District of Pemberton.

The Tramways Act, 1870.

NOTICE is hereby given, that the Local Board for the District of Pemberton, being the local authority for the said district within the meaning of "The Tramways Act, 1870," have, in pursuance of section 46 of the said Act, made the following regulations as to—

(1.) The rate of speed to be observed in travelling upon the tramway.

(2.) The distances at which carriages using the tramway shall be allowed to follow one after the other.

(3.) The stopping of carriages using the tramway.

(4.) The traffic on the road in which the tramway is laid.

Namely:—

1. For the purpose of these Bye-laws and Regulations the term "car" shall mean any engine or carriage using any tramway laid down within the district, and the terms "driver" and "conductor" shall respectively mean the driver and conductor or other person having charge of an engine or car.

2. The driver of every car shall cause the same to be driven at a speed of not less than four miles an hour on the average, and not exceeding eight miles an hour.

3. The driver of every car shall so drive the same that it shall not follow a preceding car at a less distance than one hundred and fifty yards.

4. The driver or conductor of a car shall stop the same for the purpose of setting down or taking up passengers when required by any passenger desiring to leave the car, or by any person desirous of travelling by the car, for whom there is room, and to whose admission no valid objection can be made.

5. The driver of every vehicle passing a car, shall pass such car on the left hand side of the road, leaving the car on his right.

6. The drivers and conductors of all cars shall have their brakes always under control, and use their utmost endeavours to avoid any collision with, or injury to any animals or foot passengers, and shall keep a good look-out for children incautiously straying or walking in the streets or attempting to cross over in the face of an approaching car; and shall, by using a special bell signal, give warning of the approaching car. This signal shall also be made at every starting of the car.

7. When any car is following any vehicle, a space of twenty yards between the car and such vehicle shall be allowed, so that in the event of the vehicle pulling up suddenly no collision may result therefrom; but every vehicle shall go out of the way of the car with all despatch, so as to keep the tramway clear for the use of the car.

8. No car shall be stopped abreast, or within twelve yards of another car on an adjoining line of rails; and when cars on different lines are passing each other, the conductors and drivers shall respectively slacken the speed of the cars and gently put on the brakes, to guard against running over persons that may be crossing in the rear of either car.

9. In the event of any street being blocked, the driver of any car shall stop the same before arriving at the place where the block occurs, so as to keep an open space of twenty yards between the block and the car for carriages to pass.

10. When cars are going in opposite directions, and likely to meet near a facing point (whether such facing point leads to a junction, siding, or cross-over), the drivers shall not pass each other until they are certain that the car first approaching such facing point has taken it safely. The car about to take a point shall have the precedence of the other.

11. All drivers of cars on coming in sight of any cart, carriage, or other vehicle standing on the line of tramway on which he is plying, or by the side thereof, without there being free space to pass, shall use the special bell signal as a warning to the drivers or persons in charge of any such cart, carriage, or other vehicle; and such signal shall be made use of for a distance of thirty yards at least before coming up to such cart, carriage, or other vehicle.

12. There shall be placed, and kept placed in a conspicuous position inside of each car in use, a printed copy of these Bye-laws and Regulations.

13. The above Bye-laws and Regulations shall be strictly and faithfully observed and performed in all points. Any proprietor, conductor, or driver of a car, and any person whomsoever who shall be convicted of a breach or contravention of these Bye-laws, or any of them, shall be liable to a penalty not exceeding forty shillings.

14. These Bye-laws shall come into force on the 21st day of June, 1888.

Dated this 13th April, 1888.
