#### Southport Water.

(Additional Waterworks in the County of Lancaster; Breaking Up and Diversion of Roads; Acquisition of Lands Compulsorily and by Agreement; Mines and Minerals; Power to Expend Moneys; Additional Capital; Incorporation, Repeal, and Amendment of Acts.)

A PPLICATION is intended to be made to Parliament in the ensuing Session by the Southport Waterworks Company (hereinafter called "the Company") for leave to bring in a Bill for the following, or some of the following, among other purposes, that is to say:—

1. To authorise the Company to make and maintain, wholly in the county of Lancaster, the following works or some of them, or some part or parts thereof (that is to say):—

(1) A service tank, wholly situate in the parish of Aughton, in the rural district of West Lancashire, in the said county in the field or enclosure numbered 915 on the ~~1888~~ ordnance map of that parish published in 1893, and adjoining and on the south-westerly side of the existing Gorse Hill service reservoirs of the Company.

(2) A line or lines of pipes (No. 1), wholly in the said parish of Aughton, commencing in the said intended service tank, and terminating by a junction with an existing pipe of the Company at a point near to the south-easternmost corner of the said reservoirs.

(3) A high level pumping station, with water tower and tank, wholly situate in the said parish of Aughton on land belonging to the Company and adjoining the south-easternmost side of the said reservoirs.

(4) A line or lines of pipes (No. 2), wholly in the said parish of Aughton, commencing in the said high level pumping station by a junction with the said intended line or lines of pipes (No. 1) and terminating at Aughton Moss by a junction with an existing pipe of the Company in the road leading from Ormskirk to Liverpool at or near the junction therewith of Long-lane.

(5) A communication road, wholly in the said parish of Aughton, commencing at or near the said intended high level pumping station and at the north-westerly corner of the field or enclosure, number 916 on the said ordnance map, and terminating by a junction with the said road leading from Ormskirk to Liverpool at a point 2 chains, or thereabouts, measured in a north-easterly direction from the junction therewith of the said Long-lane.

2. To enable the Company from time to time to make and maintain all aqueducts, pipes, culverts, tunnels, drains, sluices, cocks, valves, pumping stations, tanks, basins, wells, water-towers, banks, walls, roads, ways, approaches, engines, pumps, machinery, apparatus, and appliances, as may be necessary or convenient in connection with the before-mentioned works or any of them, or for obtaining, storing, distributing, and using of their water or for the general purposes of their undertaking.

3. To enable the Company to deviate from the lines and levels of the works to any extent defined by the Bill or prescribed by Parliament.

4. To authorise the Company to break up, and to cross over roads and footpaths, and to stop up or divert all roads and footpaths marked on the deposited plans as intended to be stopped up or diverted, or as are included within the limits of the lands which may be compulsorily taken, and which are so taken, and to appropriate the site and soil of public and private streets, roads, lanes:
