War Office, May 8, 1900.

THE following despatch has been received from Field-Marshal Lord Roberts, V.C., G.C.B., &c., Commanding-in-Chief, South Africa:—

Army Headquarters, South Africa,
Government House, Bloemfontein,

MY LORD, 20th March, 1900.

I HAVE the honour to submit for your Lordship's information a despatch dated 15th February, 1900, from Lieutenant-Colonel R. G. Kekewich, Commanding in Griqualand West and Bechuanaland, describing the military operations in the vicinity of Kimberley, from the 13th September, 1899, to the 15th February, 1900, and the defence of the town up to the latter date, when its relief was effected by the Cavalry Division, under Lieutenant-General French.

2. The casualties during the period above referred to, together with those on the 16th February, appear to have amounted to 2 officers killed and 12 wounded, and 34 non-commissioned officers and men killed and 97 wounded. In addition, 4 Europeans and 1 native of the civil community were killed, and 16 Europeans and 8 natives wounded during the bombardment.

3. I am of opinion that the greatest credit is due to Lieutenant-Colonel Kekewich for the able dispositions which he made for the defence of Kimberley, an unwallled town spread over a wide area; for his rapid organisation of an auxiliary force which, in conjunction with the Regular troops, enabled him to keep the enemy in check; and for the tact, judgment and resolution which he displayed throughout the siege. I confidently recommend this officer to the favourable consideration of Her Majesty's Government.

4. I am further of opinion that the services of the officers and men of the Regular, Colonial, Volunteer and Irregular forces, and of the Town Guard, whose names Lieutenant-Colonel Kekewich has brought to special notice, are deserving of recognition.

5. I would add that the citizens of Kimberley, conspicuous among whom were the Right Honourable C. J. Rhodes, Mr. H. A. Oliver, the Mayor, and Mr. R. H. Henderson, the Ex-Mayor, seem to have rendered most valuable assistance. These gentlemen, in common with the others mentioned by Lieutenant-Colonel Kekewich, helped to maintain order among the civil inhabitants, encouraged them to hold out to the last, regulated the issue of food, attended to the sick and wounded, and co-operated generally with the Military Commander. By the active part which he took in raising the Kimberley Light Horse, and in providing horses for all the mounted troops in Kimberley, Mr. Rhodes in particular contributed materially to the successful defence of the place.

I have, &c.,
ROBERTS, Field-Marshal,
Commanding in Chief, South Africa.

From Lieutenant-Colonel R. G. Kekewich, Commanding Griqualand West and Bechuanaland, to the Chief of Staff, South Africa.

Kimberley,
15th February, 1900.

SIR,

I HAVE the honour to submit the following report concerning the military operations which have recently taken place in Griqualand West and Bechuanaland.

2. On my arrival in Kimberley on the morning of 13th September, 1899, I met the following Imperial Officers who had been detailed for special services on the western frontier of the Orange Free State, viz:—

Captain and Brevet-Major H. S. Turner, Royal Highlanders, Staff Officer, Kimberley.

Captain W. A. J. O'Meara, Royal Engineers, Intelligence Officer, Kimberley.

Lieutenant D. S. MacInnes, Royal Engineers, detailed for special duties in connection with Royal Engineer services.

3. These Officers had been employed for several weeks in Kimberley and the adjacent country; in consequence many questions relating to the defence of Kimberley and the eastern frontiers of Bechuanaland and Griqualand West had been already investigated by them and were submitted for my consideration. For political and other reasons no immediate steps could be taken by me in connection with the preparations for the defence of Kimberley.

Captain H. V. Gorle, Army Service Corps, arrived in Kimberley on 20th September 1899, and at once took up all questions relating to supplies and transport.

4. At this time the defence of the Cape Government railway from the Orange River railway bridge northwards was in the hands of the Cape Government, and a certain number of important points on the railway, and also the larger railway bridges north of Kimberley were being guarded by small detachments of the Cape Police.

5. On the date of my arrival in Kimberley, portions of the Burgher forces of the South African Republic were already out on "commando" along the Bechuanaland border. Many reports having been received that not only disloyalists in Cape Colony, but also certain Burghers of the Orange Free State had expressed a determination to destroy the Orange River and Modder River railway bridges, I arranged on the 15th September with Commissioner M. B. Robinson, Cape Police, for small Police guards at the two bridges referred to.

6. On the 20th September, the following Imperial troops arrived in Kimberley:—

23rd Company, Royal Garrison Artillery (Western Division) with 6—7-pr. R.M.L. guns (3 officers and 90 non-commissioned officers and men).

