*Board of Trade (Harbour Department),
London, June 27, 1893.*

THE Board of Trade have received, through the Secretary of State for Foreign Affairs, a copy of a Despatch, dated 20th June, 1893, from Her Majesty's Representative at Trieste, enclosing the following translation of a Circular issued by the Austro-Hungarian Marine Board, relating to quarantine:—

Translation of Circular No. 5911 of the Imperial Royal Marine Board to all the Imperial Royal Offices and Subordinate Port Officers:—

By order of the High Imperial Royal Minister for Commerce issued by telegram of June the 14th, 1893, No. 31044, the Marine Board decrees:—

The quarantine observation ordered by Government Circular of October 7, 1892, No. 9512, against arrivals from the ports of the Arabian coast of the Red Sea from Confudah to Babel Mandeb, is annulled, and will instead, owing to the breaking out of cholera at Mecca, be placed on arrivals from all Arabian Ports of the Red Sea, the following rules being imposed according to the decision of the Sanitary Conference of Dresden.

1. A vessel will be considered as "suspected" if cholera cases are found on board, or if there have been recent cases of cholera seven days before arrival.

2. A vessel will be considered as "suspected" if cholera cases shall be proved on board at the moment of her departure or during the voyage, but with no recent cholera case during the seven days preceding her arrival.

3. A vessel will be considered as not "suspected" even arriving from an infected port, if there are on board no cholera cases, and if there have been no deaths from cholera, before departure nor during her voyage, nor at the moment of arrival.

Infected vessels will be subjected to the following measures:—

1. The cholera patients will be immediately landed and isolated.

2. All other persons will, if possible, also be landed and subjected to an observation which will last according to the sanitary condition of the ship, and the date of the last case of cholera, which observation will however not be prolonged beyond a period of five days.

3. Soiled linen cloths and clothes worn and effects belonging to the crews and passengers, which are by the Port Authorities considered as contaminating, will be disinfected, as well as the vessel, or only the contaminated parts of the vessel.

Therefore for this object, infected vessels shall be sent for the above sanitary measures to the nearest Sea Quarantine Station (Lazaretto).

Suspected vessels will be subjected to the following measures:—

1. Medical visits.
2. Disinfection of soiled linen cloths, of clothes worn, and of objects belonging to the crews and passengers, which are considered by the Port Authorities, after having taken the opinion of the Sanitary Physician, to be contaminated.

3. Flushing and subsequent disinfection of the well, also emptying of all drinking water which may be found on board, and which must also be substituted by fresh good drinking water.

Upon the arrival of such a vessel the Sanitary Port Office will order the Master to make a list of the passengers, which shall be without loss of time handed to the local supreme authorities for the ulterior measures respecting supervision of the passengers.

The sanitary state of the crew will be observed by the Sanitary Physician for a period of five days from the day of the arrival of the vessel, during which time, with the exception of matters on duty, landing of the crew will be prohibited.

Unsuspected vessels will at once be admitted to free pratique with any bill of health that they may have; leaving to the Port and Sanitary Authorities to bestow to these ships the treatment above decided on for suspected vessels (that is, medical visits, disinfection, and the changing of water found on board for other good drinking water) whenever circumstances should render it advisable to choose more severe treatment.

Upon the arrival of a vessel from the above-mentioned ports, a certificate must be asked proving that there was no cholera case on board at the port of departure.

All ships which are not willing to be subjected to the sanitary treatment ordered by the Port and Sanitary Authorities will be allowed to proceed to sea.

If vessels coming from the said ports have on board pilgrims, this must be communicated by telegram to this Marine Board for further measures to be taken.

The discharge of the cargo will be permitted under the following conditions:—

1. The vessel, the crew, and the passengers must be isolated.
2. Emptying and subsequent disinfection of the well.
3. Changing of the water on board for other good drinking water.

If the passengers ask to be landed, this will be allowed under the condition that they submit themselves to the measures decided on by the competent supreme authorities.

The President,
(Signed) BECHER.
