hundred and eighty-four, it is provided as follows, viz:—

ART. 3. A seagoing steam ship when under way shall carry—

(a.) (b.) On the starboard side, a green light so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to 2 points abaft the beam on the starboard side, and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.

(c.) On the port side, a red light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to 2 points abaft the beam on the port side, and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.

(d.) The said green and red side lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

ART. 6. A sailing ship under way, or being towed, shall carry the same lights as are provided by Article 3 for a steam ship under way, with the exception of the white light, which she shall never carry.

ART. 10.

(a.) All fishing vessels and fishing boats of 20 tons net registered tonnage, or upwards, when under way and when not required by the following Regulations in this article to carry and show the lights therein named, shall carry and show the same lights as other vessels under way.

And whereas the Admiralty and the Board of Trade have, in pursuance of the said recited Act, jointly recommended to Her Majesty that the Regulations contained in the Schedule to the said recited Order in Council of the eleventh day of August one thousand eight hundred and eighty-four shall as regards British fishing vessels and boats when in the sea off the coast of Europe lying north of Cape Finisterre be modified and added to in manner following, that is to say:

That as regards steam vessels engaged in trawling, such vessels, if of 20 tons gross register tonnage or upwards, and having their trawls in the water, and not being stationary in consequence of their gear getting fast to a rock or other

obstruction, should, if they do not carry the lights required by the said recited Article 3 of the Regulations aforesaid, be permitted to carry and show in lieu thereof and in substitution therefor, but not in addition thereto, whilst so engaged in trawling, and having their trawls in the water, and not being stationary as aforesaid, other lights of the description set forth in Part I. of the Schedule hereto; and that when under way, and not having their trawls in the water, they should carry and show the lights required by Article 3 above recited:

And that as regards sailing vessels engaged in trawling, such vessels, if of 20 tons net register tonnage or upwards, and having their trawls in the water, and not being stationary in consequence of their gear getting fast to a rock or other obstruction, should, if they do not carry the lights required by the said recited Article 6 of the Regulations aforesaid, be permitted to carry and show in lieu thereof and in substitution therefor, but not in addition thereto, whilst so engaged in trawling, and having their trawls in the water, and not being stationary as aforesaid, other lights of the description set forth in Part II. of the Schedule hereto; and that when under way, and not having their trawls in the water, they should carry and show the lights required by Article 6 above recited.

Now, therefore, Her Majesty, by virtue of the powers vested in Her by the said Act, and by and with the advice of Her Privy Council, is pleased to direct that on and after the first day of January, one thousand eight hundred and eighty-five, the Regulations contained in the Schedule to the said recited Order in Council of the eleventh day of August, one thousand eight hundred and eighty-four, shall as regards British fishing vessels and boats when in the sea off the Coast of Europe, lying north of Cape Finisterre, be modified and added to as follows, viz.,

As regards steam vessels engaged in trawling when under steam, such vessels, if of 20 tons gross register tonnage or upwards, and having their trawls in the water, and not being stationary, in consequence of their gear getting fast to a rock or other obstruction, shall between sunset and sunrise either carry and show the lights required by the said recited Article 3 of the Regulations aforesaid; or, shall carry and show in lieu thereof and in substitution therefor, but not in addition thereto, other lights of the description set forth in Part I. of the Schedule hereto:

As regards sailing vessels engaged in trawling, such vessels, if of 20 tons net register tonnage or upwards, and having their trawls in the water, and not being stationary in consequence of their gear getting fast to a rock or other obstruction, shall between sunset and sunrise either carry and show the lights required by the said recited Article 6 of the Regulations aforesaid; or, shall carry and show in lieu thereof and in substitution therefor, but not in addition thereto, other lights of the description set forth in Part II. of the Schedule hereto.

The red and green lights, which are by this Order permitted as aforesaid to be carried in lieu of the lights required by Articles 3 and 6 of the said recited regulations respectively, shall be of such a character as to be visible at a distance of not less than two miles on a dark night, with a clear atmosphere.

And Her Majesty is pleased further to direct that steam vessels of 20 tons gross register tonnage or upwards, and sailing vessels of 20 tons net register tonnage or upwards, engaged in trawling, when under way between sunset and

sunrise, but not having their trawls in the water, shall, if steamships, carry and show the lights required by Article 3 above recited, and if sailing ships shall carry and show the lights required by Article 6 above recited. Provided, however, that the modifications and additions set forth in Parts I. **A**T the Court at *Osborne House, Isle of Wight*, the 30th day of *December*, 1884.

**PRESENT.**

The **QUEEN'S** Most Excellent Majesty in Council.