One Section, 7th Field Company, Royal Engineers (1 officer and 50 non-commissioned officers and men).

Head-quarters and 4 companies, 1st Bn. Loyal North Lancashire Regiment (9 officers and 413 non-commissioned officers and men).

Detachment, Army Service Corps (5 non-commissioned officers and men).

Detachment, Royal Army Medical Corps (1 officer and 5 non-commissioned officers and men).

On the 26th September, a detachment of Mounted Infantry, 1st Bn. Loyal North Lancashire Regiment (1 officer and 21 non-commissioned officers and men), also arrived in Kimberley.

7. The Volunteer force in Vryburg (5 officers

Taung's (89 " ")

20. Since direct telegraphic communication with Headquarters, Cape Town, was completely interrupted and could not be restored for some time to come, I proclaimed martial law in Kimberley at noon on the 15th October.

21. On the 16th October, I learnt that Fourteen Streams railway bridge had been abandoned on the previous evening by the Police Detachment detailed for its defence, and that this force was retiring on Kimberley. The Police Detachment at Taungs had been ordered to fall back on Fourteen Streams on the 14th October, and was doing so at this time. On the 17th October it was reported that the Police Detachment detailed for the defence of Vryburg had also abandoned that place at 4.30 p.m. on the 15th October, and was also retiring on Kimberley. The members of the Volunteer Force at Vryburg dispersed to their homes on the evening of the 15th October. In fact, on the evening of the 15th October, the Police Detachments, which had been placed along the railway from Vryburg southwards, were all retiring, and by 5 p.m. on the 22nd October, they had arrived safely in Kimberley.

22. The want of mounted troops to operate against the enemy investing Kimberley was greatly felt during the first few days of the investment. His Excellency the High Commissioner had given me authority (in a conversation held on the telegraph wire on the 13th October) to raise an irregular mounted corps; in consequence, steps were taken to increase the numbers of the mounted men, and also to increase the mobility of the artillery in Kimberley. The Right Hon. C. J. Rhodes, and also the De Beers Consolidated Mines, Limited, came most generously to my assistance in the matter of providing horses and mules.

23. On the 19th October, Captain and Brevet-Major H. S. Turner was appointed by me to the command of all the mounted corps in Kimberley, and the raising of the Kimberley Light Horse was also entrusted to him. On this date Lieutenant D. S. MacInnes, Royal Engineers, took over the duties of Staff Officer, Kimberley.

24. The rapid increase in the numbers and the mobility of the mounted troops in Kimberley which now took place made it possible for me to send out reconnoitring parties at frequent intervals in every direction in this neighbourhood. The armoured train was sent out in support of the mounted troops whenever possible. The enemy's fire was drawn on almost every occasion that our troops sallied out beyond the line of our defences.

25. During the period referred to in the last paragraph small bodies (numbering from 100 to 250 men) of the enemy were busily engaged marching into and demanding the surrender of undefended towns and villages in Griqualand West. In some instances the Government officials, the members of the police force, and even unoffending traders in the towns, villages, &c., occupied by the Boers were made prisoners; on these occasions all Government property and much private property of British subjects was "commandeered" (i.e. forcibly seized) by the Boers. It was further reported to me that proclamations had been issued by Her Majesty's enemies, declaring Bechuanaland a province of the South African Republic, and Griqualand West, similarly, a province of the Orange Free State. On receipt of this information, I issued a counter-proclamation, in order, if possible, to check the spread of a rebellion in the above-named territories.

26. On the 24th October, a strong reconnoitring party was sent northwards from Kimberley, with the armoured train in support, and came into collision with a force of the enemy (estimated at 800 men) near Macfarlane Siding, and it became necessary to reinforce the

mounted men with guns and infantry. The enemy was repulsed, and the Boer commander himself killed. This engagement has been made the subject of a separate despatch. No authentic information has been obtained of the loss of the enemy's forces suffered in this engagement, but natives report that many Boers were killed and wounded.

27. On the 25th October, the enemy began to tighten his line of investment; his position nearest to our defences was on this date about 6,000 yards south of the Premier Mine. This position of the enemy being an isolated one, it was carefully reconnoitred on several occasions, and the fact ascertained that two guns were posted behind some entrenchments thrown up in a naturally strong position. On the 31st October, the enemy opened fire with these guns as well as with rifles on a mounted reconnoitring party sent eastward from the Premier Mine by me; no one was hit.

