The importation of cattle, except horses, mules, and asses, from Egypt, the Province of Naples, Calabria, and Salonica, is prohibited, and the introduction into these islands of wool, hides, skins, horns, bones, and hoofs, from the above places and from countries where epidemic diseases are prevailing, is likewise prohibited.

4. Cattle intended for importation into these islands must be accompanied by a certificate stating the place of their origin and the fact that cattle disease has not prevailed in that place (with as far as can be ascertained the route followed from any inland station to the port of embarkation), during the three months previous to the date of embarkation. the enclosures which may be assigned or approved for that purpose at the lazaretto, and they shall be subjected to isolation and observation for three months, and those from Morocco for fifteen days.

(b.) Application must be made for leave to import and permission is to be obtained in writing from Government in each case before shipment, stating the approximate number of the animals intended to be shipped. No cattle shall be allowed to be landed unless the consignee has obtained such leave from Government, and agreed to abide by any regulations which may be established.

(c.) The application referred to in the preceding article shall imply that the applicant has consented to pay the usual fees for entrance into the lazaretto, and for guards and extraordinary expenses on each head of cattle, besides 2s. 6d. on each head of cattle per month, or part thereof, in cases in which it is found necessary to keep cattle in the lazaretto for a longer period than 15 days.

(d.) That such cattle, if slaughtered at the lazaretto, will be subject to the regulations which may from time to time be made by the Port Authorities.

(e.) The owners of cattle in the lazaretto shall be subjected to such regulations as to slaughtering of cattle, disposal of offal, blood, &c., as may from time to time be made by the Port Authorities.

(f.)