**W**HEREAS the Ecclesiastical Commissioners for England have, in pursuance of the Act of the eighth and ninth years of Her Majesty, chapter seventy; of the Act of the fourteenth and fifteenth years of Her Majesty, chapter ninety-seven; of the Act of the nineteenth and twentieth years of Her Majesty, chapter fifty-five; and of the Act of the thirty-fourth and thirty-fifth years of Her Majesty, chapter eighty-two; duly prepared and laid before Her Majesty in Council a representation, bearing date the seventh day of August, in the year one thousand eight hundred and eighty-four, in the words and figures following; that is to say:—

“We the Ecclesiastical Commissioners for England in pursuance of the Act of the eighth and ninth years of Your Majesty chapter seventy of the Act of the fourteenth and fifteenth years of Your Majesty chapter ninety-seven of the Act of the nineteenth and twentieth years of Your Majesty chapter fifty-five and of the Act of the thirty-fourth and thirty-fifth years of Your Majesty chapter eighty-two have prepared and now humbly lay before Your Majesty in Council the following representation as to the assignment of a consolidated chapelry to the consecrated church of The Ascension situate in Malwood-road, Balham Hill, in the new parish (sometime district chapelry) of Saint Mary, Streatham, in the county of Surrey and in the diocese of Rochester.

that all those contiguous portions of the said new parish of Saint Mary Streatham, and of the said parish of Clapham which are described in the schedule hereunder written all which portions together with the boundaries thereof are delineated and set forth on the map or plan hereunto annexed should be united and formed into one consolidated chapelry for the said church of The Ascension situate in Malwood-road, Balham Hill aforesaid, and that the same should be named ‘The Consolidated Chapelry of The Ascension, Balham Hill.’

“We therefore humbly pray that Your Majesty will be graciously pleased to take the premises into Your Royal consideration and to make such Order in respect thereto as to Your Majesty in Your Royal wisdom shall seem meet.

“The **SCHEDULE** to which the foregoing Representation has reference.

All which said hereinbefore described portion of the new parish of Saint Mary, Streatham aforesaid is bounded upon all other sides, this is to say, upon the remaining part of the east upon the north and upon the remaining part of the west as follows upon the remaining part of the east partly by the said particular district of All Saints, Clapham Park aforesaid and partly by the new parish of Saint James, Clapham, in the county and diocese aforesaid, upon the north partly by the last-named new parish partly by that portion of the said parish of Clapham which remains attached for ecclesiastical purposes to the parish church of the Holy Trinity, Clapham, and partly by the parish of Battersea in the county and diocese aforesaid and upon the remaining part of the west by the hereinafter described detached and isolated portion of the said parish of Clapham.

“II. And also all that said detached and isolated portion of the parish of Clapham wherein the present incumbent of such parish still possesses the exclusive cure of souls which is situate on the south-eastern side of Nightingale-lane and is contiguous to the hereinbefore described portion of the new parish of Saint Mary, Streatham aforesaid and is bounded upon the east and upon the south by the last named cure upon the south-west by the new parish of Upper Tooting in the county and

diocese aforesaid and upon the north-west by the parish of Battersea aforesaid."

And whereas the said representation has been approved by Her Majesty in Council; now, therefore, Her Majesty, by and with the advice of Her said Council, is pleased hereby to ratify the said representation, and to order and direct that the same and every part thereof shall be effectual in law immediately from and after the time when this Order shall have been duly published in the London Gazette pursuant to the said Acts; and Her Majesty, by and with the like advice, is pleased hereby to direct that this Order be forthwith registered by the Registrar of the said diocese of Rochester.

PRESENT,

The QUEEN's Most Excellent Majesty in Council.

**W**HEREAS the Ecclesiastical Commissioners for England have, in pursuance of the Act of the third and fourth years of Her Majesty, chapter one hundred and thirteen, and of the Act of the seventeenth and eighteenth years of Her Majesty, chapter eighty-four, duly prepared and laid before Her Majesty in Council a scheme, bearing date the sixth day of November, in the year one thousand eight hundred and eighty-four, in the words following, that is to say:—

"We the Ecclesiastical Commissioners for England, in pursuance of the Act of the third and fourth years of Your Majesty chapter one hundred and thirteen, and of the Act of the seventeenth and eighteenth years of Your Majesty chapter eighty-four, have prepared and now humbly lay before Your Majesty in Council the following scheme for apportioning the income of the benefice (being a rectory) of Kirby Misperton in the county of York and in the diocese of York between that benefice and a certain other benefice namely the benefice (being a consolidated chapelry) of Bransdale cum Farndale which said last-named benefice is also situate in the said county of York and in the said diocese of York.

"Whereas the Right Honourable William Ernest Earl of Feversham is the patron of the said benefice of Kirby Misperton and also of the said benefice of Bransdale cum Farndale.

"And whereas it has been made to appear to us that the said benefice of Bransdale cum Farndale is at present insufficiently endowed and that the said benefice of Kirby Misperton has endowments of such an amount as that after the charge hereinafter recommended and proposed to be made shall have been placed upon the same endowments the said benefice of Kirby Misperton will still be sufficiently endowed.