28. On the 1st November, a body of the enemy which was known to be at Riverton Road Station drew nearer to Kimberley and occupied Macfarlane Farm. At 2.5 p.m. on this date an explosion was heard and a column of smoke was seen ascending near Dronfield Siding (about 7 miles north of Kimberley). It was believed at the time that the enemy had destroyed the whole of the dynamite stored in the magazines in that neighbourhood.

29. Early on the morning of the 3rd November, the enemy made a determined attempt to drive off our live stock grazing north of Kenilworth, and opened fire on our mounted troops guarding same both with artillery and rifle. During this engagement, Major W. E. Ayliff, Cape Police, was wounded in the neck with a rifle bullet. Again, on the afternoon of the same day, another body made a second advance on Kimberley from Peddiefontein, a farm $3\frac{1}{2}$ miles west of Kimberley. Both these attacks were driven back by the mounted troops under Brevet-Major (local Lieutenant-Colonel) H. S. Turner, assisted by the guns of the Royal Garrison Artillery and the Diamond Fields Artillery. During the afternoon's engagement Private J. Lubbe, Kimberley Light Horse, was killed, and Serjeant F. E. Watermeyer, Cape Police, was wounded. The enemy did not succeed in driving away any cattle from Kenilworth in the morning, but during the afternoon the Boers were more successful, and captured several head of cattle which their owners had allowed to stray too far from our defences on the north-west of Kimberley. The enemy's losses on this day were not ascertained.

30. About noon on the 4th November, Head Commandant C. J. Wessels, of the Burgher forces, Orange Free State, sent in a "parlementaire" demanding the surrender of Kimberley.

31. At 7 p.m., 6th November, the enemy fired two shells at our defences at the Premier Mine; the first regular bombardment of Kimberley, however, did not commence until 5.30 a.m., 7th November. On the latter date, the enemy commenced shelling the section of our defences between the Kimberley Waterworks Reservoir and the Sanatorium (the majority of the shells being apparently intended for the latter building). The enemy appeared to have three guns in position along the ridge south-west of Wimbledon rifle ranges. On the 7th November, the enemy also shelled our position at the Premier Mine from their position south of the same. Although the enemy's shells fell in close proximity to our defence works south of Kimberley and at the Premier Mine, no one was injured and practically no damage was done. On this date the enemy

fired at the extreme limit of range of his artillery.

32. On 8th November, I issued a proclamation withdrawing all arms and ammunition in the possession of the civil population. In this manner the possibility of active hostile acts being committed against the enemy by irresponsible non-combatants was prevented, and at the same time many disloyal British subjects in Kimberley, who were reported to be in communication with the enemy, were disarmed.

33. After the bombardment of 7th November it became evident that the enemy was not satisfied with his artillery positions on the ridge west of the Wimbledon rifle range.

During the three following days the enemy's artillery did not fire a single shell against our defences, but there were many indications that new positions were being prepared by the enemy for his guns.

34. My general plan for the defence of Kimberley was based on the principle of always keeping the enemy on the move and constantly in fear of attack from an unexpected quarter.

Later, when the advance of the Relief Column from the Orange River commenced, and I was put in possession of information concerning the probable date of its arrival at Kimberley, I adopted such measures as I hoped would cause the retention of a large force of the enemy in my immediate neighbourhood, and thus enable the Relief Column to deal with the Boer force in detail. It was with these objects that the numerous sorties and demonstrations in force were made by portions of the garrison of Kimberley.

It will be observed that portions of the mounted corps were employed on every occasion. The work which fell on the detachment 1st Bn. Loyal North Lancashire Regiment, Cape Police, Diamond Fields Horse and Kimberley Light Horse, and the Diamond Fields Artillery was in consequence very arduous; not only did the corps mentioned respond cheerfully, but nothing can exceed the bravery and dash with which these troops attacked the enemy on several occasions in his entrenched positions.

35. It will be realised that, under the peculiar circumstances in which the defence of the scattered town, containing over 40,000 inhabitants and much valuable machinery, was entrusted in the first instance to a force, consisting of about 570 Imperial troops and 630 Colonial troops, my efforts would have been of no avail had it not been for the valuable assistance and advice which many citizens afforded me in a military as well as a civil capacity. Where so many are concerned, I find it impossible to bring to notice by name every individual who has thus assisted me.

