*Board of Trade (Fisheries Department),
London, January 12, 1897.*

THE Board of Trade have received, through the Secretary of State for the Colonies, the following Notices respecting quarantine issued by the Governor of Malta, viz.:—

Government Notice.

His Excellency the Governor, having heard the opinion of the Board of Health, has been pleased to modify Government Notice No. 197 of 5th December, 1896, and to direct that the following regulations be observed, viz.:—

1. Any shipment of cattle, any part of which is found to be suffering or to be suspected of suffering from an infectious or contagious disease at the

time of arrival or after a period of inspection, is to be detained in quarantine.

2. Should the existence of cattle-plague be verified before landing, the cargo will not be allowed to land.

3. The importation of cattle of any kind from Egypt, the Province of Naples, Calabria, Sicily, Syria (including Alexandretta), and Salonica, is prohibited, and the introduction into these islands of wool, hides, skins, horns, bones, and hoofs from the above places and from countries where epidemic diseases are prevailing is likewise prohibited.

4. Cattle intended for importation into these islands must be accompanied by a certificate stating the place of their origin and the fact that cattle disease has not prevailed in that place (with as far as can be ascertained the route followed from any inland station to the port of embarkation), during the three months previous to the date of embarkation. Such certificate shall be given by the British Consular Authority at the places of origin and embarkation, or if there be no such British Consular Authority, by the Local Government Authority of the places of origin and embarkation.

5. Vessels arriving in this island, having on board more than 100 head of cattle (horses not being included), are to go into the quarantine harbour, and the cattle are to be inspected in the cattle enclosures of the lazaretto.

6. The importation of cattle from the Black Sea, Sea of Azov, Roumelia and Algeria, not otherwise prohibited, may be permitted subject to the undermentioned conditions; provided that, in the opinion of the Chief Government Medical Officer, such cattle are not affected with disease so that they may be admitted in the lazaretto without detriment to cattle already in the Island:

(a.) Cattle from the Black Sea, Sea of Azov, and Roumelia shall only be admitted to the enclosures which may be assigned or approved for that purpose at the lazaretto, and they shall be subjected to isolation and observation, for three months, and those from Algeria for fifteen days.

(b.) Application must be made for leave to import and permission is to be obtained in writing from Government in each case before shipment, stating the approximate number of the animals intended to be shipped. No cattle shall be allowed to be landed unless the consignee has obtained such leave from Government and agreed to abide by any regulations which may be established.

(c.) The application referred to in the preceding article shall imply that the applicant has consented to pay the usual fees for entrance into the lazaretto and for guards and extraordinary expenses on each head of cattle, besides 2s. 6d. on each head of cattle per month or part thereof in cases in which it is found necessary to keep cattle in the lazaretto for a longer period than 15 days.

(d.) That such cattle, if slaughtered at the lazaretto, will be subject to the regulations which may from time to time be made by the Port Authorities.

(e.) The owners of cattle in the lazaretto shall be subjected to such regulations as to slaughtering of cattle, disposal of offal, blood, &c., as may from time to time be made by the Port Authorities.

The importation, however, of horses, mules, and asses from Odessa is prohibited.

7. Swine arriving from Albania and Greece may be imported subject to 20 days' quarantine at the lazaretto or in private pens, and to any restrictions which the Chief Government Medical Officer may consider necessary.

8. The importation of dogs is subjected to three months' quarantine.

Chief Secretary to Government.

Palace, Valletta, January 2, 1897.

The declaration above referred to shall be countersigned by the master of the vessel.

(b.) All goods from India are to be landed for disinfection at the lazaretto.

(c.) The importation of rags is prohibited.

(g.) Provided, however, that the Collector of Customs may grant permission for the importation of plants, cuttings of the American vine, and vegetable produce under proper restrictions when application has been made and the precautions necessary are established before the shipment leaves the place of origin.

Besides, the following conditions must be complied with :—

1. Vessels having a doctor on board and a disinfecting stove, will be admitted to free pratique, on the doctor declaring on oath :—

(b.) That at the departure, and during the voyage, no certain case, and not even a suspected case, of bubonic plague has been detected on board.

2. Vessels having a doctor on board, and also a disinfecting stove, who, at the departure, or during the voyage, have had cases of bubonic plague, will be admitted to free pratique when it is proved that nine days have passed since the death or complete recovery of the persons affected, and the ship's doctor declares on oath that the disinfection of all objects belonging to the affected persons, those who attended them, and those who came in contact with them, and also the space in which they were treated, has been carried out.

3. Vessels which have a doctor on board, but no disinfecting stove, on which at departure, and during the voyage, no case of suspected case of bubonic plague has occurred, may be admitted to free pratique when it results from the doctor's sworn declaration that no effects either for personal or domestic had been embarked which had not previously been washed and disinfected.

4. Vessels which have neither doctor nor disinfecting stove, but on board which at the departure and during the voyage no case or suspected case of bubonic plague has appeared may be admitted to free pratique after the medical inspection, the disinfection and such other measures as the Sanitary Authorities deem opportune to assure themselves of the perfect salubrity of the vessel.

5. Vessels which have a doctor on board but are unprovided with a disinfecting stove, if on board at the departure and during the voyage cases of bubonic plague have occurred may be admitted to free pratique when at least fourteen days have elapsed since the death or complete recovery of the persons affected, and the doctor of the ship declares on oath, that the chemical disinfection of the effects, articles, and places has been effected as at paragraph No. 2.

ART. 2. Vessels which have no doctor nor disinfecting stove and which find themselves to be in the conditions of Article 1, paragraph 5, having had cases of bubonic plague on board more than 14 days prior to arrival, shall be sent to one of the lazarettos of the Kingdom (Asinara, Poveglia, Augusta), to be there detained, the time necessary for the disinfection and for the complete resanitation of the vessel to be assured.

ART. 3. Vessels which have cases of bubonic plague, and have had cases during the voyage not less than nine days prior to arrival, shall without exception be directed to one of the lazarettos, to undergo such treatment as shall be ordered by the Ministry of the Interior.

ART. 4. Vessels arriving from regions beyond the Straits of Bab-el-Mandeb are prohibited

from landing raw hides, fresh or dry, wool, horsehair, animals, or parts of animals of any kind, and rags.

ART. 5. When bales of cotton are in question or merchandise not susceptible of disinfection, the Sanitary Authorities will permit it to be landed, advising the Prefect of the Province, with indications of the town and name of receiver of goods by telegraph.

The present revokes the telegraphic order of the 2nd October last, and the Maritime Order, No. 3, of the 11th December last.