"And whereas the said William Ernest Earl of Feversham is desirous that that apportionment of the income of the said benefice of Kirby Misperton which is hereinafter recommended and proposed should be made. And the Right Honourable and Most Reverend William Archbishop of York is of opinion and we are of opinion that additional provision will and should be made for the cure of souls within the consolidated chapelry of Bransdale cum Farndale aforesaid by means of the same apportionment.

"And whereas the said benefice of Kirby Misperton is now full; the Reverend William Henry Hutchings, Clerk in Holy Orders, being the Incumbent thereof; and he the said William Henry Hutchings is willing that the said apportionment of the income of the said benefice of Kirby Misperton shall be made, and in token of such his willingness has executed this scheme in manner hereinafter appearing.

"Now therefore with the consent of the said William Ernest Earl of Feversham acting as patron of each of the said two benefices of Kirby Misperton and Bransdale cum Farndale and with the consent of the said William Archbishop of York acting as Bishop of the diocese within which each of the said two benefices is situate as aforesaid and with the consent of the said William Henry Hutchings now incumbent as aforesaid of the said benefice of Kirby Misperton (in testimony whereof they the said consenting parties have respectively signed and sealed this scheme the said William Archbishop of York sealing the same with his episcopal seal) we, the said Ecclesiastical Commissioners humbly recommend and propose that without any conveyance or assurance in the law other than this scheme and any duly gazetted Order of Your Majesty in Council ratifying the same and as from the day on which such Order shall be so published in the London Gazette all the tithe rent charges glebe lands and all (if any) other the endowments which shall on the day aforesaid or which may thereafter belong to the said benefice of Kirby Misperton shall be charged and for ever thereafter be chargeable in favour of the incumbent for the time being of the said benefice of Bransdale cum Farndale with the annual sum or yearly charge hereinafter mentioned that is to say, a clear annual sum or yearly charge of twenty-five pounds the same annual sum or yearly charge of twenty-five pounds to be as from the day aforesaid due and payable to the incumbent of the said benefice of Bransdale cum Farndale and the same annual sum or yearly charge to be apportionable between any outgoing incumbent of the benefice of Bransdale cum Farndale or his representatives on the one hand and his successor in the same incumbency on the other hand and to be receivable by the incumbent in whose favour it is charged as aforesaid by equal half-yearly payments on the first day of May and the first day of November in every year.

"And we further recommend and propose that the incumbent for the time being of the said

benefice of Bransdale cum Farndale shall have the following powers for recovering the said rent-charge of twenty-five pounds per annum hereby proposed to be created in favour of the benefice of which he is incumbent as aforesaid (that is to say) power if and whenever any part of the said rent-charge shall at any time be unpaid for twenty-one days after any of the times appointed for the payment thereof (although there shall not have been any legal demand made thereof) to enter into the receipt of the endowments charged therewith or any part thereof and to receive and take the same until he shall thereby or otherwise be paid and satisfied the same rent-charge and the arrears thereof due at the time of such entry or afterwards to become due during his being in possession of the same premises together with all costs and expenses occasioned by the non-payment thereof and for the purpose of collecting receiving and recovering such endowments or any of them to use exercise and enjoy all such powers and remedies for collecting recovering and enforcing payment thereof and of the annual sums payable for or towards the raising or making up the same as may be statutorily exercised or exercisable by him under the law then in force. Provided always that if at any time the incumbent for the time being of the said benefice of Kirby Misperton shall by any deed duly executed by him under his hand and seal in accordance with the provisions of any statute in that behalf enabling him grant convey and annex to the said benefice of Bransdale cum Farndale any part or parts of the rectorial endowments belonging to the said benefice of Kirby Misperton which shall in the opinion of the Archbishop of York for the time being be a just and fair equivalent for the said yearly charge of twenty-five pounds hereby proposed to be created as aforesaid then the same annual sum or yearly charge of twenty-five pounds shall thereupon and thenceforth cease and determine and be no longer payable as hereinbefore recommended and proposed.

"And we further recommend and propose that nothing herein contained shall prevent us from recommending and proposing any other measures relating to the matters aforesaid or any of them in accordance with the provisions of the said Acts or of either of them or of any other Act of Parliament."

And whereas the said scheme has been approved by Her Majesty in Council; now, therefore, Her Majesty, by and with the advice of Her said Council, is pleased hereby to ratify the said scheme, and to order and direct that the same and every part thereof shall be effectual in law immediately from and after the time when this Order shall have been duly published in the London Gazette pursuant to the said Acts; and Her Majesty, by and with the like advice, is pleased hereby to direct that this Order be forthwith registered by the Registrar of the said diocese of York.