36. On the outbreak of war, with an enemy in numbers superior to those under my command, and also possessing great mobility, it was unfortunately an unavoidable situation that a large portion of British territory should have been overrun by the enemy. I felt great sympathy for those British subjects who were compelled to suffer many indignities at the hands of the enemy in consequence of the undefended state of the neighbourhood in which they were residing. But in the matter of affording protection to these British subjects, as well as in that concerning the defence of the Modder River railway bridge, I was most anxious that no disposition of troops made by me should give the enemy a chance of scoring a first success, even where the smallest body of British troops might be concerned. Taking into consideration that the enemy would probably not regulate his movements in accordance with the dictates of sound

strategy, that he was in possession of mobile artillery in my immediate neighbourhood (and of this I had reliable information), I felt convinced that if I had detached a small body of troops (necessarily without artillery) which it was not in my power to support from Kimberley, the enemy would in all probability concentrate very superior numbers, with artillery, against the small British post, and endeavour to destroy the troops composing the same. It was principally for this reason that I determined to concentrate all my available forces, including the Cape Police, who had retired from their defence posts along the railway at the point of greatest importance in my command, viz. Kimberley. In the case of the Cape Police, I was further influenced by my opinion that only under the leadership of Imperial officers could this body be utilized as a useful defensive force, since the officers of the Cape Police, from the very nature of their ordinary duties in times of peace, could not possess sufficient military experience to be entrusted with independent commands in outlying districts.

37. I wish to record my high appreciation of the conduct and behaviour of the Regular and Colonial forces employed in the defence of Kimberley; but I would more particularly call attention to the great patriotism displayed by the citizens of Kimberley and Beaconsfield, who so willingly and spontaneously undertook obligations of a military nature at a time of great emergency by enrolling themselves in the Kimberley Light Horse and the Town Guards of Kimberley and Beaconsfield. The cheerful spirit in which the members of these forces obeyed all military orders was most commendable.

38. I further wish to place on record the brilliant services of the late Brevet-Major (local Lieutenant-Colonel) H. S. Turner. In him the Army has lost a most valuable officer: he was a great organizer, full of energy, and possessed of real ability and courage. A better all-round officer I have never met. He was the principal organizer of the Town Guards, and acted as my Staff Officer, carrying out his duties with marked success under great difficulties, until he took over the organization and command of the Kimberley Light Horse and the mounted troops. He commanded the mounted troops in numerous reconnaissances and sorties in the neighbourhood of Kimberley, and I cannot speak too highly of the manner in which he conducted them and loyally carried out my orders. His horse was shot under him on the 25th November and he himself was wounded, but continued to perform his duties until killed in action on the 28th November.

39. I beg to bring the officers of my Staff most especially to notice, and I trust that their valuable services will be rewarded:—

Captain (local Major) W. A. J. O'Meara, Royal Engineers, my Intelligence Officer, carried out his many duties to my entire satisfaction, and was of the greatest assistance to me. He has professional acquirements and ability of a high order, and is, I consider, a most hardworking and capable Staff Officer. The arrangements connected with despatch riders, the careful watching of spies, the censorship of telegrams and the press, and the collection of information under most difficult circumstances were most carefully and intelligently arranged by him. He also successfully carried out the duties of Director of Army Telegraphs in Kimberley. I cannot praise his good work too highly.

Lieutenant (local Captain) D. S. MacInnes, Royal Engineers, worked out most carefully and constructed with marked ability and success the engineer operations for the defence of Kim-

berley. He is a real hard worker, full of zeal, energy and resource. Wherever he went he inspired confidence. On Brevet-Major Turner taking over the command of the mounted troops, Captain MacInnes relieved him as my Staff Officer, and I cannot speak too highly of the manner in which he carried out his heavy and very responsible duties, both within the fortress and in connection with sorties, reconnaissances, &c.

40. I would bring to notice the following officers for the good work they have done, and trust that their services may be recognised:—

Regular Forces.

Major (local Lieutenant-Colonel) G. D. Chamier, Royal Garrison Artillery, commanded the Artillery in the siege operations at Kimberley. He has carried out his very responsible duties to my satisfaction, and the efficient and mobile condition of the Artillery is greatly due to his energy. His advice has always been of the greatest assistance to me.

Major (local Lieutenant-Colonel) W. H. E. Murray, 1st Bn. Loyal North Lancashire Regiment, was in command of half the 1st Bn. Loyal North Lancashire Regiment and the Infantry Reserve during the siege of Kimberley, and performed his duties with success. He also rendered valuable assistance in connection with supplies.

Captain T. H. O'Brien, 1st Bn. Loyal North Lancashire Regiment, was in command of a very important section of the defences of Kimberley. He performed his responsible duties to my entire satisfaction.

