UNITED STATES.**Additional Storm Signal.**

WITH reference to Notice to Mariners, No.
271 of 1887, on the exhibition of storm signals
on the shores of the Atlantic Ocean, Gulf of
Mexico, and Great Lakes, United States:—

The United States Government has given
Notice, that on 1st December, 1889, the follow-
ing signal would be adopted as one of the storm
signals of the United States:—

The signal (Information Signal) is a yellow
pendant, and indicates that the local observer has
received warning of a storm covering a limited
area, dangerous only for vessels about to sail to
certain ports. The necessary information, relative
to the storm, will be given to Masters of vessels
upon application to the local observer.

It is believed that the display of the Informa-
tion Signal, will, in many instances, obviate the
necessity for the exhibition of the Cautionary
Signal (yellow flag with white centre).

NOTE.—The night signal for indicating westerly
winds is a white light above a red light.
