

office of Mr. Ben Day, 4, Central Bank Chambers, Leeds, or of Messrs. Rees and Frere, 5, Victoria-street, Westminster, S.W.; and all persons desirous of making to the Board of Trade any representation, or of bringing before them any objection respecting the application, may do so by letter addressed to the Secretary, Railway Department, Board of Trade, Whitehall, on or before the 1st day of January, 1899.

And notice is hereby further given that after the Board of Trade have settled the said Draft Certificate, copies thereof can be obtained at the before-mentioned offices at a charge of sixpence for each copy, or such other sum as the Board of Trade may direct.

Dated this 3rd day of November, 1898.

BEN DAY, 4, Central Bank Chambers,
Leeds, Solicitor.

REES and FRERE, 5, Victoria-street,
Westminster, Parliamentary Agents.

In Parliament—Session 1899.

Nene Valley Waterworks.

(Incorporation of Company; Construction of Waterworks; Limits of Supply; Compulsory Purchase of Lands; Water rights, easements, &c.; Supply of Water by Meter, &c.; Rates, Rents, and Charges; Agreements with Local Authorities and others; Purchase of Undertaking by Local Authorities; Incorporation and Amendment of Acts and other purposes.)

NOTICE is hereby given that application is intended to be made to Parliament in the ensuing Session for an Act for all or some of the following purposes, that is to say:—

1. To incorporate a Company (hereinafter referred to as "the Company") and to authorise the Company to construct waterworks, and to supply water for all purposes within the parishes and places of Brigstock, Sudborough, Aldwinkle, St. Peter, Lowick, Slipton, Islip, Thrapston, Titchmarch, Clapton, Twywell, Woodford, Denford, Great Addington, Ringstead, Cranford St. Andrew, Cranford St. John, Burton, Latimer, Little Addington, Raunds, Stanwick, Hargrave, Pinedon, Irthlingborough, Chelveston-cum-Caldecott, and the parish and borough of Higham Ferrers, all in the county of Northampton.

2. To authorise the Company to make and maintain in the said county all or some of the following works, that is to say:—

(1.) A well, shaft, or boring, and pumping station, with pumping engines or engine, boiler-houses, and other works and conveniences connected therewith to be situate in or upon and near the centre of the field, in the Parish of Little Addington, numbered 22 on the Ordnance Map, to the scale of $\frac{1}{2500}$, published in 1885, of the said Parish.

(2.) A conduit, aqueduct, or line of pipes commencing in the Parish of Little Addington at the well, shaft, or boring hereinbefore described, and terminating in the Parish of Pinedon in the service reservoir next hereinafter described.

(3.) A service reservoir to be situate in or upon and near the north-west corner of the field near Pinedon Poplars, in the Parish of Pinedon, numbered 303 on the Ordnance Map, to the scale of $\frac{1}{2500}$, published in 1885, of the said Parish.

(4.) An access road to be situate in the parish of Little Addington, commencing at the east-most corner of the farmhouse known as "McMillan's Farm" by a junction with the public road leading from Little Addington to the said farm, and terminating at a point near the east corner of the field, numbered

22 on the $\frac{1}{2500}$ Ordnance Map, published in 1885, of the said Parish.

3. To authorise the Company to deviate from the lines and levels of the proposed waterworks shown on the plans and sections to be deposited as hereinafter mentioned to such extent as may be shown on the said plans and sections or be prescribed by the intended Act.

4. To empower the Company from time to time to make and maintain all necessary and proper roads and approaches, cuts, channels, adits, shafts, aqueducts, culverts, drains, filter-beds, tanks, water towers, water-mains, stand-pipes, discharge pipes, banks, wells, embankments, engines, pumps, machinery, electric apparatus, and appliances in connection with the before-mentioned works, or any of them, and for diverting, impounding, collecting, storing, taking, distributing, and regulating the supply of water.

5. To enable the Company to collect, impound, take, use, divert, and appropriate for the purposes of the intended works and of their undertaking all such streams, springs, and waters as will or may be intercepted or taken by the intended works, or as may be found in or under any of the lands for the time being belonging to the Company or over or in respect of which they may acquire easements.

6. To enable the Company to purchase and take by compulsion or agreement, and to lease and hold lands, buildings, wells, springs, streams, easements, and rights of water, and other rights and easements and hereditaments for the purposes of the intended works and of the intended Act, and to vary or extinguish all rights over any such lands and properties, and to sell and dispose of lands and buildings and erect and let houses, cottages, and buildings for the use of the officers and servants of the Company.

7. To authorise the Company to make, lay down, maintain, alter, repair, take up, and renew mains, pipes, culverts, and other works for the distribution and supply of water to and within the limits of supply, and to open, break up, divert, alter, or stop up, whether temporarily or permanently, all such public and private roads, highways, streets, pipes, sewers, canals, navigations, rivers, streams, bridges, railways, and tramways as it may be necessary or convenient to pass along, cross, divert, alter, or stop up for the purposes of the Company for or in connection with the supply of water or of the intended Act.

8. To authorise the Company to supply water by meter, and to manufacture, sell, and let meters and water-fittings, and any apparatus used for the supply of consumption of water, and to make, demand, and recover rates, rents, and charges for the supply of water by meter and otherwise, and for the sale, hire, and supply of water-meters and fittings, and other purposes.

9. To make provisions with respect to the waste, misuse, and undue consumption or contamination of the water to be supplied by the Company, and as to the fittings to be used for the purposes of such supply, and for the protection of the works, fittings, property, and water supply of the Company, and for defining and regulating such supply, and for preventing frauds and abuses in the use of the water, and to empower the Company from time to time to make, vary, and rescind bye-laws and regulations for or with respect to such matters, and to impose and recover penalties for the breach or non-observance of any such rules, bye-laws, or regulations or any of the provisions of the intended Act.

10. To enable the Company, on the one hand, and any county council, corporation, or other