Captain (local Major) H. V. Gorle, Army Service Corps, had an exceedingly onerous task to fulfil in arranging for victualling and the supply of the garrison and the 50,000 people in the town. I cannot speak too highly of the zeal and resource displayed by this officer.

Lieutenant F. W. Woodward, 1st Bn. Loyal North Lancashire Regiment, did excellent work as Signalling Officer, and after Lieutenant and Adjutant Lowndes was wounded he also took over the duties of Acting Adjutant, 1st Bn. Loyal North Lancashire Regiment.

Lieutenant R. L. McClintock, Royal Engineers, has done good work, both in the field and in the fortress.

Lieutenant C. du Putron, 1st Bn. Loyal North Lancashire Regiment, did excellent work as Assistant Signalling Officer; he also performed the duties of Brigade Transport Officer to my entire satisfaction.

Lieutenant C. J. O'Gorman, Royal Army Medical Corps, was the only officer of his corps in Kimberley, and in consequence had much hard work and responsibility. I consider him a very valuable officer.

Lieutenant (local Captain) W. Clifford, 1st Bn. Loyal North Lancashire Regiment, commanded the detachment of Mounted Infantry, 1st Bn. Loyal North Lancashire Regiment, and had much hard work in connection with patrolling duties in the early days of the siege. He has subsequently performed the duties of Acting Adjutant, Kimberley Light Horse, with marked success. His conduct in action on many occasions has been most distinguished (wounded 28th November).

2nd Lieutenant A. McC. Webster, 1st Bn. Loyal North Lancashire Regiment, commanded the armoured train in reconnaissances and sorties in the neighbourhood of Kimberley, and displayed excellent judgment on all occasions.

Colonial Forces (Cape Police).

Commissioner (local Lieut.-Colonel) M. B.

Robinson, Cape Police, has assisted me in every way in his power. His duties have been many and various, and he has carried them out to my entire satisfaction.

Inspector (local Major) F. H. Elliot, Cape Police, has performed the heavy duties of Staff Officer to the mounted troops, Kimberley, with much tact and zeal. He has shown much gallantry in action on numerous occasions.

Inspector (local Major) W. E. Ayliff, Cape Police, is a brave and efficient officer (wounded 3rd November).

Inspector (local Major) S. Lorimer, Cape Police, has rendered most valuable services, and has been of the greatest assistance in connection with intelligence and other duties.

Sub-Inspector (local Captain) J. W. Colvin, Cape Police, has most successfully performed the duties of Quarter-Master, Cape Police, under most difficult circumstances.

Sub-Inspector (local Captain) M. K. Crozier, Cape Police, has performed excellent service as Adjutant to the Cape Mounted Police.

Sub-Inspector (local Captain) S. White, Cape Police, commanded the Cape Police Artillery Section with great success (wounded 9th December).

Sub-Inspector (local Captain) Cummings, Cape Police, is a most deserving officer, and has shown conspicuous gallantry on several occasions.

Volunteer Forces.

Lieutenant-Colonel R. A. Finlayson, Kimberley Regiment, has commanded his regiment and a section of the defence of Kimberley with marked success.

Major T. H. Rodger, Diamond Fields Horse, is a resourceful and excellent officer, always ready and cool under fire.

Major A. O. Black, Kimberley Regiment, commanded a section of the defence, and rendered good service.

Captain and Adjutant E. T. Humphrys, Kimberley Regiment, has performed his duties with great zeal and tact.

Captain (local Major) S. May, Diamond Fields Artillery, has invariably handled his guns with much coolness under fire. He is a most deserving and efficient officer.

Captain C. L. Ricketts, Colonial Ordnance Department, has proved himself a most valuable officer. I much appreciate the zealous and careful manner in which he has carried out his very responsible duties. He also rendered valuable services in connection with supplies.

Surgeon-Major J. A. J. Smith, attached to the Kimberley Regiment, rendered most valuable assistance to the wounded in the field.

Surgeon-Lieutenant A. J. Ortlepp, attached to the Diamond Fields Artillery, also rendered considerable assistance to the wounded in the field.

Irregular Forces.

Major (local Lieutenant-Colonel) T. C. Peakman, Kimberley Light Horse, was associated in the early days of the siege of Kimberley with the organization of the Kimberley Town Guard; his experience and local knowledge were of great assistance to me. Subsequently he commanded a squadron of Kimberley Light Horse, and on the death of Lieutenant-Colonel Turner was selected by me for the command of all mounted corps in Kimberley. He has shown much courage under fire, and is a most deserving and excellent officer (wounded 18th November).

