The rate of speed to be observed in travelling upon the tramway.

The distances at which carriages using the tramway shall be allowed to follow one after the other.

2. The driver of every car shall cause the same to be driven at a speed of not less than four miles an hour on the average, and not exceeding seven miles an hour.

3. The driver of every car shall so drive the same that it shall not follow a preceding car at a less distance than 150 yards.
