PRESENT,

The QUEEN's Most Excellent Majesty in Council.

**W**HEREAS the Ecclesiastical Commissioners for England have, in pursuance of an Act of the sixth and seventh years of Her Majesty, chapter thirty-seven, sections six and eight, duly prepared and laid before Her Majesty in Council a scheme bearing date the twenty-seventh day of October, in the year one thousand eight hundred and ninety-two, in the words following, that is to say:

"We, the Ecclesiastical Commissioners for England in pursuance of an Act of the sixth and seventh years of Your Majesty, chapter thirty-seven, sections six and eight have prepared and now humbly lay before Your Majesty in Council the following scheme for authorizing the sale and disposal of certain property formerly belonging to the Archdeaconry of London and now vested in us.

"Whereas on the vacancy of the said Archdeaconry which occurred on the seventeenth day of October, in the year one thousand eight hundred and forty-two by the resignation of the Venerable Joseph Holden Pott the then Archdeacon all the lands and hereditaments theretofore belonging to the said Archdeaconry (except rights of patronage) became by virtue of the Act of the third and fourth years of Your Majesty chapter one hundred and thirteen and of an Order of Your Majesty in Council made under the provisions of the said Act and bearing date the twenty-seventh day of August in the year one thousand eight hundred and forty-two and duly published in the London Gazette on the thirteenth day of September in the same year absolutely vested in us for the purposes and subject to the provisions applicable to other hereditaments vested in us.

"And whereas the lands and hereditaments aforesaid are not subject to any outstanding lease or grant but are now in our possession but some portions thereof are on account of their character or situation unsuitable or inconvenient to be held or applied for the purposes for which estates vested in us are applicable under the Acts by which our proceedings are governed.

"And whereas with a view to the advantageous appropriation of the said lands and hereditaments or of the proceeds thereof for the ultimate improve-

ment of our common fund it is expedient that the said lands and hereditaments or such part or parts thereof as we shall at any time and from time to time think fit should be sold or disposed of and accordingly that we should be empowered to sell or dispose of our interest in such lands and hereditaments or in any part or parts thereof in such manner as shall appear to us advisable.

"Now therefore we humbly recommend and propose that we may be authorized and empowered by instrument or instruments in writing duly executed according to law from time to time to sell or dispose of and duly to convey according to the provisions of the said Act of the sixth and seventh years of your Majesty's reign all or any of the said lands and hereditaments formerly belonging to the said Archdeaconry and so vested in us as aforesaid with their appurtenances and all our estate right title and interest therein or in any part or parts thereof unto and to the use of any person or persons desirous or willing to purchase the same and his or their heirs executors administrators or assigns or otherwise as he or they shall direct or appoint and for such consideration as shall upon due calculation and enquiry appear to us to be just and reasonable it being our intention to invest the proceeds of such sale from time to time as occasion may arise in the purchase of other lands tithes rent charges tenements or hereditaments or of some estate or interest therein convenient to be held by us for the purposes of the Acts by which our proceedings are governed as aforesaid and in the meantime to invest the proceeds in some Government or parliamentary stock or other public securities in England.

"And we further recommend and propose that nothing herein contained shall prevent us from recommending and proposing any other measures relating to the matters aforesaid or any of them in accordance with the provisions of the said Acts or of any other Act of Parliament."

And whereas the said scheme has been approved by Her Majesty in Council: Now, therefore, Her Majesty, by and with the advice of Her said Council, is pleased hereby to ratify the said scheme, and to order and direct that the same and every part thereof shall be effectual in law immediately from and after the time when this Order shall have been duly published in the London Gazette pursuant to the said Act; and Her Majesty, by and with the like advice, is pleased hereby to direct that this Order be forthwith registered by the Registrar of the diocese of London.

*Herbert M. Sutt*

**A**T the Court at *Windsor*, the 26th day of *November*, 1892.

PRESENT,

The QUEEN's Most Excellent Majesty in Council.