Major R. G. Scott, V.C., Kimberley Light Horse, is an officer of tried experience and gallantry. He has on all occasions exhibited the best qualities of an officer.

Captain H. T. Ap-Bowen, Kimberley Light

Horse, has commanded a squadron with much success, and has on several occasions shown great gallantry in action (very severely wounded 25th November.)

Captain Hickson Mahoney, Kimberley Light Horse, has performed distinguished service (wounded 25th November).

Captain J. A. Smith, Kimberley Light Horse, as Quarter-Master, has performed much hard work in connection with the equipping of the irregular forces under great difficulties.

Captain J. W. Robertson, Kimberley Light Horse, has performed the duties of Paymaster of his regiment, and has also acted as galloper to the late Lieutenant-Colonel Turner in a most efficient manner.

Captain W. E. Rickman, Kimberley Light Horse, has handled his men with great coolness. His conduct on many occasions has been most distinguished.

Captain G. E. Heberden, Medical Officer, Kimberley Light Horse, frequently accompanied the mounted troops in the several sorties and reconnaissances round Kimberley, and rendered most valuable services in attending to the wounded.

Lieutenant C. A. Hawker, Kimberley Light Horse, has performed excellent service (wounded 22nd November).

Lieutenant W. Newdigate, Kimberley Light Horse, has done much good work with his squadron. He has also executed valuable survey work in connection with the defence works of Kimberley.

Lieutenant D. B. Fenn, Kimberley Light Horse, has proved himself an invaluable officer. He supplied much valuable information before the outbreak of the war, and has done real good work with the mounted troops from the first day Imperial troops arrived in Kimberley.

Lieutenant G. Harris, Kimberley Light Horse, has done good service and has shown conspicuous gallantry.

Lieutenant R. Chatfield, Kimberley Light Horse, is an excellent officer. He has shown conspicuous gallantry.

Town Guard.

Lieutenant-Colonel D. Harris, V.D., arrived at Kimberley when the Kimberley Town Guard was in the course of being raised. He threw himself most heartily into the work, and was of the greatest assistance to me; much praise is due to him for his good work in looking after the comforts and interests of the Kimberley Town Guard in the different works and redoubts, which entailed much hard work and fatigue.

Major J. R. Fraser, late Loyal North Lancashire Regiment (retired list), at first as Staff Officer of the Beaconsfield Town Guard, and later as the Commanding Officer of the same force, did excellent work, and has shown great energy and resource.

Captain S. Richards, Kimberley Town Guard, did good work as Staff Officer of the Kimberley Town Guard.

Captain B. E. A. O'Meara, Kimberley Town Guard, performed the duties of Garrison Adjutant and Quarter-Master with much zeal and energy. He has rendered valuable services.

Captain T. Tyson, Kimberley Town Guard, performed the duties of Assistant Military Censor to my complete satisfaction.

Captain W. Pickering, Kimberley Town Guard, rendered me much valuable assistance from the date of my arrival in Kimberley, and during a portion of the siege commanded a section of the defence with success.

Captain C. A. Blackbeard, Beaconsfield Town Guard, has done much good work in connection

with the interior economy of the Beaconsfield Town Guard and keeping order in the township of Beaconsfield.

Captain T. L. Angel, Kimberley Town Guard, did good work in command of the Cyclist Corps.

Lieutenant E. F. Raynham, Kimberley Town Guard, Assistant to the Intelligence Officer, rendered me very great assistance in dealing with correspondence of a confidential nature.

The following officers, Kimberley Town Guard, also did good work:—

Captain F. Mandy, Captain I. R. Grimmer, Captain W. S. Elkin, Captain H. Pim, Captain J. Adams, Captain C. E. Hertog, Captain J. Morton, Captain C. Tabuteau, Captain E. H. Moseley, Captain G. White, Captain W. H. Faulkner, Captain A. Blum, Captain H. Rugg, Captain J. Armstrong, Lieutenant C. D. Lucas, Lieutenant H. Tabuteau, Lieutenant J. J. Coghlan, Lieutenant T. Callen, Lieutenant W. G. Wright, Lieutenant J. A. Carr, Lieutenant J. B. Dunbar, Lieutenant S. O'Molony.

Citizens and others.

The Right Hon. C. J. Rhodes, P.C., M.L.A. (Hon. Colonel, Kimberley Light Horse), took a special interest in the raising of the Kimberley Light Horse, and worked most zealously in providing horses for all the mounted troops in Kimberley. To him, therefore, is, in a large measure, due the credit for the rapidity with which the mobility of my mounted corps was obtained.

