

have a special carriage with sanitary arrangements, destined to receive such travellers as shall during the journey be attacked by suspicious illness.

ART. 2. Such carriage shall have a suitable number of sanitary attendants, and be furnished with medicines, disinfectants, and all that is necessary for the care of the sick.

ART. 3. The sick taken into the hospital carriage shall be left at the nearest station provided with a proper place for isolating them.

ART. 4. When a traveller suffering from suspicious illness is going to be left in some commune, the municipal authorities shall previously be warned by the Station Master, so as to make arrangements with the latter as to the safest way to transport the sick person to the place set apart for his reception.

Rome, August 6, 1885.