**W**HEREAS the Ecclesiastical Commissioners for England have, in pursuance of the Act of the sixth and seventh years of His late Majesty King William the Fourth chapter seventy-seven and of the Act of the fifth year of Her Majesty (Session two) chapter twenty-six duly prepared and laid before Her Majesty in Council a scheme bearing date the third day of November, in the year one thousand eight hundred and ninety-two, in the words following, that is to say:—

"We the Ecclesiastical Commissioners for England in pursuance of the Act of the sixth and seventh years of His late Majesty King William the Fourth, chapter seventy-seven and of the Act of the fifth year of Your Majesty (Session two) chapter twenty-six, have prepared and now

humbly lay before Your Majesty in Council the following scheme for authorizing certain further additions and improvements at the episcopal residence belonging to the See of London which is situate at Fulham in the county of Middlesex and is known as Fulham Palace.

"Whereas the Right Honourable and Right Reverend Frederick, now Bishop of the diocese of London is desirous that certain permanent additions and improvements should be made at the said episcopal residence known as Fulham Palace and has submitted to us the particulars of such proposed improvements and we have approved the same.

"And whereas the said Bishop is also desirous and it appears to us to be expedient that towards the cost of effecting the said proposed additions and improvements a sum of four hundred pounds (being a sum which together with the several sums of six hundred and fifty pounds, four hundred and sixty pounds, two hundred and fifty pounds and two hundred and ten pounds already borrowed upon the same security by the Bishop of London under the authority of the statutes hereinbefore-mentioned, does not exceed two years' income of the See) should be provided by borrowing the same by way of further mortgage upon the security of all and every part of the lands tenements and hereditaments endowments or emoluments which now belong or may hereafter belong to the Bishoprick of London.

"Now therefore with the consent of the said Frederick, Bishop of the said diocese of London (testified by his having affixed his signature and episcopal seal to this scheme) we the said Ecclesiastical Commissioners for England humbly recommend and propose that the said Bishop be authorized to borrow from the Governors of the Bounty of Queen Anne, and that the said Governors be empowered to lend under the provisions of the above-mentioned Acts a sum of four hundred pounds, and that as a security for the same the said Bishop do mortgage all and every part of the lands tenements and hereditaments and endowments or emoluments which now belong or may hereafter belong to his said See to the said Governors by deed for the term of thirty-five years or until the said sum of four hundred pounds with the interest for the same as hereinafter-mentioned and all costs and charges which may attend the recovery thereof shall be fully paid and satisfied, and that such principal sum shall be repaid with interest in manner following, that is to say:—during and in respect of the first period of twelve months of the said term of thirty-five years computed from the day of the date of the mortgage, no part of the said principal sum shall be repayable, but the said Bishop or his successors shall yearly at the end of the second period of twelve months so computed and at the end of every such like period of twelve months thereafter pay to the said Governors their successors or assigns one-thirtieth part of the said principal sum until the whole thereof shall be repaid and shall also at the end of the first and each succeeding period of twelve months computed as aforesaid pay interest at the rate of four pounds per cent. per annum on the said principal sum or on so much thereof as shall from time to time remain unpaid; and that if and when it shall happen that either the principal or the interest directed to be paid as hereinbefore-mentioned shall be in arrear and unpaid for the space of forty days after the same shall have become due, it shall and may be lawful for the said Governors their successors and assigns to recover the same and the costs and charges attending the recovery thereof by distress and sale in the like

manner as rents may be recovered by landlords or lessors from their tenants by the laws in force at the time of such distress and sale. And that such mortgage deed shall be in the form and to the effect to be approved by us the said Ecclesiastical Commissioners and shall bind as well the said Frederick now Bishop of the said diocese of London as every succeeding Bishop of the same diocese, until the principal money and interest costs and charges shall have been paid off and discharged.