His Worship the Mayor of Kimberley (Mr. H. A. Oliver) has rendered excellent services, of which I cannot speak too highly. He has shown real courage, and to him is due much credit for keeping up the spirits of the inhabitants of Kimberley during the most trying period of the siege.

The ex-Mayor of Kimberley (Mr. R. H. Henderson) was indefatigable, and rendered most valuable services in connection with the formation of committees dealing with questions of internal order, supplies, &c. To him was also due the efficiency of the Fire Brigade and the Municipal Police.

Lastly, I wish to record the fact that the officials of the De Beers Consolidated Mines, Limited, placed most unreservedly at my disposal the immense resources and establishments at their command. A great many of the structural works in connection with observatories, electric searchlights, &c., were designed and erected by officials of the company. The company's telephone system was placed at my disposal, and even a gun and artillery ammunition were manufactured at a time when relief did not appear to be near at hand.

LOCOMOTIVES ON HIGHWAYS.

59 and 60 Vict., cap. 36, s. 5.

REGULATIONS AS TO PETROLEUM.

IN promulgating the following Regulations relating to the keeping, conveyance, and use of petroleum in connection with light locomotives, the Secretary of State for the Home Department desires to direct public attention to the dangers that may arise from the careless use of the more volatile descriptions of petroleum, commonly known as petroleum spirit. Not only is the vapour therefrom, which is given off at ordinary temperatures, capable of being easily ignited, but it is also capable, when mixed with air, of forming an explosive atmosphere. It is, therefore, necessary in dealing with and handling the spirit, to take strict precautions by the employment of thoroughly sound and properly closed vessels, and by avoiding the use of naked lights in dangerous proximity, to prevent leakage of the spirit and the contact of any form of artificial light with the

highly inflammable vapour which it is always evolving.

Regulations.

By virtue of the powers conferred on me by the fifth section of "The Locomotives on Highways Act, 1896," I hereby make the following Regulations for the keeping and use of petroleum for the purposes of light locomotives.

Save as herein provided the provisions of the Petroleum Acts shall apply to all petroleum kept, or used, or sold for the purposes of light locomotives.

In these Regulations the expression "petroleum spirit" shall mean the petroleum to which "The Petroleum Act, 1871," applies, provided that when any petroleum other than that to which "The Petroleum Act, 1871," applies, is on or in any light locomotive, or is being conveyed or kept in any place on or in which there is also present any petroleum spirit as above defined, the whole of such petroleum shall be deemed to be petroleum spirit.

In these Regulations the expression "storehouse" shall mean any room, building, coach-house, lean-to or other place in which petroleum spirit for the purposes of light locomotives is kept in pursuance of these Regulations.

1. These Regulations shall apply only to petroleum spirit which is kept for the purpose of or is being used on light locomotives, and shall not apply to petroleum spirit which is kept for sale, or partly for sale and partly for the purposes of light locomotives.

2. Petroleum spirit shall not be kept, used, or conveyed except in metal vessels so substantially constructed as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective or insecure. Every such vessel shall be so constructed and maintained that no leakage whether of liquid or vapour can take place therefrom.

3. Every such vessel, not forming part of a light locomotive, when used for conveying or keeping petroleum spirit shall bear the words "Petroleum Spirit, highly inflammable" legibly and indelibly stamped or marked thereon, or on a metallic or enamelled label attached thereto, and shall be of a capacity not exceeding two gallons.

4. Before repairs are done to any such vessel that vessel shall, as far as practicable, be cleaned by the removal of all petroleum spirit and of all dangerous vapours derived from the same.

5. Where a storehouse forms part of, or is attached to, another building, and where the intervening floor or partition is of an unsubstantial or highly inflammable character, or has an opening therein, the whole of such building shall be deemed to be the storehouse, and no portion of such storehouse shall be used as a dwelling or as a place where persons assemble. A storehouse shall have a separate entrance from the open air distinct from that of any dwelling or building in which persons assemble.

6. Every storehouse shall be thoroughly ventilated.

7. The amount of petroleum spirit to be kept in any one storehouse, whether or not upon light locomotives, shall not exceed sixty gallons at any one time.

8. Where two or more storehouses are in the same occupation and are situated within twenty feet of one another, they shall for the purposes of these Regulations be deemed to be one and the same storehouse, and the maximum amount of petroleum spirit prescribed in the foregoing Regulation shall be the maximum to be kept in all such storehouses taken together. Where two or more

storehouses in the same occupation are distant more than twenty feet from one another, the maximum amount shall apply to each storehouse.

