

stream or watercourse, or into any stream or watercourse with which any of the intended aqueducts, conduits, or lines of pipe may communicate, or into any stream or watercourse crossed by any aqueduct, or conduit, or line of pipe, and to make provisions for compensating all riparian owners and other persons for any damage which may be caused by the exercise of such power.

To make provision with reference to the quantity or amount of compensation in water or otherwise, to be given by the Corporation in respect of the proposed taking, impounding, or diverting of water, and with reference to the time and manner of the delivery of such compensation water.

To empower the Corporation upon the completion of the intended new roads and road diversions respectively, to stop up and extinguish all rights of way over the portion of any existing road in respect of which such new road or diversion shall have been made, and thereupon to appropriate to and for their own use, and as their own property, so much of any such road so stopped up as shall abut upon or adjoin any lands to be acquired by the Corporation for the purposes of the intended Act, and to make provision for the repair of the intended new roads and road diversions by the appropriate County Council or Highway Authority, or in other respects to make provision in regard to the repair and maintenance of the intended new roads and road diversions, or alterations.

To make provision for the protection of the waters which the Corporation are or may be authorised to take, and for the prevention of the fouling or contamination of any such waters, and to authorise the Corporation to make by-laws and regulations for the purposes aforesaid, and otherwise, for the prevention of nuisance over, on, or in respect of any lands situate within the gathering area of the waterworks of the Corporation.

To authorise the Corporation to enter into agreements with the owners, lessees, and occupiers of lands within the gathering area of the reservoirs of the Corporation as to the construction by the Corporation of such drains and other works as may be required for the better and more effectual drainage of such lands.

To provide for the constitution and appointment of a Joint Committee, to consist of members of the Corporations of Rotherham and Doncaster, and any other Corporation, Urban, or other Local or Sanitary Authority, and to transfer to and vest in such Committee such of the powers, whether with reference to the construction, management, or maintenance of works conferred by the intended Act on the Corporation, as the intended Act may prescribe.

To confer such other powers as may be necessary or expedient on the Joint Committee, and to prescribe and define and regulate its duties; to make provision for the election, appointment, retirement, rotation, and qualification of members of the Joint Committee, and for the appointment and payment of officers of the Joint Committee.

To constitute the waterworks and other works and things proposed to be authorised by the intended Act a part of the water undertaking of the Corporation, and to extend and apply all or some of the enactments now in force in relation to waterworks of the Corporation to the waterworks and other works so proposed to be authorised.

To authorise the Corporation to borrow

money for such term or terms as may be prescribed by the intended Act for the execution of the works proposed to be authorised, and for other the purposes of the intended Act, and to charge the same on the Borough Fund and Borough Rate, and their undertakings, estates, rates, revenue, and other property of the Corporation, or on any of such securities, and to execute, grant, and issue mortgages, or to create and issue Sheffield Corporation Stock, to be redeemable at such period or periods and in such manner as may be prescribed by the intended Act, and to authorise the Corporation to apply any of their corporate funds or other moneys authorised to be raised to all or any of the purposes of the intended Act, and to authorise the Corporation to levy rates, rents, and charges, and to increase or vary existing rates, rents, and charges.

To authorise the Corporation to supply water in bulk to the Corporations of Rotherham and Doncaster respectively, or to any other Corporation, upon such terms as may be agreed upon, or as may be settled by arbitration or prescribed by the intended Act.

To prescribe the terms and conditions and the payments to be made to the Corporation by the Corporations of Rotherham and Doncaster respectively, or by any other Corporation, for and with reference to such supply.

To make provision as to the payment by the Corporations of Rotherham and Doncaster, or either of them, or any other Corporation, of the cost of maintenance of so much or such portion of the intended works as may be constructed, or as may be necessary for the supply and delivery of water by the Corporation to the Corporations of Rotherham and Doncaster, or any other Corporation, or any or either of them.

To authorise the Corporation and the Corporations of Rotherham and Doncaster, or any other Corporation respectively, to enter into agreements touching any of the matters aforesaid, or having reference in any way to the supply of water by the Corporation to the said Corporations, or any or either of them, and to confirm and give effect to any agreement which has been or may be made prior to the passing of the intended Act between the Corporation on the one part, and the Corporation of Rotherham or the Corporation of Doncaster, or any other Corporation or Corporations on the other part.

To provide that the water supplied under the provisions of the intended Act to the Corporations of Rotherham and Doncaster respectively, or any other Corporation, shall be deemed to form part of the water undertakings of such Corporations respectively, and to extend and apply to such water supply all or some of the enactments now in force relating to the water undertakings of such Corporations respectively, or either of them.

To authorise the Corporations of Rotherham and Doncaster respectively, or any other Corporation, to borrow such sum or sums of money as may be necessary, and for defraying the cost of constructing and laying down mains, pipes, and other works, and for otherwise carrying into effect the objects and purposes, and for defraying the costs of, and incidental to, the intended Act, and to charge the money so proposed to be borrowed upon the respective district funds and general district rates, borough funds or borough rates, and the undertakings, estates, rates, revenues, and other property of the said Corporations respectively, and to authorise the said Corporations respectively to apply any of their funds, or any money