"And we further recommend and propose that the said sum of four hundred pounds shall be paid to us the said Ecclesiastical Commissioners and that the receipt of our joint Treasurers for the time being endorsed on the said mortgage deed shall be a good and sufficient discharge of the said Governors and their successors for the same, who shall not be bound or required to see to the application thereof and that upon the receipt of the said sum the whole or any part or parts thereof shall be applied by us at such times and in such manner as shall appear to us to be expedient towards effecting the said proposed additions and improvements at the episcopal residence aforesaid.

"And we further recommend and propose that nothing herein contained shall prevent us from recommending and proposing any other measures relating to the matters aforesaid or any of them in conformity with the provisions of the herein-named Acts or of either of them or of any other Act of Parliament."

And whereas the said scheme has been approved by Her Majesty in Council: now, therefore, Her Majesty, by and with the advice of Her said Council, is pleased hereby to ratify the said scheme, and to order and direct that the same and every part thereof shall be effectual in law immediately from and after the time when this Order shall have been duly published in the London Gazette pursuant to the said Acts; and Her Majesty, by and with the like advice, is pleased hereby to direct that this Order be forthwith registered by the Registrar of the said diocese of London.

THE Board of Trade have received, through the Secretary of State for Foreign Affairs, a copy of a Despatch, dated 20th November, 1892, from Her Majesty's Representative at Stockholm, enclosing translation of a Royal Order relating to quarantine. The following are extracts therefrom:—

The following Decrees are revoked:—

Decree of August 5, 1892, with its amendments of October 28 last.

Decree of September 19 last.

Decree of September 30 last.

ART I of Decree of November 18.

Should a case of cholera occur in or near a port in or out of Europe, the Board of Trade shall declare such port infected with cholera as also its neighbourhood, so far as the situation, the extent of the spread of the disease, or other circumstances demand.

ART. II. Vessels which have sailed from or touched at or otherwise come into contact with a place regarded (under Art. I) as infected with cholera, or which have been in communication with some other ship having had on board sick or dead from cholera or disease suspected to be cholera, can nevertheless proceed to a port without first going to a quarantine station so long as they have not themselves, nor have previously had on board during their journey, sick or dead from cholera or disease suspected to be cholera, but vessels arriving under these circumstances may not come into communication with land until they have been examined as regards the state of health on board, and until they have received permission to communicate freely with the land in the way laid down in this decree.

If a vessel arriving from abroad has or had had on board during the journey sick or dead from cholera, or disease suspected to be cholera, she shall, before communication can be held with Swedish territory or its inhabitants, immediately proceed to a quarantine station to undergo quarantine there.

ART. III. The Board of Trade shall by notification make known which places are set apart as quarantine stations.

ART. V. Vessels which have arrived at the quarantine station shall remain in quarantine with crew, passengers, and cargo, for six days and nights from the moment of arrival and from the time when the last sick or dead person has been removed from the vessel.

2. Vessels put in quarantine, and such things on board as have been used by or come into immediate contact with a person sick with cholera or illness suspected to be cholera, shall undergo cleansing and disinfection at the quarantine place to such a degree as circumstances call for.

3. When a proper cleansing and disinfection has taken place, and the quarantine time has ended, the vessel may be permitted, together with crew, passengers, and cargo, to continue her journey.

4. If it be with certainty established at the quarantine place that the case or cases of sickness, by reason of which the vessel is undergoing quarantine, is or are not cholera, then the above-named permission to depart may be given to the vessel although the appointed number of days of quarantine have not come to an end.

ART. VI. Notwithstanding anything in this Decree, letters and newspapers may be given out from the vessel immediately after her arrival at a port or at a quarantine station.

ART. IX. Moreover the different rules laid down in the abovenamed Order of March 19, 1875, shall continue to be in force.

ART. X. If a vessel which ought to proceed to a quarantine station be prevented from doing so by ice, the Board of Health can give directions as to what is to be done with the vessel so as to prevent cholera being spread by her means.

Let all concerned obediently submit to the above.

Palace of Stockholm, November 18, 1892.

V. L. GROLL.
