Viedomosti, Odesskago, Gradonachalstva,  
26-8th October, 1887.

#### Notification.

IN consequence of repeated requests having lately been made with a view to obtaining the exemption from a quarantine of observation of such vessels as arrive at our Black Sea ports from cholera infected localities, and which have already undergone quarantine in a foreign country, the office of the Temporary Odessa Governor-General,

in accordance to instructions received from His Excellency, hereby gives notice that, in the strict sense of the existing Black Sea quarantine laws, as also in accordance to instructions issued by the Minister of the Interior, all vessels which arrive from cholera infected localities, or have been in communication with such localities, are, without exception, to be subjected to a six days' quarantine of observation, and any quarantine performed at a foreign port is not to be taken into account. A reduction of the term of observation from six to three days can only be permitted in the case that vessels have had a medical man on board (from the time they sailed from a cholera infected locality, or from the time they have had communication with such locality), who can certify to the health of the crew during the whole time the vessel has taken to perform the voyage.
