

defined by the said Acts within and throughout the urban district of Swinton and Pendlebury, in the county of Lancaster (hereinafter referred to as "the area of supply"), and to confer on the Undertakers all or some of the powers hereinafter mentioned.

2. To make, execute, construct, place, and maintain on any lands now belonging to them, or which they may hereafter acquire, all such works, buildings, engines, dynamos, meters, machinery, mains, wires, pipes, conductors, appliances, apparatus, matters, and things as may be necessary or expedient for or incidental to the production, storage, supply, and distribution of electricity, and other the purposes of the undertaking, and to exercise (with or without modification) with respect to such production, storage, supply, and distribution, all or any of the powers of the Electric Lighting Acts, 1882 and 1888, and enactments incorporated therewith, and any Act amending or extending the same respectively, and such other rights and powers as may be conferred by the Order.

3. For all or any of the purposes aforesaid, or other the purposes of the Order, to use any lands vested in or held by them, and to purchase by agreement, take on lease, or otherwise acquire any lands they may require or consider necessary, and, from time to time, to dispose of any lands acquired by them under the provisions of and for the purposes of the Order, and not for the time being required for the purposes thereof.

4. For all or any of the purposes of the Order, to break up, stop up, or interfere with, and to cross or pass over, under, or along, as the case may require, all streets, roads, highways, footways, thoroughfares, railways, tramways, rivers, canals, watercourses, bridges, and places within the area of supply, and any sewers, drains, pipes, and telegraphic, telephonic, and electric apparatus in, over, under, or along the same respectively, and to lay down, erect, and maintain all such electric lines, conductors, mains, pipes, tubes, wires, posts, boxes, switches, meters, apparatus, and other works and things as may be necessary for the purposes aforesaid, or other the purposes of the Order.

5. To demand, take, and recover rates, rents, and charges for a supply of electricity, and to confer exemptions from payment thereof.

6. To acquire, hold, and use patent rights or licenses and authorities under Letters Patent, for the use of inventions, processes, and apparatus for or relative to the production, supply, or utilisation and distribution of electricity.

7. To manufacture, purchase, hire, sell, and let dynamos, meters, burners, lamps, engines, conductors, machinery, fittings, appliances, apparatus, and other matters and things, for and in relation to the production, supply, distribution, or utilisation of electricity, and to make and recover rents and charges therefor.

8. The following is a list of the streets not repairable by a local authority, and of the tramways which the undertakers propose to take power by the Order, to break up, so far as they are situate within the area of supply (that is to say):—
