1. To enable the Corporation to make, lay down, form and maintain, wholly in the parish and county borough of Halifax, the tramways hereinafter described, with all necessary and proper rails, plates, sleepers, channels (including in that word where used in this Notice, channels, passages and tubes for cables, wires, poles, and electric lines), junctions, turntables, turnouts, crossings, passing places, and conveniences connected therewith, and where in the description of the proposed tramway any distance is given with reference to any street which intersects or joins the streets in which the tramway is to be laid, the distance is to be taken as measured from the points at which lines drawn along the centres of the two streets and continued would intersect each other, and a point described as being opposite a street is to be taken (unless otherwise stated) as opposite the centre of the street.

The following are the tramways:—

Tramway No. 1.—(A single line 5 furlongs 6·3 chains in length) commencing by a junction with the existing tramway in Heath-road, at the junction of Heath-road and Free School-lane, passing thence along Heath-road and Skircoat Green-road, and terminating in Skircoat Green-road by a junction with the existing tramway in that road at a point 37 yards south of the junction of Godfrey-road and Skircoat Green-road.