9. Any person who keeps petroleum spirit in a storehouse which is situated within twenty feet of any other building whether or not in his occupation, or of any timber stack or other inflammable goods not owned by him, shall give notice to the local authority under the Petroleum Acts for the district in which he is keeping such petroleum spirit, that he is so keeping petroleum spirit, and shall renew such notice in the month of January in each year during the continuance of such keeping, and shall permit any duly authorized officer of the local authority to inspect such petroleum spirit at any reasonable time. This Regulation shall not apply to petroleum spirit kept under licence, nor to petroleum spirit kept in a tank forming part of a light locomotive.

10. The filling or replenishing of a vessel with petroleum spirit shall not be carried on, nor shall the contents of any such vessel be exposed in the presence of fire or artificial light, except a light of such construction, position, or character, as not to be liable to ignite any inflammable vapour arising from such spirit, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing petroleum spirit is being kept.

11. In the case of all petroleum spirit kept or conveyed for the purpose of or in connection with any light locomotive (a) all due precautions shall be taken for the prevention of accidents by fire or explosion, and for the prevention of unauthorized persons having access to any petroleum spirit kept or conveyed, and to the vessels containing or intended to contain, or having actually contained the same; and (b) every person managing or employed on or in connection with any light locomotive shall abstain from every act whatever which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing such act.

12. These Regulations shall come into operation on the 15th day of May, 1900, from which date the Regulations dated 3rd November, 1896, are hereby repealed.

No. 254.—BLACK SEA.

Kustenjeh—Electric Light Buoy Removed.

WITH reference to Notice to Mariners No. 783 of 1899:—

Information has been received from Commander H. N. Rolfe, Her Majesty's ship "Cockatrice," dated 22nd April, 1900, that the electric light-buoy, exhibiting three green flashes every minute, has been removed from the entrance to the Port of Kustenjeh.

Approximate position, lat. 44° 9' 10" N., long. 28° 40' 45" E.

This Notice affects the following Admiralty Chart:—Kustenjeh Anchorage, No. 1233. Also, Sailing Directions for the Dardanelles, &c., 1893, page 193; and Supplement, 1897, relating to that work, page 10.

Havre—Dangerous Area in Outer Harbour.

INFORMATION has been received through the Board of Trade, dated 24th April, 1900, that artificial blocks are now being deposited in the

line of the breakwaters in the outer port of Havre now under construction.

The position of these breakwaters is shown in dotted lines on the Admiralty Chart of Le Havre.

Vessels are warned not to navigate over the area without a local pilot.

Approximate position, lat. 49° 29½' N., long. 0° 5½' E.

This Notice affects the following Admiralty Chart:—Havre, No. 2990. Also, Channel Pilot, Part II, 1897, page 486.

Port Louis—Lightship Temporarily Replaced.

INFORMATION has been received from the Harbour Master at Port Louis, Mauritius, that the light-vessel at the entrance to that port will, from the 1st to the 30th June, 1900, be replaced by a vessel showing three white lights in the form of a triangle at the masthead.

Approximate position, lat. 20° 8' 10" S., long. 57° 28' 10" E.

This Notice temporarily affects the following Admiralty Charts:—Mauritius, or Isle of France, No. 711; Port Louis, No. 713. Also, List of Lights, Part VI, 1900, No. 80; Islands in the South Indian Ocean, 1891, page 294.

No. 257.—GULF OF BOTHNIA.

North Quarken—Local Magnetic Disturbance.

INFORMATION has been received through the Board of Trade, dated 24th April, 1900, that from a report by Mr. Vice-Consul Glas of Umea, it would appear that in some areas of North Quarken, Gulf of Bothnia, the compass is affected by local attraction. This is not improbable, as such effects have been reported in other localities in the Baltic. It is most likely that the vessels reporting such disturbances were passing over shoals at the time.

CAUTION.—It is therefore necessary to be very careful when navigating in this locality, particularly during foggy weather, which is not infrequent, and to bear in mind that the current is uncertain, and that its movement sometimes precedes the wind.

Approximate position, Quarken Light-vessel, lat. 63° 27' N., long. 20° 45' E.

This Notice affects the following Admiralty Charts:—Gulf of Bothnia, No. 2252; Stiernö to Fiaderag, No. 2300. Also, Baltic Pilot, Part II, 1896, page 386.
