NOTICE is hereby given, that the London County Council (in this notice called "the Council") have applied to Parliament for a Bill (which has been introduced in the House of Commons) under the above title.

The Bill (amongst other things) seeks power for the Council to make the following works:—

A new central street and subsidiary streets between Southampton-row and the Strand.

A new approach to the Tower Bridge (now in course of construction) on the southern side.

The reconstruction of Vauxhall Bridge over the Thames.

The establishment and maintenance of a ferry across the Thames between Rotherhithe and Ratcliff.

The widening of the approach to the Woolwich Steam Ferry on the south side of the Thames.

All these works are particularly described in the Bill, and on the plans and sections deposited as hereafter mentioned.

Clause 45 of the Bill provides that all lands within the limits marked on the deposited plans as "limits of land to be acquired" or "limits of deviation" (as the case may be) in relation to the said improvements respectively, but which shall not be purchased and taken by the Council under the powers of the Bill, shall be liable to have an improvement charge placed on such lands or some of them (in accordance with the provisions thereinafter set forth) in respect or in consideration of any increased value or benefit which such lands may respectively derive from the said improvements.

The clause sets out in detail the provisions proposed to be made for ascertaining and determining the amount of the charge to be placed on the lands and for the levying and collection thereof. It authorizes the Council to frame a Provisional Award describing such of the lands situate within the said limits as in the opinion of the Council ought to bear and pay the said improvement charge, and provides that the Council shall in such Provisional Award state and specify:

(a.) The names of the owners, lessees, and occupiers of the lands described in the said Provisional Award, so far as they can be ascertained;

(b.) The apportioned amounts in capital sums and by way of annual charge which in the opinion of the Council ought to be charged upon such lands respectively;

It further provides that the amount to be proposed in the Provisional Award as the capital sum to be charged on any lands shall be one-half of the amount which in the opinion of the Council will be the enhanced value or benefit derived or to be derived by the said lands from the improvements, and the amount to be proposed in the Provisional Award as the annual charge upon the lands charged shall be an annual sum equal to three per centum per annum on the amount of the capital charge in respect of the same lands.

The clause also contains various provisions as to the method in which objections may be made to the Award; for referring the award to an Arbitrator to be appointed by the Local Government Board, who shall have power to deal with all objections to the Award, and to amend the resolution of the Council and the Award.

Other parts of the same clause contain provisions as to the recovery of the amount to be charged, which may be registered as a land charge under "The Lands Charges Registration and Searches Act, 1888."

Duplicate plans and sections describing the lines, situation, and levels of the proposed works, and plans showing the lands, houses, and other property in or through which the works will be made, or which may be taken under the powers of the Bill, together with a book of reference to such plans, were, in November last, deposited for public inspection with the Clerk of the Peace for the county of London, at his office at the Sessions House, Clerkenwell Green, and at the same time a copy of the said plans, sections, and book of reference were deposited as follows, viz. :—
