His Majesty's Government are doubtless aware of the services rendered at home by officials at the War Office and Woolwich, and by the Officers who were responsible for the embarkation of troops horses, war material, and supplies.

While I held the Chief Command in South Africa I had every reason to be satisfied with the promptitude and completeness with which my demands were met, and now that I am Commander-in-Chief of His Majesty's Army I gladly avail myself of this opportunity to record my
