East London Water.

(New Storage Reservoirs, Aqueducts, Conduits, Cuts, Lines of Pipes, and other Works in Counties of Essex, Middlesex, and London; Alteration of Road in Parishes of Enfield and Chingford; Diversion and Stopping Up of Footpaths; Diversion, &c. of Waters from River Lee; Common Lands; Exemption of Company from Section 92 of Lands Clauses Consolidation Act, 1845; Compulsory Purchase of Lands; Provisions as to supply of Cisterns by Owners of Property; Further Money Powers; Amendment of Acts, &c.)

NOTICE is hereby given, that application is intended to be made to Parliament in the ensuing Session, to be holden in the year 1899, by or on behalf of the East London Waterworks Company (hereinafter called "the Company"), for leave to bring in a Bill for the purposes, or

some of the purposes, following (that is to say):—

I. To empower the Company to make and maintain the waterworks hereinafter described, or some or one of them, or some part or parts thereof, respectively (that is to say):—

- (1) A storage reservoir (to be called Reservoir No. 1), to be situate partly in the parish and urban district of Waltham Holy Cross and partly in the parish and urban district of Chingford, in the county of Essex, and partly in the parish and urban district of Enfield, in the county of Middlesex, commencing at or near the point in the present course of the River Lee at which the Sewardstone Mill Stream leaves that river and terminating at or near a point in the present course of the said River Lee about 11 chains south-eastward from the bridge by which the Lee Valley-road is carried over the Mar Dyke, which intended reservoir will be in length from north to south about 133 chains, and will contain an area of 462 acres or thereabouts.
- (2) A storage reservoir (to be called Reservoir No. 2), to be situate in the said parishes of Chingford and Enfield, and also in the parish and urban district of Edmonton, in the county of Middlesex, commencing at a point about 3 chains southward from the point of termination as above described of the intended Reservoir No. 1, and terminating at a point about 21 chains northward from the bridge carrying the public road from Tottenham and Edmonton to Chingford, over the Chingford Mill Head at or near the Company's Chingford pumping station, and which intended Reservoir No. 2 will be in length from north to south about 117 chains, and will contain an area of 384 acres or thereabouts.
- (3) An aqueduct, conduit, or cut (to be called Cut No. 1), being a diversion of the River Lee, to be situate in the said parishes of Waltham Holy Cross and Chingford, commencing at a point where the Sewardstone Mill Stream leaves the River Lee, and terminating in the bed of the said River Lee at the iron footbridge over the same, 170 yards or thereabouts measured in a north-easterly direction from the public road bridge at Cook's Ferry.
- (4) An aqueduct, conduit, or cut (to be called Cut No. 2), to be situate in the said parish of Chingford, commencing at a point in the bed of the said River Lee 170 yards or thereabouts measured in a southerly direction from the public road bridge at Cook's Ferry, and terminating in the bed of the said river opposite the works of Messrs. Ridley, Whitley, and Co.
- (5) A conduit, or line or lines of pipes (to be called Conduit No. 1), to be situate in the said parishes of Waltham Holy Cross and Enfield, and commencing at a point 100 yards or thereabouts in the River Lee above the point where the Sewardstone Mill Stream leaves the River Lee, and terminating in the intended Reservoir No. 1.
- (6) A conduit, line or lines of pipes (to be called Conduit No. 2) to be situate in the said parish of Chingford, and commencing at or near the southern-end of the intended Reservoir No. 1, and terminating at or
